GREAT BARGAINS!!
LARGE STOCK OF DRY GOODS AND GROCERIES.
Selling off at Cost!!!

THE firm of Russell & Cooke having been dissolved, and their remaining stock of Goods having passed into the hands of Mr. Russell, one of the late firm, who is determined to close the business as speedily as practicable, the whole stock, comprising an extensive assortment of
DRY GOODS AND GROCERIES
of excellent quality, is now offered for sale at cost.

Goods of almost every description suitable to this market may be had so cheap, that a better opportunity can never occur for all to supply themselves who will call soon.

The public are assured that this offer to sell *at cost* is made in good faith, and will be strictly adhered to.

They will also find the goods of the best quality, fashionable, sound, and substantial, of a kind made for *use, not merely to sell.*

All may be suited, as there are on hand many articles of the finest quality as well as a large assortment of the coarser and more substantial kinds.

All are invited to call and examine and judge for themselves; those who have the keenest taste for CHEAPNESS, will doubtless be satisfied.

Those who do not need at present, will
SAVE
by buying now and laying up for the future.

Let it be remembered that no one will sell Goods in a regular business without a profit, by which they can live; that no one will sacrifice goods at less than cost without compulsion; and that cost is as about as cheap as most merchants can afford to sell and most people would wish to buy.

SAVE YOUR CORN COBS AND SHUCKS.
TO THE PLANTERS AND MILLERS OF N. CAROLINA.

THE undersigned has obtained Letters Patent to enable common Mill stones (or rocks) now in use, to grind CORN, COB and SHUCK, into meal, for Horses, Mules, Cattle Hogs, &c. thereby saving more than one third of a crop, which is an important item with planters. The machinery used for the above purpose is simple and durable, and cannot, with fair means, get out of order. It will last as long as the Stones last, with an expense of 50 cents every five years. To enable the common Mill Stones to grind ear corn into meal, requires no new buildings or extra power. It can also be applied to Horse Mills, Treshing Machines, Gins or any given power known. The same Mill will grind one third more of Corn meal by the introduction of this Machinery, and can be changed from grinding Corn and Cob, to grinding Corn Meal in the space of thirty seconds.—Corn alone, when fed to stock, is said to be by the most practical and scientific Planters, constipating in its effects, producing founders, cholics and various other maladies which are incident to stock. Grinding cobs with the Corn, makes a food congenial with their nature, and cannot produce any of the serious results above mentioned. Stock, when fed on Corn exclusively, are deprived of the benefits of distension (so necessary to the proper health of animals,) by their being unable to eat a sufficient bulk to produce distension before the animal becomes gorged. Cobs ground with the corn, produce this necessary distension, without any danger of diseases arising from overeating. Corn and cob meal is improved by scalding, and still more by boiling, and yet more by a partial fermentation. All the preparations facilitate digestion for Hogs. But Horses and Mules will not eat fermented food, consequently they will require it dry or partially wet with cold water Horses, Mules and Oxen, when fed with unground food, void much in an undigested state, *which is of course lost for all beneficia purposes.*—☞ *Read the subjoined certificate.*

☞ *The undersigned can be addressed at Raleigh, and all calls will be attended to punctually and with despatch by himself or Agent*
WM. F. COLLINS.
Raleigh, Feb. 20, 1845. 16—1y

CERTIFICATES.

Having been solicited by Maj Collins to have my Mill adjusted to grind Corn in the Ear and Shuck, I consented that he should do so as an experiment; and I am able to say that it grinds Corn in the Shuck at the rate of 30 bushels per hour; and the dressing of the stones is so improved, that it grinds shelled Corn more than twice as fast as before, and by my watch, at the rate of 15 bushels per hour, and the meal finer than usual. I deem it a valuable improvement, and shall purchase the right to use it, as it will afford me a speedy way of feeding my horses and cattle, and save much thereby.
WM. BOYLAN.

MR. GALES: SIR—In order to remove Public prejudice (which appears to prevail in this section of the country against all Patent Rights) so far as my statement will go in giving the advantage which I have derived in having Major COLLINS' Patent Right for grinding Corn, Cob and Shuck, attached or applied to my Grist Mill, I state, that my Mill, since this improvement was attached, grinds not only as good Meal as before, but FIVE TIMES FASTER, and grinds up the Corn, Cob and Shuck, into Meal sufficiently fine to mix with other rough food for Stock. My Mill ground very slow before this improvement was made, but now grinds fine Meal at the rate of six bushels per hour.

I make this statement, as well for the benefit of the Public, as to do justice to KNOWLTON'S Patent (now owned by Major Collins.)

PROPOSALS
For Publishing in the Town of Wilmington, N. C.
A TRI-WEEKLY PAPER,
TO BE ENTITLED
THE COMMERCIAL.

THE SUBSCRIBERS, urged by the encouragement held out to them by many of the enterprising and business men of the town, and convinced that such an establishment is required by the increasing trade and growing importance of Wilmington, respectfully submit these proposals to the consideration of the community in this place and the neighboring country.

