Street Sprinklers are made for ornaments and not for service.

The merchants would not have so many damaged goods if the street sprinkler was used on windy days as was Tuesday.

To end a young white man on the roads for 60 days because he has kept a mean dog, he having agreed to send the dog away is rather severe punishment, is it not?

The Citizens pay taxes to buy a street sprinkler, to feed horses, to pay salaries of laborers and a salary to the Street Commissioner. Why are they not entitled to some consideration at least occasionally?

WHICH THE GREATER EVIL

One man fined $60 for retailing, another is sentenced to the roads for 60 days for keeping a vicious dog, which is the greater offense?

SALARIES FOR ALL OFFICERS

This paper has consistently and persistently advocated the payment of salaries to all public officers in lieu of fees and this should apply to State Officers as well as County Officials. An interview with Mr. A. D. MacLean on the Recorder's Court of Beaufort County (which is published in today's issue of the News) still further confirms our opinion on the question of fees and salaries. Pay all officers fair compensation for the service rendered. Every Recorder in Beaufort County should be paid a salary and no man on trial before them should be denied a trial by jury.

I WOULD EMPHASISE THE FACT that I am particularly strong on Men's, Youth's and Boy's suits. Come in and look them over. J. K. Hoyt.

Many a man is dissatisfied with his lot because it is too near his neighbor's.

After a sympathizing with his people who are in trouble many a man begins to feel like a hypocrite.

Buffalo has made the White Sox an offer for "Lena" Blackburne, but if he goes out of the big league the chances are that he will land with Hugh Duffy's Milwaukee team. Blackburne cost the White Sox $11,000 two years ago, but has never been able to catch the step with the Comiskey crew.

Beet Seed Industry of Poland.

The growing of beets for seed in Poland was started 30 years ago and has been brought to a certain perfection, so that the local seed quite equals that of the foreign, and in many cases it has turned out much better.

RECORDERS COURT

Continued from Page 1

Recorder himself and to the defendand, but a chorus will at once acclaim there would be few convictions under that arrangement. The argument for taxing the fee only in case of acquittal is as broad as it is long for taxing it only in case of conviction, but if the man whose liberty is at stake, to-wit, the man indicted, were permitted to say how it should be taxed, his answer would not be in doubt—because he is interested. Ofcourse a stipulated salary is the only proper and wise method of compensation.

In addition, the costs in the Recorder's Court are too high. He receives, as I understand, $3 for each conviction, which is more than the fee taxed for the judgment of any court. In the Superior Court there is a jury tax of $3 which goes to the County, and $1 for the judgment, together with a fee to the Solicitor if he convicts, while the officers in the Superior Court receive substantially the same fees for service of process and the like as in the Recorder's Court, but in the Superior Court it takes fifteen to twenty men, outside of the Grand Jury, to transact the business, while only two or three are required in the Recorder's Court. Without exact information, I venture the statement, judging from such as I have seen, that the cost bills in the Recorder's Court amount to more than half those in the Superior Court in the same class of cases and treble the cost in that class of cases which magistrates could try. Why should a Recorder be paid more than twice what a magistrate receives for the same kind of case? Why should he receive more in proportion than the costs of the Superior Court? Why should he be vested with more authority than any other court and be paid only in case of conviction? I refer particularly to the Recorder's Court of Washington because I am more familiar with it, but as applied to them all I say that no spasmodic sentiment for enforcement of statutes or conviction of criminals should be tolerated to undermine those safe guards of individual right and personal liberty which are essential to the preservation of law itself.

This grateful citizen testified long ago.

Told of quick relief—of lasting benefit.

The facts are now confirmed.

Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit.

Mrs. C. Pennington, 27 E. Front St., New Bern, N. C., says: "I suffered intensely from backache and sharp, shooting pains across my loins. Often I was so lame that I could hardly straighten after stooping. I knew that my kidneys were disordered for the kidney secretions were unnatural. I used just one box of Doan's Kidney Pills and this was sufficient to dispose of my aches and pains." (Statement given January 24, 1908.)

RE-ENDORSEMENT.

Mrs. Pennington was interviewed on November 28, 1910, and she said: "I can still recommend Doan's Kidney Pills, for they gave me permanent relief."
