Blood
is Life
Pure Blood
is Health

Without blood circulating through your veins you could not live. Without pure blood you cannot be well. The healing action of every organ depends upon the purity and richness of the blood by which it is nourished and invigorated. If you have salt rheum, scrofula, eczema, pimples, boils or any kind of humor, your blood is not pure. If you take Hood's Sarsaparilla it will make your blood pure and promptly relieve all these troubles. In the spring the blood is loaded with impurities. Hence all those vexatious eruptions that languish and depression, and the danger of serious illness. Hood's Sarsaparilla is needed to purify, enrich and vitalize the blood and protect and fortify the system.

Hood's Sarsaparilla

Is America's Greatest Medicine. Sold by all druggists. $1; six for $5. Get only Hood's.

Hood's Pills are the only pills to take with Hood's Sarsaparilla.

THE FARM GARDEN

Quality of Bread.

Millers take good care not to leave flour in bran in these days, though they also sell the bran as a by-product for much more than it is worth to feed. But in the olden time, when a good deal of flour was mixed with the bran, and the latter was much cheaper and also better than it is now, we know instances where people used to barter the chaff, sacks and all, for the plaster of the neighbors' middlings. Flour made partly of bark or other vegetable matter, dark colored. And the unfortunate consumer, who could not afford even to buy such flour, ground his own grain, and made it into bread, or cakes, or porridge, or hasty pudding, as the case might be, and ate it with a good relish, if he had a healthy appetite to back it. Bran was then a valuable article of food, and was used in various ways. Bran porridge was a common dish, and bran bread was made in a variety of ways, and much relished by those who had learned to do so. Bran dumplings, bran pudding, bran cakes, bran bread, and bran porridge were common dishes, and were relished by those who had learned to do so. Bran was used in various ways, and was considered a very valuable article of food. Bran was used in various ways, and was considered a very valuable article of food.
