HURRAH FOR THE NOMINEES!

375 bushels White Winter Oats for sale by O. S. Poe.

Mr. B. D. Barker, of Williams township, has a gourd vine on which are 200 well matured gourds.

Plenty of nice dressed flooring, ceiling and weatherboarding at the shuttle block factory for sale.

Hickory, dogwood and persimmon timber is wanted at the shuttle block factory for the cash.

Mr. B. B. Stinson, of Gulf township, has sent the Record a pear that weighs one pound and three quarters.

One fine mare to exchange for a good pair of mules. Will pay difference if any. Apply at Shuttle block factory.

The Record is the best campaign document that can be circulated in Chatham; and every voter ought to have a copy.

Rev. O. T. Edwards baptized thirteen persons at Mt. Olive on last Sunday, and the same number at Love's Creek on the Sunday previous.

Mr. J. W. Goddston, of Oakland township, informs us that some time ago he found two young birds with the leg of one grown and adhering to the leg of the other.

On last Tuesday a son of Mr. J. M. Griffin, who resides near this place, was kicked on the knee by a colt, and though painfully hurt the wound will not disable the leg.

O. S. Poe will leave in a few days for New York, to purchase his Fall and Winter goods. If you can settle your account during this week, he would be very glad to have you do so.

The six year old son of Mr. Asa Gunter, of Oakland township, accidentally broke his left thigh, on last Sunday. He was opening a gate when it fell on him, and broke his thigh.

A slight change in the schedule of the Pittsboro railroad went into effect on last Monday, by which the morning train leaves here at 8.05 o'clock instead of 8.30, and returns at 11 o'clock instead of 11.35 a. m. The evening train runs as heretofore.

The Statesville Landmark donned a new dress last week, and its appearance proves that it is the most prosperous, as it is certainly the best, weekly newspaper published in North Carolina. Its prosperity and success is creditable both to its editor and patrons.

The democrats of Chatham met in open convention, at the court house, in broad daylight and nominated their candidates. How will the republican candidates be nominated? A few choosers, black and white, will hold a secret caucus and dictate the nominations.

Yellow jackets have been more troublesome this season than ever before known in this county. Many farmers, while plowing up their land to sow oats, have been run out of their fields by the swarms of yellow jackets, and their teams have been severely stung by them.

Received this week at W. L. London's, car load of Salt, large and small sacks; coarse and fine Salt. Supply yourselves at once, as Salt will be higher later in the season. London has fresh Clover, Timothy and other seeds. Fall stock of Groceries and all other goods.

W. L. London has gone North to purchase his Fall and Winter stock. He promises his customers to give them as good bargains for the money as they can get in any market. He will have a large stock and will be glad to show them when they arrive. He keeps everything.

The democratic primaries, on last Saturday, were more largely attended than any ever before held in Chatham. The people turned out in full force and made known their wishes. The minority at every precinct was allowed its proportionate vote in the county convention, and hence the harmony that prevailed in that body.

THE CONVENTION.

Large Attendance—Great Enthusiasm—A Strong Ticket.

In pursuance of previous notice a convention of the democrats of Chatham county was held at this place, on last Tuesday, for the purpose of nominating candidates for the Legislature and the county offices. The convention was called to order at 11 o'clock by M. T. Williams, the chairman of the county executive committee, who requested J. G. Rencher and F. C. Poe to act as temporary secretaries. The roll of townships was called and every township responded as being represented by a full delegation, and it appearing that there was a contest from Egypt a committee on credentials was appointed, consisting of one from each township, as follows: William Bland, J. W. Goddston, J. H. Williams, D. G. Fox, W. M. Harper, J. J. Peoples, J. G. Clark, W. L. Griffin, W. E. Brooks, J. A. Parham, R. W. Taylor, W. H. Swim.

The following committee on permanent organization was appointed, viz: J. George Hanner, Frank Baldwin, C. W. Womble, G. P. Alston and E. C. Brewer.

The committee on credentials, after retiring, reported in favor of seating as the delegates from Egypt the following: N. A. Gilmore, M. B. Johnson, J. H. Tysor, J. W. Mills, E. L. Tysor and J. L. Jounson.

The committee on permanent organization reported as officers of the convention, W. H. Hatch president, and J. G. Rencher and F. C. Poe secretaries. The reports of both committees were unanimously adopted, and the president took his seat, after making a few remarks appropriate to the occasion.

All the nominations having been made, and there being no further business the convention adjourned just at sunset, having been in continuous session for nearly eight hours.

