OF INTEREST
To Merchants, Clerks, Teachers, Students, and all Men

JUST PUBLISHED—A NEW and complete set of RULES by which all the fundamental operations of Arithmetic may be performed *in an incredibly short space of time.* To become a master of them will require not more than a couple hours study of any good sound mind; and the student will thereby be enabled to Add, Subtract, Multiply, or Divide, in any sum no matter of how many figures, more accurately, (indeed, *beyond the possibility of an error,*) and in *less than one-fourth the time* required in the old system.
These Fundamental Rules are followed by an Examination into the PROPERTIES OF NUMBERS, which even further facilitates the other operations.
There is also embraced in the work,
RULES FOR THE CALCULATION OF INTEREST,
which will work out the interest at any rate upon any sum, with the utmost accuracy, and a simplicity and quickness fully equal to all the other operations by this, and vastly superior to all courses in the old plan.
Together, these form the MOST COMPLETE TREATISE on the Science of Numbers ever issued—and are incalculably valuable to all men from their never-failing accuracy, and to business men from the immense amount of time they save from the most wearisome detail of business life. Particular ly ought they to be in the hands of Merchants and Clerks, Teachers and Students, and Young Men generally.
ORDER EARLY!
☞ The copies of the few remaining hundreds of the present edition are being hurried off at a price greatly reduced from that ($5) at which the balance were sold, to make room for a new edition to be gotten up in magnificent and costly style immediately upon closing out the present one.
☞ Every purchaser is bound (as a matter of justice and protection to the copyrightist) by his sacred pledge of honor, to use the Processes for the instruction of himself only, and to impart the information obtained from them to no one.
☞ To obtain the Processes it is necessary to give such a pledge, with the price, Three Dollars, enclosed in a letter, *post-paid,* directed to P. MAY MARKLEY, Funkstown, Washington County, Maryland. The Processes will be forwarded post-paid, to the given address. —Be particular to write the name of Post Office, County, and State, distinctly; with those neglecting this, mistakes frequently occur.
☞ Those preferring it, can order copies of the forthcoming edition, which will be ready about the holidays. The price will be $6; orders sent before its issue will be filled as soon as the copies are ready, for $5.
LOCAL AGENTS WANTED.
In every town, and all through the country, great numbers of copies of these Rules can be disposed of by any one who will only take the trouble to make their scope known. They comprise that which business men, and everybody, has long felt the want of, and will gladly obtain. The nature of the business allows any one to act as Agent, and to energy *ensures* a large reward. As before explained, the business requiring privacy, orders from Agents are filled in separate sealed envelopes for delivery through their hands. When a number of three copies or more are ordered with the remittance at one time, 33 per cent. is allowed to be retained as the Agents fee; and 50 per cent. on orders for eight copies or more.

WILLIAMS, HAYWOOD & CO.

Important to Millers and Mill-owners!

THE Undersigned would respectfully inform those engaged in the Milling business in North Carolina, that he keeps constantly on hand, and will supply at the shortest notice, that almost invaluable article,
Young's Improved Patent Smut and Screening Machine.
The only Machine of the kind that has stood the test and given satisfaction to the public. It has supplanted every Smut Machine yet offered in the State, more or less of which have been taken down to make room for it. The public need fear no imposition, as there are now some 280 Machines running in North Carolina; and I wish to offer no other references than the gentlemen who are using them, whose expectations have been more than realized in their performance. It not only thoroughly cleanses the Wheat of Smut, but also purifies it of all other substances, almost to perfection. It takes up but 4 feet square in the mill and requires but little power. It is warranted for five years against breaking or wearing out, and also to retain its cleansing qualities for that time.
There are a number of these Machines through which 100,000 bushels of Wheat have been cleansed and they have never been out of order one day.
There was awarded to it the Premium of the Maryland State Fair, and a Premium with a silver medal, at the Fair of the Maryland Institute, at Baltimore, last Fall.

Important to Manufacturers.

