SUMMER RETREATS.

YELLOW SULPHUR SPRINGS.—THIS place is now open for the reception of visitors.—This charming retreat is situated in the summit of the Allegheny Mountains, in Mongomery county, Virginia, and about 15 miles from Chyrstiansburg Depot on the Virginia and Tennessee Railroad. To persons seeking health or pleasure it offers one of the most delightful retreats any where to be found in the Mountains of Virginia. The powerful curative properties of this water have long been established, and all concerned assure visitors of the utmost attention. It is probably the best stay any in Virginia. For Catarrhal Diseases it is recommended as a specific.

Ample accommodations have been made to convey visitors to and from the Springs in splendid four horse coaches, managed by careful and experienced drivers. Also an extra line of coaches to run to any of the adjacent watering places.

MONTGOMERY WHITE SULPHUR SPRINGS. This watering place will be open for reception of visitors on the 10th day of June next. It is situated on the Eastern slope of the Alleghanies, near the centre, in Montgomery County, Virginia, seventy miles west of Lynchburg, and two hundred miles west of Richmond, within one and a half miles of the Virginia and Tennessee Railroad, from which there is a branch Railroad to the door of the Reception House.

These waters have been resorted to for many years by the people of the surrounding country, and since the place has been improved, by a very large number of visitors from many parts of the Southern country, of whom can testify to their efficacy a number of eminent.

The improvements are of a kind to render the rooms very large and airy, and many of them arranged with particular regard to the comfort and convenience of families.

The Dining-room has been much enlarged since last season, and will be under the management of

Charles G. Thompson, Esq.,

of Richmond, whose capacity as Caterer is unsurpassed.

To the seekers of Health and Pleasure, this place presents attractions in addition to those with of a Watering Place, not second to none in the Union.

In addition to the Medicinal Springs, by which visitors from all sections of the country can be brought to the door of the Reception House, there will be a daily Line of Superior Four Horse Coaches, by way of the New River to the Sulphur Springs, and the celebrated Salt Lick, to the Red, Tall, Greenbrier White Sulphur and Sweet Springs.

The Lynchburg and Abingdon Telegraph Company have constructed a branch of their line to these Springs and opened an office in the Reception House.

Ample provision has been made for the comfortable accommodation of one thousand persons, and no effort will be spared to render their sojourn pleasant and agreeable.

ALLEGHANY SPRINGS.—THIS WATERING Place, so favorably known to the public, will be opened for the reception of visitors on the first day of June. The proprietors are happy to announce that they have secured the services as general manager, of Mr. John P. Lee, (of the American Hotel, Richmond, Va.) whose long experience in the Hotel business, and well established reputation as a gentleman and caterer, are sufficient guarantee that every effort will be made to give entire satisfaction to their guests.

The powerful curative properties of this water, and its efficacy in all diseases of the stomach, liver, bowels, nervous system, &c., is well attested by the many cures, almost miraculous, which have been effected by its use. We refer with confidence to all the patrons of the former proprietor. A complete bathing establishment has been added to our accommodations for the comfort and convenience of visitors.

For further particulars, we refer to the pamphlet to be found in hotels, cars, steamboats, &c.

A splendid line of four horse coaches will convey visitors from Shawsville to this place, 35 miles, over a good road, with only one change between the two points.

PIEDMONT SPRINGS.—THE UNDERSIGNED has become the Proprietor of the above named Springs. They are situated near the centre of Stokes county, N. C., in a high, healthy, mountainous region of country, within a short distance of Dan River, the Cascades, and

"THE LOVER'S DEN,"

a very noted place in the revolutionary war. They also command a fine view of the Blue Ridge, Pilot Mountain, and Sauratown Mountains. The roads leading to the Springs have lately been greatly improved, so that they are now easily accessible to the travelling public, and during the summer season a stage from Salem will run regularly to the Springs to convey passengers. The Proprietor has been at great expense in furnishing and refitting the buildings and improving the grounds, and he pledges himself to spare no pains to render comfortable and pleasant all persons who may visit the Springs, whether for health or pleasure. The mineral waters of these springs have been pronounced by competent judges to be equal to any in the United States. The season will open on the first of June next.

$300 REWARD.—A PROCLAMATION by His Excellency THOMAS BRAGG, Governor of the State of North Carolina.

Whereas, it has been represented to me that J. R. S. Chapman, who had been convicted of the murder of Martha Franklin, in the County of Guilford, escaped from the jail of said County on Saturday night the 27th instant, and has fled beyond the limits of this State. Now, to the end that the said J. R. S. Chapman may be brought to justice, I do hereby issue this my Proclamation, offering a reward of Three Hundred Dollars for his apprehension and delivery to the Sheriff of Guilford County.

DESCRIPTION.—Said Chapman is about 21 years old, intelligent, bold countenance, small head, sandy hair, fair complexion, and weighs about 150 pounds.

Given under my hand, and the great seal of the State of North Carolina, at the City of Raleigh, this 30th day of June, A. D. 1857.

THOMAS BRAGG.

By order of the Governor:
PULASKI COWPER, Private Secretary.