Thus closed one of the most memorable conventions ever held in Chatham. The attendance was unusually large, our commodious court room being crowded to its utmost capacity. While the friends of the several candidates stood persistently by their favorite and did all they could to nominate him, yet all gracefully yielded to the will of the majority whenever a nomination was made. There was no wrangling and no bitterness of feeling, and the nominees will receive the hearty support of every true democrat in Chatham. Now let us all go to work and elect the entire ticket by an overwhelming majority!

THE NOMINEES.—Nearly all the nominees of our county convention are well known to most of our readers, but for the information of those who may not be acquainted with them we publish the following short sketches of them:

The nomination of SAMUEL M. HOLT was a deserved compliment to an excellent officer. He has served one term faithfully and acceptably, and therefore his party has expressed their appreciation of him by endorsing him for a second term, as has been the custom in this county for many years.

SPENCE TAYLOR is just 32 years old and will be the youngest Sheriff Chatham has ever had, so far as our information extends. He is a son of the late Capt. John W. Taylor, who was sheriff from 1874 to 1880, and who was one of the best officers Chatham has ever had. His maternal grand father Dr. Spence McClenahan was one of the most public spirited and progressive citizens of our county. Mr. Taylor was a deputy under his father and is therefore familiar with the duties of sheriff, and will make a capital officer. "Sheriff Taylor" will sound very natural.

DANIEL H. MARSH is a native of Chatham, was a merchant at Bennett's for several years and for the past seven years has been the agent at Gulf Hill of the C. F. & Y. V. R. R. Co. In 1882 he was elected to the Legislature. He is well fitted for the office of Register, being an experienced business man, and will no doubt discharge his duties to the satisfaction of all.

The nominee for treasurer, JOSEPH P. TINNIN, is a citizen of this place who is incapacitated for manual labor by reason of his crippled condition, caused by rheumatism. He was the deputy postmaster here during Cleveland's administration, and was a courteous and efficient officer. He is a near kinsman of our State treasurer, Donald W. Bain, and the greatest compliment we can pay him is to say that he is just as honest and trustworthy as his distinguished kinsman!

Our next Surveyor, WILLIAM M. HARPER, was a gallant Confederate soldier and was badly wounded at Gettysburg. His nomination is a compliment to the old Bear Creek township, the banner democratic township of the county. He will make an efficient officer.

JOHN H. TYSOR, the nominee for Coroner, is a member of one of the largest and most respectable families of Chatham. He is highly respected by his neighbors, and will be a good man to hold an inquest over the Radical party after the next election!

Our next Senator, JOHN W. ATWATER, is in the prime of vigorous manhood and is one of the truest democrats in Chatham. In every campaign he has worked zealously for the democratic party, and this nomination is a proper recognition of his valuable services. He is one of the leading farmers of the county, and for two years was the president of our county alliance, and was the delegate from this county to the State Alliance both this year and last year. The interests of all classes of our people will be safe in his hands, and he will do his duty faithfully to all his constituents.

ANDREW H. PERRY, one of the nominees for the House, is a farmer and local Methodist Minister. He was the president of the Siler City Agricultural Society, and was the president of the first county organization of our farmers. He is therefore thoroughly identified with every effort to improve our agricultural interests. He is a fluent speaker, a man of decided ability and will make a useful member of the Legislature.

JOHN M. FOUST, the other nominee for the House, is a farmer and also proprietor of the Mt. Vernon Springs Hotel. He is a capital business man and very popular wherever known. He, like Messrs. Atwater and Perry, has never before been a candidate for any office. No one of them is in any sense an office seeker, but all have been brought forward by their neighbors, and being nominated, as they were, on the first ballot, was very complimentary to them.

All three of our Legislative nominees are members of the Farmers' Alliance, and *they are as true as steel for Reform.*

THE DEFEATED CANDIDATES.—The Record extends its sympathy to the candidates who failed to receive the nomination at our county convention on last Tuesday, and hopes for them better luck next time. Among them were men equally as worthy and competent as those who were nominated, and their defeat is no reflection on them whatever. Of course all could not be nominated, and it is the duty of the defeated candidates to support the successful ones just as zealously as they would have expected the latter to have supported them, had they been nominated. Any man will work hard for the success of his party when he is its nominee, because he has a personal and selfish motive, but a man's true democracy and manhood is proven when he works for the success of his party, when he is not its nominee and when his motive is the general good. Therefore we confidently expect every one of our defeated friends to work zealously for the success of the party and uphold the hands of those to whom has been entrusted the party's banner in the coming campaign!

Alexander for Vance.

From the Wilmington Star.

A report having gained currency that Captain S. B. Alexander, the Democratic nominee for Congress in this district, was opposed to Senator Vance, a gentleman of this city wrote to him in regard to the matter and received the following reply:

CHARLOTTE, N. C., Sept. 6th, 1890.

