The Chatham Record

THURSDAY, FEBRUARY 18, 1892.

## LOCAL RECORDS.

—Dogwood, Persimmon and Hickory timber, and cedar posts wanted at the Pittsboro' Shuttle Mill.

—Mr. J. Crosby Stone, of Alabama, died a week or two ago. He was born and reared in this county, and removed to Alabama few years after the war.

—Last Friday and Saturday were bitterly cold days and proved that the ground hog was wise in going back into his hole when he saw his shadow on the 2nd of February.

—Bynum & Headen have on hand flour at $2 50, $2 75, $3 00 and $3 25 per sack; *good* Molasses 25 cents per gallon; splendid Coffee 18 and 20 cents per lb. These prices are *cash*.

—Mr. J. B. Ausley, of Gulf township, has discovered on his farm a species of peculiar clay. It is in a vein about two feet thick, and is of a dark green color and somewhat sticky.

—On Monday night of last week two ewes belonging to Mr T. J. Perkins, of Gulf township, gave birth to a lamb apiece; and four days afterwards the same ewes, each gave birth to another lamb.

—The young ladies of this place gave a "Leap Year" party, on last Thursday night, to which they escorted the young gentlemen. Two of them escorted their young men in a dump cart drawn by a blind mule!

—Our former county man, Mr W R Barringer, is on a visit to his old home looking handsomer than ever. For the past two or three years he has been in the employ of the New River Mineral Co, in South-West Virginia.

—On Wednesday of last week Mr Robert Goodwin, of New Hope township, was struck by a falling tree and both of his legs were broken. He was at a cutting frolic, and the tree fell on him before he could get out of the way.

—They will begin to take stock at W. L. London & Son's in a few days. Now is the time to get your bargains for the cash. They have a great many goods which they will sell very cheap now to make room for their Spring stock.

—Ten boxes of fresh oranges just received by John L. Connell, and will be sold very cheap. Also a good lot of bananas, cocoanuts and confectioneries. Next door to barber shop. Special attention to lady customers.

—Mr. James Williams died at his home in Hadley township on last Sunday, aged about 75 years. For many years he was the butcher for our town, making his trips here with his cart load of fresh meat with the regularity of clock work.

—At a recess sale out, on last Tuesday, Dr. E. Reid Parker, district lecturer of the Alliance, delivered an address to a large audience, and everybody seemed mighty pleased with it. He stated distinctly that the Alliance is not a political order.

—A drove of mules arrived here for sale, on last Monday. It is a great pity that all our farmers do not raise their own mules. Instead of a drove being brought here for sale, droves of mules ought to be raised in Chatham and sent off for sale elsewhere.

—Come and see how cheap you can now buy goods at W. L. London & Son's. Cash will go a long way and you can buy goods almost at your own prices for the cash. They have a nice stock of ready made clothing. Spring overcoats, as well as heavy ones, which will be sold without regard to cost.

—Last winter and spring there was so much rain that our farmers were very backward in "potcking" their crops, but thus far this year they have been more favored, and already a great deal of land has been ploughed and made ready for planting. It now seems that an unusually large crop of corn will be planted, and we hope that every farmer in Chatham will make not only all his own supplies, but also a goodly surplus for sale.

—Mr Jas. T. McCrackin, of the firm of R. I. Rogers & Co., marble dealers at Durham, N. C., is now visiting the citizens of Chatham county, taking orders for tombstones and monuments and will attend Chatham court this week. Persons wishing anything in their line, will come prepared with inscriptions can have their orders filled at once. The reliability of this firm is known throughout the State. All work guaranteed to give satisfaction.

SUPERIOR COURT.—The February Term of the superior court of this county began on last Monday. The presiding Judge is Hon Spier Whitaker, of Raleigh, who arrived Monday morning and at once opened court. The following persons were empanelled as the grand jury:

R. J. Yates, Foreman, Isaac Hargrove, A. W. Norwood, J. B. Mann, Charley Caviness, W. H. Vestal, Joe P. Dark, W. H. Beckwith, Jonathan Lindley, W. J. Turnbill, Ambrose J. Brewer, I. J. Bynum, W. D. Andrews, J. R. Ellington, W. H. Burns, Sidney Eubanks, Horace H. Bridges, Harrington Pope.

The Judge's charge to the grand jury was somewhat shorter than the average charge, but very much to the point and instructive, clearly and plainly setting forth the duties of grand jurors and the responsibilities resting upon them.

