Wood's Therapeutics And Pharmacology.
A Treatise on Therapeutics, and Pharmacology, or Materia Medica. By Jonathan D. Wood, M. D., Professor of Materia Medica in the University of Pennsylvania; President of the College of Physicians, Philadelphia; one of authors of the U. S. Dispensatory; author of Wood's Practice of Medicine, etc., etc.
The value of this treatise may be inferred from the high reputation which the author has acquired by his previous works. The publishers, therefore, confidently trust that it will at once obtain a position equally elevated among the standard works on medicine.

Singer's Sewing Machines.
THESE celebrated machines are in practical and profitable use in all parts of the civilized world. In all the various trades, and in sewing every sort of fabric either of cloth or leather, they have been fully tried and approved.—Sewing machines of other manufacturers often fail to work, but
SINGER'S MACHINES ALWAYS OPERATE PERFECTLY,
being strong, durable, and complete in contrivance and workmanship. A perfect sewing machine kept employed affords a clear profit of $1,000 a year, but an imperfect one is a cause of constant vexation and loss. The entire reliability of our machine is one great reason for their unparalleled popularity.
MACHINES FOR FAMILY SEWING,
of a frail and delicate construction, are recommended by other manufacturers. Such machines are made to catch the eye not to perform substantial work. The truth is, family sewing machines ought to be stronger than others, because they go into less skilful hands than when sold to manufacturers, and are used for a greater variety of work. The machines which have proved best for all other purposes must be best for family use, and they are Singer's. The speed of our machines has lately been doubled. No other can compare with them in quantity of work.
New machines of the latest improved style will be exchanged on liberal terms for old sewing machines of our own make, or for operative machines of other manufacturers. Local agents wanted to sell our machines.
N. B.—All persons desiring full information about sewing machines, can obtain it by applying for a copy of "I. M. Singer & Co's Gazette," a paper devoted entirely to the subject. It will be sent gratis. I. M. SINGER & CO.

SANFORD BABCOCK, DENTIST.
Office over D. C. Murray's Store,
OPPOSITE THE POST-OFFICE.
OF all the causes which gradually reduce the human system to the final termination of life, few are more general, or more constant and effective than decay in the Teeth.
The Dental nerves are so connected with other important nerves, which have an intimate relation to all parts of the human system, that the various organs often suffer severely from nervous affections of the teeth. The nuisance of Offensive Purgery, affords the most certain means of relief and by timely application, teeth may be preserved for life. S. Babcock will perform all operations pertaining to Dentistry, with the greatest care and in a scientific manner.
Treatment of Children's Teeth in different Operations, operation for diseased Gums, Ulcers and Tumors of the mouth. Artificial Teeth inserted from one to a full set, in Gold, Silver or Platina plates with or without gums.
The greatest care will be taken to render the artificial teeth, instead of harmonizing with the laws of nature, exhibit no unmeaning, graceless expression frequently resembling the character of some other person than that for whom they were intended.

THE RALEIGH REGISTER.

STATE LEGISLATURE.

SENATE.
SATURDAY, Dec. 20.

Mr. Boyd reported against allowing J. Small and wife to live in the State.

Mr. Myers, of Anson, presented a memorial on Military Affairs.

Mr. J. B. Jones presented a memorial on Fishery matters.

Mr. Eaton introduced a bill to incorporate Warrenton Female College.

Mr. Cunningham introduced a bill to authorize the Treasurer to issue State bonds in amounts of $500.

A bill to incorporate the Holly Springs High School passed its 3rd reading.

A bill to raise the pay of the members was laid on the table.

The following bills and resolutions passed their second and third readings: A bill to authorize Plank roads to use stone and gravel. A resolution in favor of Bedford Sherrill. A resolution in favor of W. B. Beard. A bill to amend the 8th sec. 45th chap. by inserting "sale" in place of "secure." A bill providing for the registration of bonds of sheriffs and constables.

A bill to create a standard weight and measure. Mr White submitted a few remarks. Mr Holt said that his constituents were particularly interested in this bill. His county was a grain-growing section and that grain was often shipped to Norfolk and other Virginia ports. At those ports grain was bought by the bushel of weight and grain measured in our bushel and then sent to Norfolk and re-measured very seldom held out. This fact, which was not generally known, often created disputes. He was in favor of having some established rule by which the weight of a bushel of grain should be established. The discussion was continued by Messrs Gorrell, Gibson, Bryant, Cameron and Wilder. The bill was postponed to the 4th of March next by Yeas 28, Nays 9.

Mr. Clarke introduced a bill to incorporate the Methodist Protestant Female College.

Mr. Myers, of Anson, introduced a set of resolutions to be transmitted to the Legislature of South Carolina. Mr. Mills said that that Legislature had already adjourned, consequently the resolutions were tabled.

Mr Myers, of Mecklenburg, from the Committee on Internal Improvements, reported against subscribing to stock in the Seaboard and Roanoke Railroad, but proposed to extend the time of payment of the bonds of said Road.

The Magistrates of Nash to establish a bridge across Tar river.

A proposition was made to elect a State Treasurer at 11 o'clock on Monday.

Mr A. J. Jones introduced a bill to confirm the title of R. B. F. Bell to certain lands.

A bill to allow the sheriffs of Guilford, Surry and other counties to collect arrears of taxes was put on its second reading. Mr. Bryant said that he was requested by the Commoner from Surry to state, that T. J. Williams, late sheriff of said county, having been defeated in the late election, had made an appeal to be allowed to collect his former taxes. It was the wish of a large number in that county that he should be allowed to collect said taxes as he had been a faithful and efficient officer. He hoped the Senate would pass the bill. Mr. White amended by adding McDowell. The bill passed.

A bill to amend 117th chap. of Revised Code was laid on the table.

A bill to charter the Cheraw and Coal Fields Railroad Company was put on its 2nd reading. The amendments by the Committee were adopted. Mr. Christian advocated his bill with considerable zeal and ability. He said that he asked only for a simple charter, they did not ask for an appropriation, and they were even willing to pay a bonus to the State. He continued to advocate his bill for some time, but our limited space does not admit of a report of his remarks. Mr. Ramsay said he wished some information concerning the bill. He was not opposed to it nor was he in favor of it, but was open to conviction.—Mr Pool said that he felt in the same way, but did not like the aspect of any road which commences in the State and runs out of it.

Mr Dockery said he was one of the old guard of Internal Improvement men—years ago he was in favor of Internal Improvements. He stated that he did not think the Cheraw Road would injure any other Road in the State—if he thought it would, he would not vote for it. Mr. Dockery continued his speech for some time, ably advocating the passage of the bill.

Messrs. Rives and W. H. Thomas followed in favor of the bill. Mr. Holt made an explanation.

The bill was rejected by:

Mr W. H. Thomas introduced a resolution which was referred to the Judiciary Committee.

The bill to re-charter the State Bank was made the special order for Monday 12 o'clock.

The Senate then adjourned.