DEAR SIR:—Your favor of the 4th received and contents noted. I authorize you to state that I am not opposed to the re-election of Gov. Z. B. Vance to the U. S. Senate. I accept the nomination for Representative from this district with the full knowledge that Senator Vance was the choice of the district for his own successor, and I assure you that if I had any idea of opposing the wishes of the Democrats who honored me with the nomination of Representative I would resign. I have twice voted for Gov. Vance for United States Senator, and were I again the "Senator from Mecklenburg" would vote for him again; vote for him again. The personal relations between Gov. Vance and myself have always been friendly. I hope and believe that the difference between Senator Vance and the Alliance will soon be adjusted satisfactorily to both. Thanking for your kindness,

I am yours truly,
S. B. ALEXANDER.

A Destructive Tornado.

PARKERSBURG, W. Va., Sept. 7.—A report of a terrible tornado reached here last night from Ross and Jackson counties. The storm passed near Le Roy and Meadowville, in Jackson county, going in a northeasterly direction. It struck the earth near the farm of W. H. Davis, near Le Roy, and swept away everything in its path. Haystacks, fences, crops and timber were flattened out or destroyed. A number of cattle were picked up and carried several hundred yards and crushed to death. On the Adams place barns, cattle, hay and outbuildings were crushed and carried away. At George Boggs' farm sheep barns, with a large flock of sheep, and his granaries were carried away. Not a living thing was left in the path of the storm.

From the Boggs place the tornado dropped again and carried away the dwelling of Farmer Kobarch, not leaving a stick of timber. There were nine people in the house—Kobarch, his wife, two children and five others, all of whom were terribly injured, four reported fatally. The tornado end cloud burst was the most destructive and fatal that has struck this section for many years.

A Peculiar Suicide.

CINCINNATI, Ohio, Sept. 7.—Henry Nersman, a life prisoner from Cincinnati, confined for murder in the Ohio State Penitentiary, committed suicide this evening in his cell in a peculiarly ingenious manner. Taking the pages of a newspaper, he rolled them into tubes, and telescoping these together, made a long pipe, one end of which he slipped over a gas jet, and, taking the other into his mouth, lay on his cot and breathed the gas into his lungs. It took him but a few minutes to do the fatal work, and that, too, right under the nose of a guard who was patrolling the corridor.

A Fatal Difficulty.

ATLANTA, Ga., Sept. 7.—A special to the *Chronicle* from Warrenton, Ga., says: Tom Adams, colored, was killed in a difficulty late last night by W. J. Norris, white, proprietor of the Warrenton Hotel. Adams was quarreling with another negro, when Norris, who had retired, got up and requested them to move on, as they were disturbing his guests. Adams resented this and a difficulty ensued in which he was fatally shot. The negroes threaten vengeance, but the whites are thoroughly prepared for any emergency and hardly expect trouble.

Before Christmas the pension rolls of this Government will probably contain more than a million names. Already we pay more for pensions every year than it costs Germany to maintain the largest standing army in Europe. If the pensioners were all needy and deserving there would be no objection, but everybody knows they are not.

The republicans in Congress have been so busy taking care of private interests that they seem to have entirely forgotten the promise of one cent letter postage which their last national platform contained. More money a hundred fold has been legislated into the hands of private parties at this session than this universal boon would have cost.

Shot in Court.

HUNTSVILLE, Ohio, Sept. 9.—A terrible tragedy occurred here last evening during the trial of the case of Geo. Baingrover against James Hiler before Esquire Vandamont. Hiler, senior died some months ago, leaving a will in which he left most of his property to two of his sons and two daughters, to the exclusion of the other children. There has been talk of contesting the will and much bitterness has been manifested. This was a case for damages under an alleged breach of contract between Jas. Hiler and Baingrover who was one of the sons-in-law of Hiler. During the trial Constable I. N. Allen, another son-in-law, stepped to the door when a pistol shot was heard. Allen came staggering into the room and fell across a chair exclaiming "John Hiler did it." Before the terrorized spectators could realize what happened the murderer was seen standing in the middle of the crowded court room and fired a second shot which took effect in the right breast of Geo. Baingrover, passing entirely through his body.

The excitement was indescribable, the court room being crowded with men and women.

Railroad Collision.

PITTSBURG, September 8.—A special from Wheeling, W. Va., says: About one o'clock this morning the east and west bound freight trains met in a terrible collision on the Baltimore and Ohio railroad, at Board Tree tunnel, about thirty miles east of here. It is known that both engines and a dozen cars were entirely destroyed, and the wreck took fire. Engineers Dominick Kelly and Chas. Brickey and an unknown man supposed to be a tramp, were almost instantly killed. The fate of the fireman is not known.

