THE SENTINEL.

PATRONAGE THAT PAYS.—That noble institution, the Public Library of Kentucky, has permanently established its prosperity by the three gift concerts it has already given under its charter. It now boasts of a building that cost $310,000, with a Library of over 50,000 volumes, and a magnificent cabinet. The fourth grand gift concert for its further endowment will take place December 3d, and at this concert $1,500,000 cash is distributed to the ticket holders, the highest prize being $350,000, and scaling down to prizes of $50, which is the sum given. As there is a prize to every fifth ticket, it is easy to see that the patronage of this concert is a patronage that pays, there being great chances of great gains, and only small chances of small losses. Hon. Thos. E. Bramlette, late Governor of Kentucky, is the manager, and tickets and information may be obtained by addressing him, at Public Library Building, Louisville, K.

MR. EDITOR:—I am sure from the success of the gift concert at the fair, if the legislature will authorize it, the University can be opened next January by funds raised from a gift concert, and not only that the debt of the University can paid before the first commencement. The preachers will talk against it, but let them talk, if there was no gift concerts, or circuses, or sin, what would the preachers have to talk against. If we do have gift concerts let us have them put to the best purposes. Give the University as well as the churches a benefit.

THE New York *Herald*, commenting on the proposition of Postmaster General Creswell to establish postal banks, says: "The idea of establishing post office savings banks has in it nothing novel. It has already been practically carried out in Europe. To the poor laboring man or mechanic who has managed through industry and frugality to get together a little capital it gives a security that his hard-earned money shall not be lost without any error or fault of his own. It renders the savings of the people as secure as a national currency, pledging for them the credit and good faith of the nation. In addition to the great advantage of entire security, it affords depositors the advantage of taking their saving bank with them into any part of the Union. If a mechanic now has money deposited in a savings bank, and is suddenly called away to work at a distant locality, he is compelled to be at the trouble of drawing his money and at the risk of carrying it with him. Under the postal savings bank system he carries his bank with him wherever he may go, and can draw his balance wherever and whenever he may please without disturbing the money. In Europe the system has been found to work with advantage, both to the depositor and the Government; and in this country, with its great distance and its migratory population, its benefits would be proportionately greater to both."

DIAMOND SPECTACLES.

TRADE MARK

The Spectacles are manufactured from "Minute Crystal Pebbles" melted together, and are called diamond on account of their hardness and brilliancy. It is well known that spectacles cut from Brazilian or Scotch pebbles are very injurious to the eye, because of their polarizing light. Having been tested with the polariscope, the diamond lenses have been found to admit fifteen per cent less heated rays that any other pebble. They are ground with great scientific accuracys are free from chromatic aberations, and produce a brightness and distinctness of vision not before attained in spectacles. Manufactured by the Spencer Optical Manufacturing Company, New York. For Sale by responsible agents in every city in the Union.

H. Mahler, Jeweler and Optician, is Sole Agents for Raleigh, N C, from whom they can only be obtained. No peddlers employed.

Iron in the Blood

PERUVIAN AN IRON TONIC SYRUP

MAKES THE WEAK STRONG.

The Peruvian Syrup, a Protected Solution of the Protoxide of Iron, is so combined as to have the character of an aliment, as easily digested and assimilated with the blood as the simplest food. It increases the quantity of Nature's Own Vitalizing Agent, Iron in the blood, and cures "a thousand ills," simply by Toning up, Invigorating and Vitalizing the System. The enriched and vitalized blood permeates every part of the body, repairing damages and waste, searching out morbid secretions, and leaving nothing for disease to feed upon.

This is the secret of the wonderful success of this remedy in curing Dyspepsia, Liver Complaint, Dropsy, Chronic Diarrhœa, Boils, Nervous Affections, Chills and Fevers, Humors, Loss of Constitutional Vigor, Diseases of the Kidneys and Bladder, Female Complaints, *and all diseases originating in a bad state of the blood, or accompanied by debility or a low state of the system. Being free from Alcohol, in any form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor, and new life into all parts of the system, and building up an Iron Constitution.*

Thousands have been changed by the use of this remedy, from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably hesitate to give it a trial.

See that each bottle has PERUVIAN SYRUP *blown in the glass.*

BALTIMORE LOCK HOSPITAL.

OFFICE—7 SOUTH FREDERICK STREET.

DR. JOHNSON,

Physician of this celebrated Institution, discovered, when in the Great Hospitals of Europe, viz: England, France and elsewhere, the most certain, speedy, pleasant and effectual remedy in the world for all excesses or abuses of the system.

Weakness of the Back or Limbs, Stricture, Affection of the Kidneys or Bladder, Involuntary Discharges, Impotency, General Debility, Nervousness, Dyspepsia, Languor, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Timidity, Trembling, Dimness of Sight or Giddiness, Disease of the Head, Throat, Nose or Skin, Affections of the Liver, Lungs, Stomach or Bowels—those terrible Disorders arising from Solitary Habits of Youth—secret and solitary practices more fatal to their victims than the song of the Syrens to the Mariners of Ulysses, blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible, destroying both body and mind.

YOUNG MEN

These are some of the sad melancholly effects produced by the early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Palpitation, of the Heart, Dyspepsia, Nervous Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.

MENTALLY.—The fearful effects on the mind are much to be dreaded. Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion to Society, Self-Distrust, Love of Solitude, Timidity, &c., are some of the evils produced.

Thousands of persons of all ages can now judge what is the cause of their declining health, losing their vigor, becoming weak, pale, nervous and emaciated, having a singular appearance about the eyes, cough and symptoms of Consumption.

MARRIAGE.

Married persons, or Young men contemplating marriage, aware of Physical Weakness, Loss of Procreative Power (Impotency), Nervous Excitability, Palpitation, Dreadful Weakness, Nervous Debility, or any other Disqualification, speedily relieved.

A CURE SPEEDILY WARRANTED.

Persons ruined in health by unlearned pretenders who keep them trifling month after month, taking poisonous and injurious compounds, should apply immediately.

DR. JOHNSON,

Member of the Royal College of Surgeons, London, Graduate of one of the most eminent Colleges in the United States, and the best part of whose life has been spent in the hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known; many troubled with ringing in the head and ears when asleep, great nervousness, being alarmed at at sudden sounds, bashfulness, with frequent blushing, attended sometimes with derangement of mind, were cured immediately.

CERTAIN DISEASE.

When the misguided and impudent votary of pleasure finds that he has imbibed the seeds of this painful disease, it too often happens that an ill-timed sense of shame or dread of discovery deters him from applying to those who, from education and responsibility, can alone befriend him. He falls into the hands of ignorant and designing pretenders, who, incapable of curing, fleek his pecuniary substance, keep him trifling month after month, or so long as the unfitted victim can be obtained, and in despair leave him with ruined health to sigh over his galling disappointment, or, by the use of that deadly poison, Mercury, ruine the constitutional symptoms of this horrid disease to make their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains in the head and limbs, dimness of sight, deafness, nodes on the shin bones and arms, blotches on the head, face and extremities, progressing with frightful rapidity, till at last the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commiseration till death puts a period to his dreadful suffering, by sending him to that undiscovered country, "from whose bourne no traveller ever returned."

To such, therefore, Dr. Johnston offers the most certain, speedy, pleasant and effectual remedy in the world.

ENDORSEMENT OF THE PRESS.

The many thousands cured at this establishment within the last twenty years, and the numerous important surgical operations performed by Dr. Johnston, witnessed by the Representatives of the Press and many others, notices of which have appeared again and again before the public, leaves no question as to a man of honor and responsibility, is a sufficient guarantee to the afflicted.

Dr. JOH
