For Sale or Rent,

TWO splendid new Houses and lots on Hillsborough street, leading from the Capitol to the Seminary and about half way between the two. One house is thirty feet by eighteen with a partition in the middle, with four rooms and two fire places, one above and below, and portico in front. The other is forty feet by twenty, with a ten foot passage above and below, making all the rooms private, each of which has good and comfortable fire places, and has a portico in front. There is attached to each of the houses a good kitchen, smoke house and dairy &c., and nearly three quarters of an acre belonging to each lot, and under a new plank fence with railing in front. Both of the houses are nicely finished, and painted both inside and out; as also the out houses and palling. There is decidedly the best well of water in or about the City, convenient to the use of both lots. This is given up to be the most pleasant and healthy part of the City. Any person wishing to purchase, or rent, will make application to the Subscriber.

LITERARY, SCIENTIFIC AND MILITARY ACADEMY.

Arms and Equipments furnished by the State.

Classics, English, etc R. GRAY.
Mathematics, Tactics, etc. O. A. BUCK.
Experimental Chemistry & Philosophy, S. N. BOTSFORD.

TERMS PER SESSION OF FIVE MONTHS.

Classical Department, (Collegiate course, including full English Studies, with Mathematics,) $20 00
English do. (Elementary & higher branches) 15 00
Military do. (Infantry & Artillery practice) no charge

The course of Education is thorough, practical and well calculated to qualify youth for the various duties of life, whether occupying public or private, Civil or Military stations. The moral and intellectual faculties are kept severely in action, but not at the expense of the physical, as is unfortunately for the health of our children too commonly the case throughout the country.

Regular and systematic Military Exercises, as well as Practical and Scientific Operations, introducing Surveying and Civil Engineering, are substituted in the place of unprofitable play, and required of all students—*the usual six hours of daily recitation and study being invariably left distinct & uninterrupted.*

The Cadets, in rotation, discharge the duties of non-commissioned Officers, Officers of the Guard, and Officers of the Day, of Adjutants and Commandants of Parade; and for the purpose of rendering them more perfect, occasionally act as Military Instructors.

It has been found from experience, that this beautiful *Gymnase* invigorates both mind and body, and by inducing habits of order and regularity, contributes much to mental improvement.

Politeness, neatness in dress, and strict punctuality will be closely attended to.

A cheap Uniform is adopted—Dress Parade days, Monday and Friday.

No deduction made for absence, unless in cases of protracted sickness. Hours of Recitation and Study, from 9 to 12½, A. M., and from 2 to 4½, P. M., in the Winter. Board and Washing, in highly respectable families from 8½ to $10 per month.

A GREAT NATIONAL WORK.
The United States Exploring Expedition.

THE "Narrative of the United States Exploring Expedition," during the years 1838, 1839, 1840, 1841 and 1842, by Charles Wilkes, U. S. N. Commander of the Expedition. With illustrations, in five magnificent large imperial octavo volumes, with an Atlas of large and extended Maps. This great and truly National work is issued in a style of superior magnificence and beauty, containing sixty-four large and finished line engravings, embracing scenery, portraits, manners, customs, &c. forty-seven exquisite steel vignettes worked among the letter-press; about two hundred and fifty finely executed wood-cut illustrations; fourteen large and small Maps and Charts, and nearly twenty six hundred pages of letter press.

This splendid Work has just been issued from the Press, and received this day at the North Carolina Book-store,

Utley's Patent Washer,

An entirely new Article,
Invented by GRAY UTLEY, Chapel Hill, N. C.

THIS new Washing Machine, just invented, and now in successful operation, is so simple in its character, that almost a child can work it—so cheap in price, that every family will be able to own one—and so labour-saving in its results, that it *must* command sales, when its merits are known.

The construction is so simple, that with a pattern, any Carpenter and Blacksmith can make one, and it is not easily put out of order. The clothes to be washed, are put in at each end of the Washer, and a crank, worked by one person, puts in motion two Rollers, which by gentle pressure and friction, thoroughly cleanses the Clothes in an incredibly short time. It will wash twelve Shirts, perfectly in fifteen minutes, and will perform, in a day, the work of seven expert Washerwomen.

The price is only Ten Dollars.

It is not deemed necessary to go into an elaborate description of the Washer, as it is now getting into use about Raleigh and its vicinity, and can be seen by those who want an article of the sort. ☞ Persons are at liberty to try the Machine, and return it, if it fails to give satisfaction.