$300 REWARD.—HANAWAY FROM the subscriber on the 15th of June, 1857, a negro boy named Dublin. Said boy was about twenty-one years of age when he left, and weighed about 140 or 150 pounds. He is dark complected, round-faced, full jawed, slightly bow legged, round-shouldered, inclined forward when he walks, and is very indolent. He has a scar on the middle of one ankle, caused by a wound received in a fall from a tree. I have reason to believe that he has been in the counties of Johnston, Harnett, Cumberland and Bladen, and in the towns of Averysboro' and Fayetteville, where he passed for a free man, under the assumed names of Joseph Jacobs, John H. Williams and William Caldwell, and at times followed the occupation of a drayman. I have also reason to believe that he left Raleigh in a buggy with an Irishman, probably under a pretence of being taken to a free State.

I will pay a reward of $100 for his apprehension and delivery to me, or for his confinement in any jail so that I can get him, if taken within this State; $200 if taken out of the State, and also $100 for proof sufficient to convict any white person with having harbored him, whether in or out of this State.

Mr. Black graduated at the University in 1853, with the first distinction, and has since devoted himself to teaching. He is an able man, a good disciplinarian, and occupies undeniably the first rank of his profession.

The locality too is no inconsiderable recommendation to our School. Haywood is situated at the junction of Haw and Deep rivers, the present terminus of Steamboat Navigation on Deep river, and is a pleasant, quiet and beautiful village. It is elevated and can boast of as pure an atmosphere and as good water as any place in middle North Carolina, and has access to all the productions of the fertile valleys of the above streams, consequently board will always be comparatively cheap.

As to the morality of the place, whatever it may have been heretofore, either in fact or in reputation, we guarantee that for the future all shall be well, because we intend making it the home of our families. Upon this view of the advantages offered by our School, we hope to obtain, as we are determined to merit, a large share of public patronage.

Tuition per session of five months will be:

For beginners,	$12 00
" more advanced English branches,	16 00
" higher English branches and the languages,	20 00

Board can be had at $7 per month, in the families of Capt. Bryan, R. E. Rives, Joseph Avent, Robert Faucette, B. J. Howze, Maj. Rich. Faucette and others.

SELECT MALE SCHOOL AT OXFORD. This School, which hitherto has enjoyed a high degree of prosperity under the conduct of J. H. Horner, A. M., by whom it was originally established, will be opened on the 13th of July, and arranged to prepare boys for the advanced Classes in the University.

The Rev. Jas. H. Horner, A. M., whose reputation is well known as a teacher of the Ancient Classics during the last thirteen years at Chapel Hill, will be associated with the present Principal, and Rev. T. J. Horner will continue to be an Assistant Instructor.

The school, as thus organized is designed to be permanent and of the highest grade. As it is divided into a few classes pursuing a regular course of studies, considerable time will be devoted to explanation and lecture upon the subject of every lesson by each instructor in his own department.

Important advantages are here secured by the establishment of a Library Society with its library, and an efficient system of discipline, in which especial attention is given to the habits and deportment of the young men when not engaged in the immediate duties of the School.

Its location is very eligible; the climate of Oxford is excellent, and the commodious building, lately erected, stands upon an eminence in a beautiful grove, and near the residence of the Principal and other private families, who will accommodate the students with board.

Two terms of twenty weeks each, commencing with those of the University, compose the scholastic year, and the price of Board and Tuition is ninety dollars a term.

Application should be made as early as practicable, accompanied in every instance with a statement of the age and proficiency of the applicant.

THE VIRGINIA DIARRHŒA AND CHOLERA MEDICINE.—The above medicine has been put up and sold by my house for the last three years, and I feel satisfied that I can recommend it as a pleasant and efficient remedy for the Diarrhœa, Cholera Morbus, and the incipient stages of Dysentery. Its virtues have been so satisfactorily tested as to call forth the voluntary certificates of some of our most intelligent and worthiest citizens who it can be seen by calling at my store. We have only space to append the following from the Revs. P. A. Peterson and Moorman, of the Virginia Conference:

GLOUCESTER Co., Va., Aug., 1855.

Messrs. LYON & REVES—*Gentlemen:* I have been using the "Virginia Diarrhœa Medicine," prepared by yourselves since it was first introduced and have never known it to fail in relieving even the most virulent cases of the disorder for which it is offered and proves to be a specific. The gratifying results recently witnessed from its use, move me to give this unsolicited testimony of its virtues.

Very respectfully,
P. A. PETERSON.

Having used the above medicine in my family for two years, it affords me pleasure to certify to its curative properties. I believe it to possess all its author claims for it, and do therefore recommend its use.

S. T. MOORMAN.

No one should be without this valuable family medicine. For sale wholesale and retail by the proprietor.

A NEW ERA IN SODA WATER.—I have now in successful operation the most magnificent and perfect Soda Water Apparatus that has ever been brought to this city. In this new patented process the water is charged with carbonic acid gas made directly from bi-carbonate of Soda, which is washed before it goes into the fountain so that no foreign or offensive matter is allowed to mix with the water. Attached to the fountain is a Patent Syrup Apparatus, a convenient and curious arrangement by which all are drawn from the same cork and through the same orifice with the Soda Water, thus rivaling in its capabilities the celebrated bottle trick of the Magicians. All the arrangements are so complete as money can make them. I invite all to visit the Singular Fountain and slake their thirst with its cool, sparkling and exhilirating beverage.

FOR MEDICAL PURPOSES.—I WOULD call the attention of my friends and the public generally to a very superior article of French Brandy which I have for sale in bottles or by the gallon. As a medicine, in many cases it is unequalled, and no family should be without it at this season of the year.—For a reliable article upon reasonable terms call at the Drug Store of
