Congress.

WASHINGTON, March 24.—SENATE.—A large number of bills were introduced, including several by Mr. Coke, one by Mr. Kellogg giving aid to certain railroads extending from Texas to specified points on the Rio Grande.

Salisbury's resolution calling upon the Secretary of the Treasury for information concerning negotiations of United States securities, the amount of interest, paid etc., was passed. A motion was then made to proceed with the election of officers of the Senate. An animated debate here sprung up. Anthony said that nothing he could do would prevent the foregone conclusion of the majority to make a clean sweeping change of offieers, not because it was demanded by duty, but because partyanship demanded it. As one who held in respect if not reverence the precedents and usages of the Senate. He desired to enter his protest against the the personal inconvenience to which they would all be subjected to and disturbance of the order of business of the Senate which would occur by the abrupt change of officers. He mentioned the names of several officers of the Senate who had never been disturbed in their official relations to this body.

Hamlin, followed Anthony, saying that he hoped party spirit would not run riot in the Senate. Wallace replied that there was no intention to interfere with business or break down the life of the Senate. The majority only desired that the offices so long filled by the Republicans should be filled by gentlemen politically in accord with the majority of the Senate. They had gentlemen abundantly qualified to fill them.

Conkling uttered his regrets at the fact that the officers of the Senate were to be displaced. Mr. Bayard was impressed with the speech of Senator Anthony as it contained matters of historic interest. He regarded as dangerous and degrading the rewarding of partizans with Government places. It had entered the civil service of the country and unless it should be in a great degree modified it would increase to the detriment of good government. The bestowal of office should be in consideration of the welfare of the country, dignity of the Government and purity of our institutions. The power of appointment to offices in this body had fallen to his party. He did not understand that it contemplated any such slaughter of innocents as was contemplated by the opposite side. Observation had shown that instead of Federal officers having been bestowed for the good of the country with capable and honest incumbents, they had been used for many years for the benefit of a single party. Those here who now complained never neglected to fill offices with their party friends. The debate was further participated in by Senators Beck, Blaine, Hill and others, and at a late hour the Senate proceeded to vote and elected the officers recently nominated by the Democratic caucus.

Weavers on a Strire.

BLACKBURN, March 24.—A detailed report of the meeting of Weavers at Blackburn on Saturday shows the existence of great excitement and a strong party in favor of a strike. Mr. Whalley, Secretary of the Weavers union for Blackburn, reported that two thirds of the masters had posted up notices of five per cent. reduction of wages but that masters were less unanimous than they were before the strike and lock out of 1878.

The Representatives of the operatives of the church are Oswald, Twistle, Harwood, Radiham, Clitheroy, Rishton, Bamberbridge and Buraley next gave reports to the effect that the general feeling in their districts favored submissions until favorable opportunity arose to recover a reduction. A motion was then submitted in favor of an acceptance of five per cent. reduction shall be restored as soon as possible. The amendment in favor of resistance by a strike if necessary met with much support.

A Disorderly scene followed. Two propositions for a strike were reported in cheered and opponent thereof hooted down seemed as though the majority were about decided in favor of the strike when the motion for adjournment was proposed so that the feelings of the masters individually might be further tested. Advocates of the strike refused with the down proposal and the motion for adjournment not carried until four shows of hands and many appeals to meeting to be calm and not rashly plunge into another struggle.

Foreign.

LONDON, March 23.—Reuter's advices from Capetown of the fifth instant mention a report that Col. Pearson had made a raid and burnt Citawayos and Kraul, other advices of the same date, however, do not give the impression that he is in a position to undertake an offensive operation and state that the Zulus have destroyed the road from Tingela to Ekowe and seem determined to do their utmost to prevent relief from reaching him. All idea of of attempting to send him relief before the arrival of further reinforcements seems to be abandoned.

ATHENS, GREECE, March 23.—The Minister of Foreign affairs has sent a circular to the powers invoking their meditation on the frontier question between Greece and Turkey. The Frontier Commissioners of Greece have returned here. The Turkish commissioners have signed a document stating that the Porte admits the principles of rectification of the frontier, but declares the time indicated by Greece inadmissable.

Bills for Relief.

WASHINGTON, March 24.—Beck introduced a bill the settlement of accounts with certain railroad companies. Butler a bill authorizing the Secretary of War to deliver to A. P. Rhett and others four Napoleon guns for the use of Charleston, S. C., artillery. Also a bill for the relief of sufferers by the loss of the steamer J. D. Cameron.