HARRIS' HOTEL,
CONCORD, NORTH CAROLINA,

The Subscriber has the pleasure to inform his old friends and customers, and the public generally, that he has recently purchased the large BRICK HOUSE adjoining the North-west corner of the Court House, in the Town of Concord, and has fitted it up in a fashionable and comfortable style as a HOUSE for the accommodation of the public. His house has been thoroughly repaired—his rooms are large and conveniently arranged, and his furniture is entirely new. His Hostler is not surpassed by any in the State. He flatters himself that from his long experience in the business, he is able to give satisfaction to all who may favor him with a call. All I ask is a fair trial. Call and judge for yourselves.

LOOK HERE!

THE Subscriber will Rent on reasonable terms, for one or two years, a TRACT OF LAND in Montgomery County, containing between four and five hundred acres, part of which is cleared and under fence. It has two fine Meadows, well watered, two large Creeks running through the Tract. There is also, a first rate Mill seat; also, a fine Spring near the Dwelling House, which has been built within the last six months.

I will also lease a Tract containing 225 Acres in Moore County, near SHIELDS' Gold Mine. On this Tract, Gold has been found in large quantities by panning, though but limited experiments have been made, as I find it inconvenient for me to work the Mine to advantage at present. I flatter myself, I can show the best specimen of Copper Ore from this Tract, ever obtained in the State. I will shew the above Tracts with pleasure, to persons desiring to lease.

EDGEWORTH,
PROFESSOR MORGAN & LADY,
With Assistant Teachers eminently qualified in their respective branches,

Have arrived and taken charge of this popular Female Institution.

The Exercises of the School will commence on the 28th of May, and continue for five months, and be resumed after a vacation of two weeks, for five months more, at the end of which, there will be a Public Examination.

The Course of Studies will be divided into four Departments or Classes, with appropriate Studies assigned to each, so as to give to the Pupils who may take the whole course, the best opportunity for improvement during their stay.

Few Schools, if any in the Union, will afford better opportunities to acquire a thorough education than this.

Professor MORGAN comes recommended by some of the first Literary men of this country, as eminently qualified for the position he now occupies, at the head of this Institution; and to those who have read the Circular addressed to the public, it is evident that the plan of Instruction there pointed out, is well calculated to advance Pupils with rapidity, and make them fine Scholars.

The Proprietor, therefore, congratulates himself, and the Citizens of this and the adjoining States, that so good and convenient an opportunity for a thorough education is now offered, and at so cheap a rate.

Persons wishing any information relative to the School, will address Professor MORGAN, Greensboro', N. C.

J. M. MOREHEAD,
Proprietor.

Greensborough
HIGH SCHOOL.

THE TRUSTEES have the pleasure to announce to the public the opening of a School on Monday the 26th inst., designed to be inferior only to the University. The Presbytery of Orange having deemed it expedient to remove the Caldwell Institute, the citizens in a magnanimous educational spirit, resolved to build, upon a new organization, an Institution worthy of extended patronage. We forbear to present a catalogue of advantages however just and appropriate, attendant upon our School. Experience has tested, and time will disclose and confirm them. We with confidence invite the attention of Parents and Guardians. The Professors engaged to take the charge are the Rev. ELI W. CARUTHERS, the Rev. JOHN A. GRETTER, Mr. SILAS C. LINDSLEY, and Dr. JOSEPH A. McLEAN,—who will exercise a joint supervision and control, aided by the Board of Trustees. The Classical Department will be under the immediate care of Messrs. Caruthers and Lindsley; the Mathematical Department under that of Messrs. Gretter and McLean; whilst the English Department will receive attention from all the Faculty as a due division of labor may demand.

We give to those who may favor the School with their encouragement the assurance that the hearty co-operation of the Citizens of the town, and the Board of Trustees, is and will be given to the Faculty in furtherance of the purposes of the Institution. While an English and Classical education is the main object of a season spent within the walls of the school, yet others esteemed by us of high importance will be prosecuted with diligence. The moral and religious instruction of all committed to our care will be guarded with anxiety.

In presenting to the public the Board of Faculty, we might justly be charged with presumption in trying to enlarge their reputation, were we to speak of their qualifications. The Rev. E. W. Caruthers is known far and near, and needs not a word of commendation from this Board. The Rev. J. A. Gretter has a reputation with which the public is familiar—he is one of the original Professors in the Caldwell Institute, having been connected with it eight years out of the nine of its operation. Mr. S. C. Lindsley superintended the Greensborough Academy five years prior to the commencement of the Caldwell Institute, and remained in that Institution during its whole continuance. Dr. J. A. McLean, from his success in teaching, has acquired a character promising great usefulness, and we enrol his name, with pride, among our Professors.

The price of Board and Tuition will be as usual in the village. The Sessions will be five months, commencing in May and November. The present Session begins on the 28th inst., and will terminate in October.
