HON. T. K. BRUNER,
Director in Charge of The North Carolina Exhibit.

CHARLESTON'S WHOLESALE TRADE.

[illegible] Charleston does a large wholesale business and [illegible] is increasing the growth [illegible] year and year. The figures [illegible] are remarkable and reveal [illegible] millions of dollars [illegible] the wholesale business [illegible] Among the [illegible] there is [illegible] stationery, watches and jewelry, grain and [illegible] hats and caps, [illegible] and domestic fruits, drugs and medicines, doors, sash and blinds, clothing, dry goods, crockery, tobacco and cigar shops and [illegible] and furniture. There is room for [illegible] concern and [illegible] will be welcome.

The Manufacturing Industries

The chief manufacturing industry of the city is fertilizer and there is much capital invested in this. The total output of fertilizer passes [illegible]

The capital employed in other manufacturing establishments is over ten million dollars and there are employed in the manufacture of cotton goods over [illegible] hands, the total [illegible] of manufacturing plants being [illegible]. Among these are bagging factories, [illegible] factories, fertilizer works, [illegible] and lumber mills, ship and boat yards, [illegible] factories, broom factories, [illegible] factories, barrel factories, cigar factories, soap and candle factories, [illegible] factories, underwear factories and a little list of other industries.

The manufacture of fertilizers in Charleston continues to its proportions, and leaving the world [illegible] enough to make [illegible] and [illegible] large amounts of [illegible]. The labor necessary, [illegible] are all such [illegible] are necessary to keep the great business going.

[illegible] there are two [illegible] conducted. Land rock [illegible] from six to fifteen feet below the surface, while the river rock is [illegible] from the rivers. The land rock is [illegible] the local manufacture of fertilizers, while the river rock usually [illegible] to other countries.

CHARLESTON NEWSPAPERS.

The city is supplied with its news [illegible] by two able newspapers, one a morning daily, the News and Courier, [illegible] Rhett as the editor [illegible] of [illegible] in every [illegible]. The Evening Post is a [illegible] progressive and [illegible] and [illegible] and [illegible] that it is in charge of men [illegible]