One of the primary objects of THE COMMERCIAL will be to give early and correct Commercial and Marine intelligence; the state of the Markets here, in the different parts of the Union, and in foreign countries, with which our people have intercourse.

Foreign news, domestic incidents, and political events, will receive proper attention, and every effort will be made to render THE COMMERCIAL interesting to all classes of readers.

The subscribers do not think it proper to enlarge their promises in a Prospectus. They hope their proposition will be met by the generous confidence of the community, which they will sedulously aim to deserve, by strict attention to business and the faithful performance of all the duties connected with their establishment.

So far as the Editors may discuss political topics, the character of this paper will be decidedly *Whig*, and appeals will be made to the judgment and patriotism of the people, in support of the Tariff, and other great measures of the party, so necessary to the glory of the country and the prosperity and happiness of the people.

THE COMMERCIAL will be issued on *Tuesday, Thursday*, and *Saturday*, of each week, on a Royal Sheet, at the moderate price of $5 per annum, payable, in all cases, on receipt of the first number.

THE COMMERCIAL will be found a prompt medium for advertising, on account of the frequency of its publication, and will be made as economical to the advertiser, as a reasonable support for the publishers will possibly admit.

The first number will be issued on the third day of March next, being the first Tuesday in that month.

Twenty Dollars Reward.

RANAWAY from the Subscriber, residing at Pittsylvania Court House, Virginia, on the night of the 31st day of December, 1845, a likely negro man, slave, by the name of WILEY,

The said negro slave was purchased by me, a short time since, from Atlas Rush, of Montgomery County, North Carolina, on his return with the said slave from Fincastle, Virginia, at which place he had been apprehended, on his way to Ohio with free papers.—The said WILEY is black, about five feet 11 inches high, between 24 and 25 years of age, and weighs about 200 pounds; is very likely and well formed. He made his elopement on a large bob tail bay Mare, saddle and bridle, which he also took from me, with a large green blanket under the saddle. Had on when he left, a checked roundabout, somewhat greyish pantaloons, yarn, and a cap, and carried with him also, a grey homespun coat; is supposed to have passed through Danville, Virginia, and is no doubt making his way through Greensborough, N. C. to the neighborhood of Mr. Rush, where he formerly lived, with the view of procuring another set of free papers, and for the purpose of having an interview with his wife, whom he expressed, a few days before his departure, a great wish to see.

For the apprehension of the said slave, and his securement in Jail, so that I get him again, I will pay the above reward of Twenty Dollars, and a reasonable compensation to any one who will secure, and take care of the mare, bridle and saddle, or either of them, until I can get them.

WHEREAS, It has been made known to me by WILLIAM FORBES, Coroner of Camden County, that one EDWIN SAWYER, late of the County of Pasquotank, stands charged with the murder of CATHERINE LINTON, a widow woman, in the said County of Camden; and that the said EDWIN SAWYER has escaped from Justice:

Now, therefore, I, WILLIAM A. GRAHAM, Governor of the State of North Carolina, do issue this my Proclamation, offering a reward of TWO HUNDRED DOLLARS, for the apprehension and delivery of the said EDWIN SAWYER to the Sheriff of Camden County aforesaid, or for his commitment to any Jail in the United States, beyond the limits of this State: And, I do moreover enjoin and require all Officers of the State, Civil and Military, to use their best exertions to arrest the fugitive aforesaid, that he may be dealt with according to Law.

Given under my hand, and attested with the Great Seal of the State of North Carolina, at the City of Raleigh, the 31st day of December, A. D. 1845, and of our Independence the 70th.
WILLIAM A. GRAHAM.
HENRY W. GRAHAM, Private Secretary.

DESCRIPTION.

EDWIN SAWYER is a young man, 20 or 21 years of age, about 5 feet 1 or 2 inches high, stout frame, round full face, brown hair, blue eyes, rather a down look, has an impediment in his Speech, and converses but little, except when under the influence of liquor.

FRESH OYSTERS & FISH.
To the Citizens of Raleigh and the Country generally.

THE SUBSCRIBER, through the medium of the Press, begs leave very respectfully to render his sincere thanks to the Public, for the very liberal encouragement extended to him in his line of business, as caterer of **Oysters and Fish**, heretofore, and would beg leave to inform his customers, that he has again resumed the business, and has located his establishment in the building known as the *Cannon Office*, near the *Office of the "Standard,"* where he will be happy to serve his former Patrons and others, with Oysters, Fish, and such other delicacies as he may be able to procure in the Norfolk market.

OYSTERS, fresh and fine, will be received daily, baring accidents upon Rail Road and Steamboat. Also, **FRESH FISH** on Wednesdays and Fridays—which may be relied on. I would in conclusion say to my patrons, that whatever I offer for sale, whether the application be made in person or through servants, will be *genuine.*

I would also add, that persons in any of the adjoining Counties, or all such places as may be practicable to send Oysters with safety, will have their orders promptly and faithfully attended to, they giving positive directions as to the conveyance.
JOHN WILSON.
