The Chatham Record

THURSDAY, OCTOBER 5, 1882.

LOCAL RECORDS.

☞ Have your tickets printed at the Record office.

☞ You can have the Record until after the election for 25 cents.

☞ A. J. Bynum, of the firm of Bynum & Headen, has gone North to purchase their stock of Fall and Winter goods.

☞ Go to Bynum & Headen's for a general stock of Fall Goods, Furniture, Sewing Machines, Plows and Plow Castings. Agent for Nissen's celebrated road Wagons at Manufacturers prices. Guano for Wheat. Call and see them.

☞ Among the many goods now being received at London's is a large stock of Hardware. Although he has not gone to the North yet he is receiving seasonable goods almost every day. If you are needing anything be sure and give London a call and you will find what you want.

☞ Shaw & Harris are now preparing for their Fall stock and in order to make room will sell their entire stock of Summer goods at reduced prices for Cash or Barter. They will take Wheat or Oats in exchange for goods or in payment of accounts. All persons indebted to them by note or open account will please come forward and settle.

☞ I would again call my friends attention to the fact that their notes for Wheat Guano were due on 1st of August. These notes must be settled at once: "a hint to the wise is sufficient." I have plenty of Navassa Guano on hand at Moncure and the Gulf which can be had by applying to J. George Hanner or to myself. (W. L. London).

PROLIFIC PEPPER.—Mr. Joseph P. Timm, of this place, has a stalk of pepper on which are 697 pods.

THE COMET.—This heavenly visitant has appeared in the eastern skies for several mornings past, just before day light, and is of unusual brilliancy.

AN OBLIGING MAN.—In order to accommodate his neighbors, Rev. C. A. Boon has had a postoffice established at his store (about 4 miles south east of this place) and carries the mail regularly without any pay.

MORE LAWYERS.—The Supreme Court, on last Monday, examined and licensed 21 young lawyers. Among the number are two of our countymen, Messrs Atlas P. Gilbert and James S. Manning, whom we congratulate upon their entrance into the legal fraternity, and hope they may achieve much success.

MAGISTRATES' MEETING.—The meeting of the magistrates of this county, that was advertised to be held here on last Monday, did not take place, because a quorum did not attend. Upon a call of the roll of magistrates only twelve were present, and, as it requires nineteen to make a quorum, no meeting was held.

AN OLD SPOON.—Mr. Edward Finch, of this county, has a silver teaspoon that is older than any we have yet heard of. It bears the date of 1672 and has on it the initials "A. T. E." having belonged to one of Mr. Finch's ancestors and has been handed down from father to son for over two hundred years.

MARRIAGE LICENSES.—During the past month business has greatly improved in the matter of issuing marriage licenses, the number being 12, whereas in August there were only 4. Judging from the number of young couples casting soft glances at one another at the Association last week, we should say that our obliging Register will soon be called upon for more licenses.

OUR COURT HOUSE.—No citizen of this county, who attended the late term of our court or the Baptist Association, will now regret the tax that he pays for building our new court-house. At court, jurors, witnesses, suitors and hundreds of spectators were all comfortably seated, instead of standing all day as was the case in our old court room. On account of the immense crowd in attendance at the Association last week the sessions of that body were held in the court room, which was admirably adapted for that purpose, and men, who before were grumbling at the erection of that edifice, were then delighted that it had been built.

THE ASSOCIATION.—The Baptist Association that was held here last week will long be remembered. It was the first that had been held here in thirty years, but we hope it will not be so long an interval before another is held here. It was a most pleasant occasion, the attendance was very large, the weather favorable, and everything passed off harmoniously and happily. On Sunday the attendance was particularly large making our streets look like "Tuesday in Court week."

From the letters forwarded by the churches of the Association we have compiled the following statistics: number admitted by baptism 171, deceased 39, and total number of present members 2,289. There were a few churches that did not report. We elsewhere publish a full report of the proceedings. We return thanks to the very obliging Clerk for courtesies extended.

RANSOM'S SPEECH.—We much enjoyed the pleasure yesterday of hearing Hon. Matt. W. Ransom speak at Haywood, in this county. Although this was his first visit to Chatham yet no one has ever received a warmer welcome, for among his audience were many of his old soldiers, members of the 35th regiment, and it was really affecting to witness the joy manifested by these old Confederates as they grasped the hand of the one who had led them in so many battles. Gen. Ransom spoke a little over three hours, and it was the most conclusively convincing speech that we have ever heard, appealing to the reason and not to the passions of his hearers, and, although there was not a single anecdote in it, everybody listened throughout with the closest attention. We have not the time now to attempt a synopsis of this great speech, and regret that it could not have been heard by every man in Chatham.

The county commissioners held their regular monthly meeting on last Monday and Tuesday. The following accounts were audited and ordered to be paid:

Letters from new churches at Flint Ridge and Tyson's Creek were presented, read, and referred to a committee of examination.

The usual committees were appointed, and an adjournment taken until to morrow at 9 a. m.

FRIDAY, Sept. 29, 1882.

The association met according to adjournment in the court house, the church not being able to accommodate the visitors.

Proceedings of yesterday read and approved.

Prof. Taylor, of Wake Forest, and J. F. Moore and Rev. J. M. White of Raleigh Association, were invited to seats.

On motion of Rev. A. D. Cohen it was

RESOLVED, That the courtesies of the Association be extended to any Minister of other denominations, and also to the members of the Press who may be present.