Solicitor Parker was promptly at his post of duty and began the prosecution of the cases on the criminal docket. None of them were of much importance. Among them were the following:

State against T. M. Boling: convicted at last term of offer to poison; fined five cents and one half of costs.

State against J. J. Brooks: indicted for aiding in the unlawful disposal of mortgaged property: verdict, not guilty.

State against Ann Maria Dorsett: retailing without license: submitted, and judgment suspended.

State against Charley Petty, Edward Petty, O. D. Wicker and Edgar Wicker: affray: submitted, and judgment suspended.

State against William Jordan and Albert Snipes: affray: Jordan not taken, Snipes submitted, and judgment suspended.

State against Pompey F. Gordon: larceny: guilty, and sentenced to penitentiary two years.

State against John Craton: larceny: not guilty.

State against Lucian Hadley: larceny: guilty, and sentenced to penitentiary four years.

State against J. S. Stone and Vallie E. Weathers: F. & A.: Stone not taken, Weathers plead guilty and judgment suspended.

The criminal docket was disposed of Tuesday afternoon, earlier in the week than we have almost ever before known. It shows what a law abiding people live in our good old county. The trial of the cases on the civil docket was begun yesterday, and all or more will probably be disposed of before to-morrow. This would indicate that Chatham has not much needed another court!

The "mixed substantial" has never before known such favorable weather for a Chatham court week, and never before were our roads at this season of the year, so firm and dry. Usually during our court week and especially at February court, the rain and mud are very disagreeable, but this week has been a notable exception. Consequently a very large crowd attended court on last Tuesday. Indeed our old Borough was chockfull of people on that day, almost as many as on the day when Davis *alias* Shackelford was hung. Of course the attendant horse-whippers were out in full force, and hands paid their respects to the horses. Everyone made a good swap and went on his way rejoicing. The prisoners in the men with their Scotch and Dutch and black horse pickers greatly amused the laughing crowds, and added to the dockets by the pocket full. The hard times did not disturb their business at all!

Although this is Judge Whitaker's first visit to our county, yet already he has made many friends who will look forward with pleasure to his favorable impression upon the public generally and especially upon those doing business in court. Wants prompt in his rulings and allowing no time to be unnecessarily consumed, yet he is perfectly patient and courteous and dispenses justice with an impartial hand.

### A "Green Goods" Swindler.

From the Winston Sentinel.

BUFFALO, N. Y., Feb. 11.—From a well informed report circulating here it appears as if an unscrupulous "green goods" man has been taken in by the "green goods" game. Some time ago Capital Paper received a number of Northern circular letters and printed circulars informing him that a fortune was in store, ready at his back and call, that he would be paid $5,000 in good pay for a consideration if he would pay the subscriber $500 in good money. Great humbug with a large family, a bad story, and the subject a nature not to excite suspicion of honest purpose, he yielded. He first raised all the money he could at home by borrowing from his family and others and from a certain party in Goldsboro, who, it is said, will be given a letter to Mitchell in New York. Arriving in the city he met his "friends," who announced themselves in readiness to hand over upon his the coveted fortune. His $500 or so was counted out and placed in a box with the caution that it was not to be opened until he reached Chicago, lest the watch for police see him and arrest him as a suspicious character. He paid them (as near as the writer can learn) about $300, went to his room, opened his treasure, when, alas for the folly of human hopes, nothing was in the box but a brick!

### A Mosquito's Bite Fatal.

FAYETTEVILLE, Feb. 15.—Harry Rudolph Bizzy, aged nine years, died last night at the Jeffers Hopkins Hospital from the effects of a mosquito bite. He was bitten on the foot by a mosquito last summer while in Telfair county. The bite caused a slight swelling but no special inconvenience at the time.

About a week afterwards the boy complained of a pain in his foot. This was found to be a swelling, which extended up the leg. Soon the groin became affected and a swelling made its appearance, which grew slowly but surely.

Three weeks ago the boy's parents brought him to the hospital, and the surgeon in charge recommended that an operation was necessary. It was too late, however. The boy, weakened with pain, could not withstand the shock and died immediately afterwards. It is the first case of the kind ever reported here.

Miss Toomer cooked, not a fowl, but a beef in Hillsboro Saturday night. He was found on the street burning and was almost roasted before the flames were extinguished, and died of wounds in a few hours.