Struck by Lightning.

SALEM, Sept. 9.—During a heavy storm, which passed over a part of this county late yesterday, County Surveyor A. M. Lovelace, while driving to his barn was struck by lightning and knocked unconscious. Two mules which he was driving were killed. At last accounts Lovelace was out of his mind and not expected to live.

VANDALIA, Ill., Sept. 7.—At Mulberry Grove, Friday evening, Charles Riley sought shelter under a tree during a thunder storm. A bolt of lightning struck the tree, killing Riley instantly.

GREEN BAY, Wis., Sept. 7.—During the storm yesterday lightning struck the barn of Jacob Bodart, near this city, firing the building and killing Mr. Bodart and a team of horses.

New Berne Journal: A colored woman living on the upper part of South Front street stuck a splinter under her finger nail two weeks ago while scrubbing the floor. It did not excite any alarm and but little attention was paid to it until last week when lock jaw set in, and after three days' agony she died and was buried Friday evening.

Raleigh News and Observer: Particulars of another terrible accident which occurred near Auburn within a mile of the scene of the accident to Mr. Pool reached here yesterday. Mr. Perrin Gower, a well known farmer of St. Mary's township, living near Auburn, was working at his cotton gin and his left arm was caught in the same way that Mr. Pool's was on the day before. His arm was rapidly drawn into the machinery and the sharp teeth tore away the flesh and crushed the bones. The fingers and the joint up to the elbow were literally crushed to jelly and the arm above it was also broken. Mr. Gower was drawn down close to the revolving shaft and the side of his face was slit open by its hungry teeth. It was a narrow escape from a horrible and lingering death. The machinery was stopped in time to save Mr. Gower. Several physicians were summoned and the arm was amputated near the shoulder.

With a feeble appetite and imperfect digestion, it is impossible for the body to secure the requisite amount of nourishment. Ayer's Sarsaparilla not only simulates the desire for food, but aids the assimilative organs in the formation of good blood and sound tissue.

Concord Standard: We have heard of wild men being in other counties, and were thankful that they did not live in Cabarrus, but we have heard of one case in this county which caps the climax. There is a man in the county, a school teacher, too—who is actually afraid of the train, and will run at the sound of a locomotive whistle.

Do You Want the Earth?

You would hardly expect to buy the earth for a dollar or two; still for a few dollars you can buy a big pile o' goods at our store. If you had, say $10 or $15 you wanted to spend, and you had to get a suit of clothes, a hat, a pair of shoes for yourself and a pair for the old lady, you would naturally want to get the best goods you could get, and at as reasonable a price as possible. It's very important that every one should know at all times where this can be done. We don't pretend to be a Cheap John, or that we give goods away, but we do say that we sell reliable goods as low, and we expect a little lower, than almost any house in Raleigh; and another advantage we offer you is our complete stock. When you come to our store for anything in the dry goods, clothing, shoes or hat line, you will find it to suit you every time. You don't have to buy one thing here and another yonder. This is an advantage most persons readily appreciate. We can suit you in a carpet, no matter what kind you want, at

SHUFFELL'S.

A Fact

WORTH knowing is that blood diseases which all other remedies fail to cure, yield to **Ayer's Sarsaparilla.**

Fresh confirmation of this statement comes to hand daily. Even such deep-seated and stubborn complaints as Rheumatism, Blotches on the Good, and the like, are thoroughly eradicated by the use of this wonderful alterative.

Mrs. E. Irving Archer, 110 West 130th street, New York, certifies:—

"About two years ago, after suffering for nearly two years from rheumatic gout, being able to walk only with great discomfort, and having tried various remedies, including mineral waters, without relief, I saw by an advertisement in a Chicago paper that a man had been relieved of this distressing complaint after long suffering, by taking Ayer's Sarsaparilla. I then decided to make a trial of this medicine, and took it regularly for eight months. I am pleased to say that it effected a complete cure, and that I have since had no return of the disease."

Mr. I. A. Stark, Nashua, N. H., writes: "One year ago I was taken ill with rheumatism, being confined to my house six months. I came out of the sickness very much debilitated, with no appetite, and my system disordered in every way. I commenced to use Ayer's Sarsaparilla and began to improve at once, gaining in strength and soon recovering my usual health. I cannot say too much in praise of this well-known medicine."

"I have taken a great deal of medicine, but nothing has done me so much good as Ayer's Sarsaparilla. I felt its beneficial effects before I had quite finished one bottle, and I can freely testify that it is the best blood medicine I know of."—L. W. Ward, Sr., Woodland, Texas.
