The Chatham Record.

THURSDAY, APRIL 7, 1887.

LOCAL RECORD.

Next Sunday is Easter, and on that day is commemorated the resurrection of Christ from the grave.

The schedule on our railroad will be changed next Monday, so that the train will leave here at 5.20 a. m. and arrive at 10.15 p. m.

We are pleased to hear that Mr. M. F. Kirkman has leased the old "Turner" hotel, and will soon open it in first-class style.

There was quite a large crowd in town on last Monday, that being the day of the monthly meeting of the county commissioners.

On last Saturday night the old Bland mill on Haw river was destroyed by fire. It is thought that it was set on fire by somebody.

Our polite barber, John Council, has just bought a newly patented hair clipper, and would like to give his customers the benefit of it.

Joseph Rosser, Esq., of Oakland township, has a planing bit that was bought at the store of Mr. Winship Stedman, at this place, in the year 1820, and it looks now as good as new.

Home enterprises and industries ought to be encouraged, and hence it is we urge our readers to patronize the Fairmount foundry, whose advertisement appears in another column.

Our huntsmen are reminded that it is unlawful to kill or shoot, trap or net any partridges, quail, doves, robins, lark, mocking birds or wild turkeys between the first day of April and the fifteenth of October.

We are pleased to learn that our former countyman, Mr. J. C. Brown, has been appointed cashier of the Exchange Bank at Mt. Airy. He is an expert accountant and possesses an unusual business capacity.

We hear of quite a number of picnics and fishing parties for Easter Monday, and we hope that all who are looking forward to that day with so much pleasure will have their brightest anticipations fully realized.

Our former countyman, Mr. John W. Markham, commenced business at Durham not quite two years ago, and already his trade is so large that he now keeps two large stores and does an immense business. Read his "ad.", and when you visit Durham call on him.

At the trial of the Freeze murderers last week at Hillsboro, the prisoners were convicted of manslaughter. [illegible] Brewer was sentenced to the penitentiary for ten years and Frank Kirby and Jesse Harris each for five years. An appeal was taken to the Supreme court.

Messrs. Ellis & Muse, of Durham, have a [illegible] goods that are a credit to that enterprising town. The building is 120 feet [illegible] and is chock full of everything that a lady can want. All orders by mail promptly filled. Lookout for their "ad" which they will write as soon as they have time.

If you want anything good to eat for man or beast, you can get it from W. J. Wyatt & Co., at Durham, to whose advertisement we take pleasure in calling the attention of our readers. One of their salesmen is our former countyman, Mr. Paul Norwood, who is never better satisfied than when waiting on a Chatham ite.

A portion of the new machinery for the [illegible] factory has arrived at the depot here, and the remainder is expected in a few days. We are pleased to hear of the improvements being made at this factory. Its present proprietors, the [illegible] Manufacturing Company, are enterprising and wealthy, and succeed at anything they undertake.

The old reliable house of W. H. & R. S. Tucker & Co., with its enterprising young proprietors, offers great attractions to customers, and is especially popular in Chatham as one of the firm (Mr. G. W. Poe) and one of its gentlemanly clerks (Mr. D. L. Webster) are Chathamites, who always take particular pleasure in waiting on their old countymen.

If you wish to buy a nice Bedstead or a cheap Bureau, you will find them at London's, also a full stock of Groceries as cheap as can be had in any market. Farmers can supply themselves with Hoes, Plows, Traces and Hames at very low figures at London's. A good Web back band for 12½. Plenty of that splendid Cuba Molasses on hand.

Shortly before Christmas Durham was afflicted with a most destructive fire, and yet the burnt district is now covered with beautiful buildings, in one of which Mr. Charles Robbins has opened a splendid stock of goods, as will be seen by reading his advertisement. Our clever young countyman, Mr. G. M. Grans, is still with him and will be glad to serve his friends in Chatham.