The committee appointed to examine the applications of new churches reported that they found the articles of faith of Tyson's Creek to be in accord with the order, and the delegates were received, but Flint Ridge church sent no articles of faith, and the application was laid over till next session.

The committee on Temperance submitted a report which was discussed at some length, and on motion of Rev. O. T. Edwards the following amendment was added thereto:

"We recommend that the churches give no uncertain sound on the use of spirituous liquors."

Therefore we advise and urge that our churches disown from their membership any member who makes, sells, or uses it as a beverage."

The reports of the committees on order of business and on prayer meetings were read, discussed and adopted.

The committee on Periodicals reported, and Rev. C. S. Farriss advocated the claims of the Biblical Recorder.

AFTERNOON SESSION.

The discussion of the report on Periodicals was resumed.

The report on Sabbath schools was read and adopted.

The report of the committee on Education was read and discussed with much ability and earnestness. The report stated that there were more students at Wake Forest than ever before, and that the State Board was assisting in the education there of 27 young men who are preparing for the ministry, of whom 4 are from this Association. Pledges were made to raise $105 for the support of two of these students during the coming year, and a number of delegates pledged themselves to support another one.

Rev. Robert H. Marsh, of Flat River Association, addressed the Association expressing the pleasure it gave him to visit his old friends and the country that gave him birth.

RESOLVED, That the thanks of this body are hereby tendered to the brethren and friends for their hospitality.

The following were appointed as the executive board for the next year: Rev. O. T. Edwards, Neill T. Tyson, J. R. Lane, H. W. Peoples, and R. B. Phillips.

The Association then adjourned.

Cured by Prayer.

A dispatch from Winston, N. C., dated October 1st, says: A remarkable instance of the benefit of faith and prayer occurred on Friday at Muir's Chapel camp-meeting. The wife of Samuel H. Taylor, who lives near New Garden, in this county, has been an invalid for two years, part of this time unable to walk at all, and for a long time compelled to go with crutches. Friday she went to the meeting and desired the prayers of the church that she might regain the use of her limbs, and said she would not leave the church until the prayer was granted. When the recess for dinner was taken she refused to leave the house, but remained and passed the hour in worship. Captain R. P. Troy, who is noted as a revivalist, made an earnest appeal in prayer for Mrs. Taylor. When the benediction was pronounced at 5 p. m. she arose with the congregation and walked as well as she ever did.

The jail at Nashville, N. C., was burned last Monday night. Jerry Cox, colored, confined in the jail, waiting to be hung is supposed to have fired the building. His charred remains were discovered after the fire. He was sentenced at the last Superior Court and had appealed for a new trial.

How it was Done.

"How do you manage," said a lady to her friend, "to appear so happy and good natured all the time?" "I always have Parker's Ginger Tonic handy," was the reply, "and thus easily keep myself and family in good health. When I am well I always feel good natured."

State News.

ANSON TIMES: Little Fannie Lilly, a daughter of Jack Lilly, colored, died at Lilesville, Anson county, on the 1st inst. Her death was caused from the effects of a burn received from the flame of a lamp which she had upset some time previously.

WILMINGTON NEWS, Sept. 30: An engineer of a gravel train on the Western North Carolina Railroad, a former Wilmingtonian, has on his engine a coop in which are a dozen or so of chickens, which he transports with him over the train at so to speak. To gather his little flock of fledglings back to the coop only requires a shriek of the locomotive.

NEWSOM'S OBSERVER: We learn that W. J. Maple, the convict, who escaped from jail at Hertford last week, in company with five negro prisoners, also escaped, but was recaptured, tried and sentenced to 10 years imprisonment in the penitentiary. — An attempt was made Friday night to wreck the mail train on the Raleigh and Augusta Air-Line railroad coming this way. Near Hardy's mill, several miles this side of Smithfield, a rail was found on the track. The train ran over it and removed it from the track. The engine was slightly damaged. A little before this side of Smithfield another pile and three ties were found placed across the track. The train broke them and passed on safely.

CHARLOTTE OBSERVER: While Barnett's excursion train was standing on the track here waiting for other trains an exciting incident took place. Two dogs began to fight in their cage, which was on a flat car about the middle of the train. In their struggles they upset the cage, which broke at the seams, and the dogs were loose from their confinement. The dogs were soon in the midst of the crowd of people, and a scene of confusion was caused. The dogs were finally driven off by the boys, and the train left for Charlotte. The dogs were not hurt.

WILMINGTON STAR: A Maxton correspondent writes that it is the only village in the world without a court house in it. I do not think there is a wagon or a buggy horse in town and very few in the county. Everything is done on foot. There is not a house in the county that a foot racer can get within a mile of. Not a doctor or a lawyer in the county has a horse. They practice on boots. The people use to travel in carts, and when they get a new buggy they carry him to jail in a chest.

GOLDSBORO MESSENGER: The stockholders of the Atlantic & North Carolina Railroad met at Morehead last Thursday. Judge Cloninger was the only member of the Morehead syndicate present. The committee to whom the matter was referred, reported a resolution declaring the lease forfeited, and directing the president of the board of company to take possession of the road. The resolution was adopted. The report of the committee was not acted upon, but was laid over until Friday. Next day, Judge Cloninger, the president, at the meeting reported that he had taken possession of the road. Gen. Lawrence Baker, at the meeting, said he had received a telegram from the president of the road, stating that he had taken possession of the road.