Appointment by the President.

WASHINGTON March 24.—The President sent the following nominations to the Senate: Dr. John B. Hamilton, of Illinois to be Supervising Surgeon of the General U. S. Marine Hospital service; John M. Wilson, of Ohio, to be consul at Panama; George Scroggs, of Illinois consul at Hamburg; Joseph Hopkins, post master at Brownsville, Texas.

A Fearful Disaster in Philadelphia.

PHILADELPHIA PA., March 24.—A fire broke out this morning in the smoke house of Washington Butchers Sons 146 and 148 North Front street The flames spread over the smoke houses in the rear and communicated to roof of main building which with contents of six story was burned. Loss about $25 000—covered by insurance.

Another Shooting Affray.

BALTIMORE, MD., March, 23.—Thomas Weldon ring leader of a mob engaged it attempting to rescue a prisoner from the custody of policeman Cheney, last night was shot and killed by police sergeat Harvey who in attempting to prevent the rescue was violently assaulted. The Coroner's Jury rendered a vordict of justifiable shooting.

The assailants comprised some of the greatest desperados of the city, and several of them have served terms in the penitentiary. After the shooting Cheny took his prisoner, Henry Hamill to the station house..

A Tough Story.

St Paul Pioneer Press.

George Tarr, an Illinois detective, stopping at St. Paul hotel over night, having just overhauled two desperate murderers. Tarr dreamed that one of his prisoners had escaped that he was chasing the fugitive, and awoke to find that he had jumped throgh the window of his room, taking the sash with him, and had fallen to a projecting roof several feet below. Realizing his strange position and dress, Tarr impulsively concluded to climb up the side of the house to his room, Gripping the corner with one hand, and clawing the outside boards with the fingers of the other, and making a free use of his toe-nails, he actually succeeded in climbing up the wall like a scared cat, and entered his room without awakening any of the people about the hotel. He loosened the nails on his hands and feet, however, leaving traces of the blood he lost on the side of the building and about his room, which establish his story that he really made the wonderful ascent.

A Large Eagle.

Morning Star, Wilmington, N. C.

We saw yesterday, at the store of Mr. D. L. Gore, in this city, the claw of a gray eagle that was killed near Piratway Ferry Columbus county, about ten days ago, by Mr. M. L. Gore a brother of the above gentleman. Said eagle measured about seven and a half feet from tip to tip.

Rice and Tilden.

Frederick (Md.) Times.

If Americus Vespucius Rice is the Democratic nominee for Governor of Ohio the canvass will be a thoroughly Anti-Tilden one. Mr. Rice has small opinion of Tilden's coura e and financial opinions, and says the party has had Tilden influence enough for the present. Talk like that will shut off all contributions from the barrel for the Ohio campaign.

Had Caught Everything.

Reidsville Times.

Vance was shaking hands and being introduced to the different members at the close of the late session, in Washington, when somebody said something about "going home." That reminded Vance at once. "Do you remember old Timothy Davis?" he asked, "When we served together before the war he said to me, at the close of the session, "Well, Vance, I am going home, and I am glad of it, for I have caught every infernal thing since I've been here, from a bad cold down, except the Speaker's eye!" The crowd roared. They all knew old Tim

The Danger of Kerosene Lamps

In view of the fact that Kerosene oil is now so generally used for lights, especially since the rise in the price of gas, the following from a medical journal is particularly worthy of attention. A merchant returned home about 2 o'clock at night and found his wife lying on the bed groaning heavily, and uncoscious. She was awaiting his return, and at last tired out, laid herself on the bed, after turning down the wick of a lighted kerosene lamp as low as possible without extinguishing it. In this position of the wick, if the oil is bad, a vapor mixed with an innumerable quantity of specks of sut diffuses itself through the apartment and so covers the eyes, nose and respiratory organs, that on falling asleep one runs the risk of suffocation. It is always advisable, therefore, in the use of kerosene lamps to allow the wick to burn brightly or extinguish it entirely.—Charlotte Observer.

Pratt's Astral oil is absolutely safe under all circumstances. Burns in any lamp without smoke or smell. Julius Lewis & Co., sole agents, Raleigh, N. C.