W. L. London will leave for the Northern markets in a day or two. Will be glad to attend to any orders for his friends. He will have a splendid stock of summer goods now very soon. Have you seen the splendid Chambrys he now has on hand: 1000 yards received this week. A large lot of beautiful Easter cards received this week. Will receive in a few days a large lot of Paper and paper pads.

There was no mail agent on the R. & A. A. L. railroad on last Monday [illegible], and consequently this place and the other post offices supplied from that road were deprived of their mail next day. This was very provoking, and we hope may not occur again. We hear that the agent went off on a pleasure trip and the person who promised to take his place failed to do so.

SNOW STORM.—An unusually severe snow storm prevailed throughout this section of the State on last Friday, the first of April. Indeed we have never before known such a continued and heavy fall of snow so late in the season. It began snowing about 9 o'clock in the morning and snowed steadily and in large flakes all day until about 8 o'clock at night. Very [illegible] however remained on the ground, melting almost as rapidly as it fell. Almost as heavy a snow as this fell a week later in April, 1880. On that day (April 8th, 1880) it began snowing about [illegible] and snowed heavily until dark, the snow covering the ground to the depth of three or four inches.

TAX ASSESSORS.—At the last meeting of our county commissioners they appointed the following "discreet freeholders" assessors and list takers in their respective townships:

Albright—Obediah Marshburn, Taylor Teague, S. T. Culberson.

Bear Creek—D. Y. White, J. A. Scott, St. Jasper Mcmath.

Baldwin—W. J. Lutterloh, C. W. Burns, Alvis Snipes.

Cape Fear—J. A. Parham, W. A. Lawrence, A. J. Lett.

Center—R. M. Burns, W. F. Foushee, J. W. Hatch.

Gulf—E. W. Taylor, J. J. Goldston, J. M. Edwards.

Hadley—[illegible]—A. T. Dixon, I. N. Straughan, W. J. Dark.

Hickory Mountain—J. E. Petty, H. Henderson, J. M. Lashley.

Matthews—J. A. Gilliland, O. A. Hackney, Oliver Yow.

New Hope—F. M. Carson, L. J. Johnson, M. T. Farrar.

Oakland—A. W. Wicker, A. T. Lambeth, J. B. Bright.

Williams—L. M. Fearrington, W. J. A. Jones, C. S. Horton.

RAILROAD CELEBRATION.—It will be remembered that the celebration, which was proposed to be held here in honor of the completion of our railroad, was postponed on account of the severity of the weather until May. On last Monday the committee of arrangements met and selected the 20th of May as the day on the celebration, and [illegible] Messrs. H. A. London, [illegible] and A. H. Merritt as a committee on invitations. They also requested the soliciting committee, that was appointed, to meet here at 3 o'clock next Saturday afternoon. The committee consists of Messrs. G. W. Thompson, William Band, L. B. Bynum, R. M. Burns, W. N. Poe, R. G. Eubanks and Dr. L. A. Hanks, and Mrs. G. P. Asson, and Misses Anne Moore, Jane Lawrence, Dixie Leach, Minnie [illegible], Emma Foushee, Mattie Hungaton, Sally [illegible], Eva Hall and Bettie Petty. So much has been said about the proposed celebration, and so much is expected, that our citizens must bestir themselves and make preparations for a grand occasion such as our town has never before witnessed.

AN ELOPEMENT.—Mr. Elias Harris, of Baldwin township, left home on Monday of last week with the intention, as he told his family, of going to Raleigh to buy a stock of goods, and carried with him a large sum of money, estimated to be as much as $2,000. As he did not return in three or four days, as he was expected, his family became uneasy, fearing that he may have been robbed and murdered. His son came here and telegraphed to Raleigh for information about him, but could hear nothing. Finally on last Monday they received information that Mr. Harris was seen to take the train at Apex, one day last week, in company with a woman, the divorced wife of M. Farrington Thomas, of this county. It is supposed that they have eloped to some distant State in the South or West, and that Harris had been collecting his money for the purpose. Of course this elopement has caused quite a sensation in this section. Mr. Harris is about sixty years old, has a wife and three grown children, was one of the thriftiest farmers in the county and was highly esteemed by all his neighbors.