## State News.

Greensboro' Patriot: On Sunday afternoon Tom Westberly accidentally shot his little brother, Hughie, just about 8 years of age, at the home of their parents near Benaja. Tom was examining a breech-loader, and in "breaking it" in order to see if the cartridges had been discharged, fired one, the entire contents entering the breast of his little brother—killing him instantly.

Roanoke Beacon: Mr. L. I. Fagan, a farmer near this town, informs us that when a boy he planted three pecan nuts on the farm where he now lives, not with any thought of reward, but the reward has come. For several years he has sold many bushels and this year the demand has been greater than the supply, he has sold over $50 worth to the different nurseries of this State. Had the gentlemen planted twenty acres while he was planting he would today be reaping a fortune.

Lenoir Topic: One night not a great while ago Mr. Shaford Littlejohn, who lives near Harlan, heard a disturbance among his poultry and, taking a light, went out to see about it. Just as he discerned a big bunch of feathers scrambling about on the ground, his light went out and he jumped on the bunch. As he did so he heard the rattling of chains, which was disconcerting, but he held his ground and called for another light. When it was brought he discovered that he was on an owl, 4 feet from tip to tip, that had attached to it a steel trap and 2 feet of chain.

Carthage Blade: J. J. White, State Senator from Moore and Randolph counties in 1889, had both his legs broken by a falling tree at his home in Randolph one day last week.—At the next term of our Superior Court, beginning March 7, the entire first week is set apart by law, for the trial of criminal cases, and nothing else. No civil case will come up until Monday of the second week. The dockets are both full large.—Billy Seawell, colored, died at Mr. John Seawell's, this county, Jan. 23d, at the extreme old age of 106 years. Mr. Seawell, who has taken care of the old woman since the war, says there is little doubt as to her age, it being pretty well authenticated by her remembrance of historical events.

Shelby Review: Forest City has this week had the greatest sensation in her history. On Tuesday, post office inspectors Naylor and Westgen examined the post office there and found postmaster C. L. Tate short in his money order account $4,171 40. Tate was arrested, and, after a preliminary trial, released under a bond of $4,000 for his appearance at the next term of the federal court at Charlotte. Tate was a young man of the highest standing. He is president of the Forest City Cotton Mills, and a firm partnership with his father has been doing a large mercantile business. He is exceedingly popular, and his downfall has caused a profound sensation.

### Terrible Suffering in Russia.

LONDON, Feb 12.—A dispatch from Penza, the capital of the Government of that name, in the southwestern part of what is known as Great Russia, is published in the Chronicle today. The dispatch says the thermometer registered 58 degrees below zero, and terrible suffering existed among the peasants. A number of men were frozen to death on the highroads, and so intensely cold is it that birds dropped from the trees in which they have sought shelter. None of the children in Penza are allowed to go to school. A quantity of grain for the famine sufferers arrived at Penza, but it is impossible to distribute it among the peasants in the surrounding country owing to the fact that nearly all horses have been killed for food or sold to procure money with which to buy the necessities of life.

Five thousand horses have been killed in Penza alone. It is estimated that several million draught animals have been killed throughout the Empire since autumn. Typhus fever, small pox and diphtheria are decimating the inhabitants around Penza. Two hundred of the peasants have died from the diseases. The dispatch adds that in the Government of Simbirsk, Saratow and Nijni Novgorod the conditions are far worse than in Penza. In these three governments thousands of peasants have fallen victims to hunger, typhus and other epidemic diseases. In the Government of Charkow and Kazan typhus fever is especially terrible in its ravages. The inhabitants are dying off by hundreds, whole families stricken by the disease have died, not a single member recovering.

### Prohibition and Whiskey.

CONCORD, N. C., Feb. 15.—On the 1st of January all the saloons in Charlotte were closed because the Board of County Commissioners refused to grant licenses. There were thirteen saloons in Charlotte and they paid an annual city license tax of $1,000 each. This license tax was appropriated to the support of the city graded schools. The refusal of the commissioners to renew the saloon licenses has cut off this source of revenue, and the city aldermen, at a recent meeting, notified the school board that there was no money in the treasury to maintain the schools.

Legal papers have been served upon the commissioners to appear before Judge Bryan on Tuesday, the 23d inst., and show cause why license should not be granted to certain applicants. The commissioners in refusing licenses have been refusing applicants for the reason solely upon the ground that no man who applies for license to sell whiskey can have a good moral character, and the whole State is interested in the outcome of the Charlotte affair.

### A Young Lady's Pluck.

Chapel Hill correspondence to News and Observer.

