FOR SALE!

EAGLE HOTEL, CHAPEL HILL, N. C.—The Proprietress of this well known and profitable establishment, having realized a sufficient income to warrant her in resuming the quiet of private life offers to the public generally the opportunity of bidding for its advantages.

The citizens of the State are so well acquainted with the advantages of its position, that but few remarks are necessary, to complete their information.

The Hotel, itself, possesses all the requirements of room and comfort, which its purchasers can desire. It has capacity for the accommodation of one hundred and fifty boarders, and the recent and rapid growth of the University, adjacent, makes it an easy matter to possess constantly *such* or *even* a greater number of students.

In addition to this, the frequent travel through Chapel Hill gives the Hotel, (being the only one in the place) a transient custom equal to any in the State.

The lots and stables adjoining are extensive and commodious and the country-market supplies abundantly and on profitable terms much of its provisions.

The terms of sale require one third of the price to be paid on taking possession. A note with safe security and time of payment suited to the convenience of the purchaser, are the reasonable demands for the remainder.

If further information be desired concerning the inducements to purchase, the President of the University or any other resident of the village, will furnish it.

Possession can be obtained at any time, after the 1st of May. Apply to

Important to Millers and Mill-owners!

THE Undersigned would respectfully inform those engaged in the Milling business in North Carolina, that he keeps constantly on hand, and will supply at the shortest notice, that almost invaluable article,

Young's Improved Patent Smut and Screening Machine.

The only Machine of the kind that has stood the test and given satisfaction to the public. It has supplanted every Smut Machine yet offered in the State, more or less of which have been taken down to make room for it. The public need fear no imposition, as there are now some 280 Machines running in North Carolina; and I wish to offer no other references than the gentlemen who are using them, whose expectations have been more than realized in their performance. It not only thoroughly cleanses the Wheat of Smut, but also purifies it of all other substances, almost to perfection. It takes up but 4 feet square in the mill and requires but little power. It is warranted for five years against breaking or wearing out, and also to retain its cleansing qualities for that time.

There are a number of these Machines through which 100,000 bushels of Wheat have been cleansed and they have never been out of order one day.

There was awarded to it the Premium of the Maryland State Fair, and a Premium with a silver medal, at the Fair of the Maryland Institute, at Baltimore, last Fall.

THOMAS BRANCH, Agent.
Old Street, Petersburg.
April 30, 1852. 35

Southern Female Institute.

FREDERICKSBURG, VIRGINIA.

THE next Session of this institution will open on the 1st Monday in October, and close on the last day of July, 1853.

There are two classes, the Junior and Senior.—The mode of instruction is by *daily* lectures, and text books accompanied by rigid daily examinations.

The Young Ladies are required to be present only during the lecture hours of the Class to which they may belong. Their recitations are prepared at their homes. An hour and a half a day is devoted by each Professor to each class. Quarterly reports, giving the average of class and conduct marks, will be sent to parents or guardians.

The trustees of the Institute have prevailed on many of the most respectable private families in the town to receive young ladies as boarders; thus enabling parents to subject their daughters to whatever social and religious influences they may prefer, and at the same time to avoid the evils necessarily attendant upon large Boarding Establishments.

FACULTY.

——Professor of Moral and Mental Philosophy and History.

D. Lee Powell, Professor of Mathematics.

Guillaume R. De Rinzie, Professor of Languages—Latin, French, Italian and Spanish.

Robert J. Morrison, Professor of Natural Philosophy and Chemistry.

Until an appointment is made to the vacant Chair, the duties thereof will be discharged by the other Professors.

Spring Trade.

I take this method of returning my sincere and unfeigned thanks to my frends and the public generally, for the liberal patronage which they have bestowed upon me for the last five years, and I hope, that by a strict attention to business, to merit a continuance thereof. I have on hand, at my Manufactory on Bank street, a good supply of Carriages of my *own* manufacture, which I will sell on as accommodating terms as the same work can be procured in the State. And I would also state, for the information of those who are in the habit of patronizing Northern Manufactories, that having in my employ the best workmen to be found in the City, using none but the best materials, and being myself a practical Coach Maker, I am prepared to make to order anything in my line, from a one horse Sulkey to the finest Coach that runs our streets, which I will warrant to render as much service to the purchaser as any to be found either North or South.

I am also prepared to do repairing at the shortest notice and in a superior manner, and on the most reasonable terms.