Report of Supt. of Health.

PITTSBORO', N. C., April 4, 1887.

TO THE CHAIRMAN AND BOARD COUNTY COMMISSIONERS:

Gentlemen: It again becomes my duty to make my monthly report to your body as to the condition of the jail and poor house. I am glad to say your jail is in good condition and is properly kept and the prisoners are comfortable and well cared for. In the poor-house there are at present fifty inmates. They enjoy good lives [illegible] the infirmities of age and chronic diseases. I trust you will not consider me importunate in again bringing to your notice the necessity of such food as is adapted to the digestion of the diseased should be provided, particularly as summer is coming on, and the diseases of warm weather may be ameliorated or prevented by proper diet. The substantial they get in abundance. I would suggest the propriety of buying such articles of diet, as chickens, rice, hominy, beef, mutton, &c., and less bacon. The overseer, Mr James W. Fox, is kind and attentive to the inmates, and is undoubtedly one of the best overseers the county has ever employed.

I would suggest to your body that one or more of the Board visit the poor house and inspect it, and satisfy yourselves of the necessity of any changes or improvement, as I have no doubt you, as well as the people of the county, desire that her unfortunates should at all times be supplied with such necessaries as will render them comfortable and healthy.

Respectfully,

H. C. JACKSON, M. D.,
Supt. of Health.

For the RECORD.

Whiskey, No. 3.

Men differ in their opinions on all subjects, and I will not be surprised if I find some who will be of a different opinion to myself on this question of whiskey. What disposition will we make of it? And now, dear reader, before you decide this question, give the subject due consideration. Is it a blessing to our town and community? Is it benefiting me as an individual? Is it a blessing to the families of our land? Is it aiding in building up schools and colleges, and advancing the cause of Christ? All will answer, no, no! Our community, in point of morals, wealth, intelligence, and piety, is not what it would be if there were no whiskey. As an individual (though I do not drink it) I am injured by it in looking around. I cannot find any families that are benefited by it except the families of the whiskey seller, and such benefits as they obtain is considered, by a true gentleman, very dishonorable. If it was not for whiskey we might have flourishing schools at every point where they are necessary, and the cause of Christ would spread and be glorified. Then I would say to all, let us look to our own interest, to the interest of our neighbors, to the interest and welfare of our children, and free our town and community of this criminal that has been the cause of so much [illegible] in our land. Let us have an election in June, and say to the whiskey dealers, we have no further use for you in this business, and encourage them to take hold of honest business and help us to build up our town and community, and let us all talk and preach temperance until the election, and come together and say, as lovers of our country, that we will not have this criminal (whiskey) sold to our respectable neighbors any more. I wish to meet some of the many objections that will be raised against this proposition. Some will say if it would prohibit the sale of it in our township I would go for it. It may be expected that some will strive to evade the law. Hear Judge Shepherd's recent charge to the grand jury of Wake county:

"In a district where local option obtains no license to sell liquor can be granted, therefore, to sell at all is a violation of the law, and every attempt to evade the law is indictable. If a physician, for instance, gives a prescription to a person to purchase liquor he is indictable, unless that person absolutely needs the liquor as a medicine."

So you see we have laws to prohibit the sale of it, if we will enforce them. Do I hear some one saying, the law will not be enforced? If our people will do their duty it will be enforced. One says the people of Pittsboro' allowed it sold when we had local option. Yes, I know that, but it is to be hoped they will not be so disloyal in the future. I think that a man who knows of another violating the laws of his country, and allows him to continue without trying to stop him, is generally in guilt. So we poor country people can see after it ourselves if they neglect to. One says I could get a certificate any time for a quart and all it would cost me was to give the doctor a drink. Yes, many say this, but our doctors are getting older, and we trust better and more loyal, and we hope they do not love whiskey so well. Let's try it any way. Let us get up the petitions and go to work and do all we can to save the poor drunkard.

I will give more reasons why in No. 4.