A NEW HYMN BOOK.—We have examined the Hymn-Book recently issued, entitled "Calvary Selection of Spiritual Songs," and are pleased with the refreshing variety of hymns, and the carefully studied adaptation of the same to the tunes. It meets a long felt want in the churches, viz., a book that shall be equally good for choir use or congregational praise. The general appearance of the book is neat, the music distinctly printed, and the arrangement of hymns and subject of hymns unusually fine, quite out of the ordinary routine. The Celebrated Seven Spring Iron and Alum Mass

This is decidedly the most useful, besides being the most effient Family Medicine ever placed within the reach of any people. Its reputation extends far and wide, and its great popularity is due entirely to its own merits. For relieving Sick and Nervous Headache it may be truly said, to have no equal Dyspeptics find it just the remedy for their troubles. Mothers and daughters have long since discovered in its use a "panacea" for their worst ills; and now we have the testimonies of two eminent ministers of the gospel, from Southern cities, setting forth its specific effects in other more dreaded and troublesome diseases.

Rev. John F. Mayne, Theological Seminary, Columbia, S. C., writes: "Am afflicted with that terrible disease, 'Diabetis;' am using the 'Seven Springs Mass' with considerable degree of relief; is the only remedy I have yet found to suit my case; want to continue its use until a cure is effected if possible. Send worth of the enclosed P. O. order immediately.

LANDRUM & LITCHFIELD.
Abingdon, Va.

Mar. 10.

Our country is getting to be fearfully alarming, the average of life being lessened every year, without any reasonable cause, death resulting generally from the most insignificant origin. At this season of the year especially, a cold is such a common thing that in the hurry of every day life we are apt to overlook the dangers attending it and often find too late that a fever or lung trouble has already set in. Thousands lose their lives in this way every winter, while had Boschee's German Syrup been taken, a cure would have resulted, and a large bill from a doctor been avoided. For all diseases of the throat and lungs, Boschee's German Syrup has proven itself to be the greatest discovery of its kind in medicine. Every Druggist in this country will tell you of its wonderful effect. Over 950 000 bottles sold last year without a single failure known.

And in that thought a thousand hopes
Come springing into birth.

And smoke MENDELL's cigars,

THE SOUTHERN STUDENTS' HAND-BOOK.—This contribution to our School Literature differs from all the so called "Southern Speakers" heretofore printed, in this:—that its matter is exclusivety of Southern origin. But it makes no attempt at a complete survey of Southern oratory and literature, its chief aim being to represent, as fully as circumstances permit, the "New South" in oratory, dialectic, poetry and general literature, and omitting the hackneyed pieces which for more than half a century have done duty in all the Readers and Speakers in the land, as representative of the "Old South," thus presenting to our Schools a fresh and interesting compilation, illustrative of Southern life, sentiment and thought in their best phases, during the exciting period through which the States have recently passed. For sale by Alfred Williams & Co.

REMARKABLE cure of an Inflamed tear-duct or passage to the eye, without an operation.—Mrs. Gibson, who has a large and extensive confectionery and candy store at No. 25 Beast 42d Street, near the Grand Central Depot was about to have a silver tube inserted in the tear passage of her left eye. The enlargement and inflamation were very great. Before submitting to the operation, tried Dr. Gill's Liniment, rubbed in carefully over the inflamed duct. The inflamation disappeared the passage became clear, and was, through its power able to do without a surgical operation. Also took the Liniment internally, a teaspoonful three times a day, in a wine glass of water. Sold by all druggists.

A Remedy that has been Remedied.

The invincible repugnance felt by almost every one to the smell and flavor of Cod Liver Oil, has prevented tens of thousands of the victims of debility, from reaping the benefits of its peculiar healing and nutritive properties. The almost hopeless consumptive, the martyr to Rheumatism, the barely living shadow of men, women and children that emerge from the clutches of malarial fevers, all of these know, or at least their doctors know, that of all discovered remedies, this Oil is the best, and often the only one that will build up their wasted bodies, and restore their shattered nerves, and far more effective than the Oil by itself is Scott's Emulsion of it with the Hypophosphites of Lime and Soda. This is the finest and most natural food and medicine in the world, and wholly deprived of its disagreeable qualities. Sold by Wm. Simpson, Druggist. March 4-d&w3w

FROM A PROMINENT VETERINARY SURGEON.

Mr. Wm M. GILES, Chemist, Sir: I have practiced extensively in Europe and America, and your new discovery, Liniment Iodide of Ammonia, surpasses anything I ever used for splints, strains, lameness in the limbs or shoulders, weakness across the kidneys, wind galls, and hard, bony swellings on the joints. It is truly marvelous.

Yours very truly,
RALPH OGLE,
Veterinary Surgeon, 330 W. 25th St., N. Y.