The "even tenor" of our little village was disturbed on Friday, 12th inst., by two fires. In the morning while students and faculty were listening to the last of Prof. Hart's excellent series of lectures a servant came into the hall and whispered to Prof. Williams that his house was burning. He retired very quietly but thirty seconds later the meeting spontaneously adjourned. Two hundred boys made short work of the fire which turned out to be a small one and after a half hour a recess for lecture was resumed. In the afternoon a defective flue at Capt. Payne's would probably have caused a very serious conflagration but for the prompt action of a young lady of seventeen, who having inherited all her father's soldierly qualities exhibited coolness, agility and courage seldom equaled by one of the fair sex. Miss Laura, the captain's pretty daughter, is the heroine Chapel Hill now boasts of. Passing by a window which overlooks the kitchen roof she discovered little tongues of flame darting up between the shingles over an area of several yards. Quickly obtaining a couple of blankets and a rug she got out of the window and shutting it behind her to keep out the flames which a stiff breeze was now rapidly blowing in that direction, walked along the highest ridge or "comb" of the roof and spreading her blankets and rug smothered the flames and kept them smothered until assistance came and they were fully extinguished. After it was all over she did not faint, but was seen a little later as calm and collected as if nothing had happened.

### The Third Party Movement.

ST. LOUIS, Feb. 16.—It is understood that Messrs. Simpson and Watkins, Alliance members, will attend the meeting of the Alliance here, February 22, with the intention of having a third ticket into the field. The Southern members of the Alliance in Washington are understood to be opposed to the scheme, and Simpson and Watkins will go it alone. The scheme is to induce the meeting of the 22d, at St. Louis, to adopt a resolution forcing the calling of a National Convention of the Alliance, at which nominations are to be made for President and Vice President.

### An Insane Asylum Burned.

JACKSON, Miss., Feb. 19.—Fire this morning at the insane asylum destroyed two wards of the main building and damaged the remaining portion badly. The new wing just completed was not injured. The loss is about $250,000. Only one patient is known to have been burned. There were several slight casualties and some narrow escapes are reported.

Don't waste time, money, and health, trying every new medicine you hear are advertised in the papers. If the cause of your trouble is in the blood, liver, stomach, or kidneys, take Ayer's Sarsaparilla at once, and be sure of a cure. Take no other.

Gov. Holt has appointed George A. Shuford, of Asheville, to Judge of the 12th District in place of Judge James H. Merrimon resigned.

Mr. Harvey Hughes, ex-Sheriff of Orange county, died last week from a complication of grippe and pneumonia. His age is supposed to be about 70 years.

The People's party convention of Vance county met at Henderson Saturday and organized. A county executive committee was appointed, four members of which are colored.

A joint resolution has been introduced in the Virginia House of Delegates, memorializing Congress to purchase the celebrated Semple farm at Yorktown, in York county, the scene of the surrender of Lord Cornwallis.

Hon. James H. Atwill, of Smithfield, N. C., died suddenly last Monday of apoplexy at his home. He was quite prominent in local affairs, having represented his county in both branches of the Legislature, and being prominently mentioned for the congressional nomination in his district.

"I see a star, Eve's first born, in whose train Comes the damp twilight that brings pain. For aches of head, neuralgia, cut and bruise, Try Salvation Oil, these will you use.

"How can Mrs. Smith wear such a handsome velvet coat?" My dear child, don't you know her husband saves doctors' bills by using Dr. Bull's Cough Syrup for the children."

### Mother and Child Killed.

CHARLOTTE, N. C., Feb. 13.—At a station on the Western North Carolina Railroad, a few miles west of Asheville, yesterday, three children were playing on the track in front of an approaching freight train. Their mother ran out to rescue them, and the mother and one child were ground to pieces. The other two children were maimed.

THREE ARM CHAIRS.

Have you tried the prices? If you haven't you will certainly make your eyes open wide. We have just reduced our special sets to $18.50. Your surprise would be much greater if you understood their real value as well as we do. They are beautiful in design, perfection in finish and durable enough to be handed down to your children's children. There is only one way to describe such an offer—it is extraordinary! You may regret selling at such a price. Manufacturers don't begin to hold a candle to us. Here are some items that are equally astonishing: A. H. Wood's Parlor Suit for $32.50 is W. O. [illegible].

For the next 30 days we will sell our entire Stock of the Furniture and Rattan Chairs at cost.