THE Subscribers are prepared to supply all kinds of
COTTON AND WOOLEN MACHINERY,
of a superior quality, SHAFTING and MILL GEARING, with improved Coupling and Pulleys, Self-oiling Hangers, (which require oiling only once in three months:) LOOMS of a great variety of Patterns, for fancy and Twilled goods, from one to eighteen shuttles; also, for plain goods, capable of running from 150 to 170 picks per minute.
They are enabled from their extensive improvements, to produce Yarns and Goods, with comparatively little labor; and all Manufacturers before purchasing their Machinery, will do well to visit Philadelphia and vicinity, where they can see the Machinery with all the latest improvements, in full and successful operation; or they can be referred to Factories in almost every State South and West by addressing a line to the Subscribers.

VOLCANO QUARTZ MINING COMPANY,
VOLCANOVILLE, ELDORADO CO.
CALIFORNIA.
BOOKS for subscription for $75,000 of the stock of this company are now open at the office of the company, 78 Broadway, New York.
The uncommonly rich claims of this company hold out inducements, to those who are disposed to invest capital in quartz mining in California, not surpassed, if, indeed, equaled by those of any other company in that State.
The extraordinary richness of our quartz, as was witnessed by thousands at the late Fair of the American Institute, and the extent of our claims, together with the peculiarly favorable location for economical working upon a large scale, will ensure the most ample and satisfactory returns upon the investment.
It is well understood by practical men that with machinery working twenty tons of quartz, paying two cents per lb., large profits will be realized upon each day's work. It is the intention of the company to obtain machinery sufficient to work fifty tons per day, and to work it in the most economical manner, by which they feel confident of being able, from their rock which will yield from two cents to twenty dollars to the lb., to make returns to their shareholders which will not only satisfy, but surprise them.
It will be seen, by reading the pamphlet containing the charter, the laws of California, and the details of our plans of operation, that our estimates are based upon two cents per lb., and the expenses of working the mill are put, at the present high prices for labor, while it is well known to all who reflect upon the matter, that as the cost of labor shall be reduced, the income will be materially enhanced.
If we work 40 tons per day, and get two cents per lb., it will yield $16 00, while three, four, or five cents per lb., would give a proportionate increase of receipts, the expenses of working the mill would not be increased a dollar, and will be less than $470 a day.
Subscriptions can be made by mail, enclosing ten per cent on the amount; of the balance, twenty per cent to be paid on the 29th of Nov. instant, and seventy per cent on the 29th day of December next, when certificates of stock will be issued.
Pamphlets, containing the statutes of California in relation to corporations the rules and regulations of our locality, the charter and by-laws of the company, together with much other interesting and useful matter, including a map of a portion of the northern mining region, may be had gratis at the office of the Company, No. 78 Broadway, or by mail on application [postage paid.]

Piney Point Line to Baltimore.

TWICE WEEKLY BETWEEN PETERSBURG and Baltimore—Fare $5 only.—The public are hereby informed that the comfortable and commodious low pressure Steamer MARYLAND, Captain Charles E. Mitchell, having been entirely refitted, enlarged, and improved in every respect with Staterooms for those who prefer being retired, is now on the route between Petersburg and Baltimore. Passengers by this agreeable and economical line, will leave Petersburg by the morning train, on Mondays and Wednesdays, at 4½ A. M. and reach Baltimore on the following mornings in time to proceed with the early trains of those days to Philadelphia, or by the splendid new Steamer General McDONALD, via French Town and New Castle, at the rate of $2 50 from Baltimore to Philadelphia for first class passengers, and $1 50 for second class passengers, making the whole fare from Petersburg to Philadelphia only $7 50 for first class and $6 50 for second class passengers, (meals on board of the Maryland for the 2nd class passengers inclusive.) Returning, passengers will leave Baltimore on the afternoons of Tuesday and Thursday, at 4 P. M., and connect at the Creek on Wednesday and Friday succeeding with the train which arrives in Petersburg at 6 P. M., of the same days.
Fare in either direction, $5, (state rooms and meals or cabin passengers, extra,) except in the case of Ladies and families, who will have the privilege of state rooms free of charge. Forward cabin passengers, (including meals and lodging on board,) $4 50.
For further particulars or through Tickets apply at the office of the Richmond and Petersburg R. R. Co., in Petersburg.
