OF INTEREST
To Merchants, Clerks, Teachers, Students, and all Men
JUST PUBLISHED—A NEW and complete set of RULES by which all the fundamental operations of Arithmetic may be performed *in an incredibly short space of time.* To become a master of them will require not more than a couple hours study of any good sound mind: and the student will thereby be enabled to Add, Subtract, Multiply, or Divide, in any sum no matter of how many figures, more accurately, (indeed, *beyond the possibility of an error,*) and in *less than one-fourth the time* required in the old system.
These Fundamental Rules are followed by an Examination into the PROPERTIES OF NUMBERS, which even further facilitates the other operations
There is also embraced in the work,
RULES FOR THE CALCULATION OF INTEREST,
which will work out the interest at any rate upon any sum, with the utmost acuracy, and a simplicity and quickness fully equal to all the other operations by this, and vastly superior to all courses in the old plan.
Together, these form the MOST COMPLETE TREATISE on the Science of Numbers ever issued—and are incalculably valuable to all men from their never-failing accuracy, and to business men from the immense amount of time they save from the most wearisome detail of business life. Particularly ought they to be in the hands of Merchants and Clerks, Teachers and Students, and Young Men generally.
ORDER EARLY!
☞ The copies of the few remaining hundreds of the present edition are being hurried off at a price greatly reduced from that ($5) at which the balance were sold, to make room for a new edition to be gotten up in magnificent and costly style immediately upon closing out the present one.
☞ Every purchaser is bound (as a matter of justice and protection to the copyright:st) by his sacred pledge of honor, to use the Processes for the instruction of himself only, and to impart the information obtained from them to no one.
☞ To obtain the Processes it is necessary to give such a pledge, with the price, Three Dollars, enclosed in a letter, *post-paid,* directed to P. MAY MARKLEY, Funkstown, Washington County, Maryland. The Processes will be forwarded post-paid, to the given address. —Be particular to write the name of Post Office, County, and State, distinctly; with those neglecting this, mistakes frequently occur.
☞ Those preferring it, can order copies of the forthcoming edition, which will be ready about the holidays. The price will be $6; orders sent before its issue will be filled as soon as the copies are ready, for $5.
LOCAL AGENTS WANTED.
In every town, and all through the country, great numbers of copies of these Rules can be disposed of by any one who will only take the trouble to make their scope known. They comprise that which business men, and everybody, has long felt the want of, and will gladly obtain. The nature of the business allows any one to act as Agent, and to energy *ensure* a large reward. As before explained, the business requiring privacy, orders from Agents are filled in separate sealed envelopes for delivery through their hands. When a number of three copies or more are ordered with the remittance at one time, 33 per cent. is allowed to be retained as the Agents fee; and 50 per cent. on orders for eight copies or more.

Important to Millers and Mill-owners!
THE Undersigned would respectfully inform those engaged in the Milling business in North Carolina, that he keeps constantly on hand, and will supply at the shortest notice, that almost invaluable article,
Young's Improved Patent Smut and Screening Machine.
The only Machine of the kind that has stood the test and given satisfaction to the public. It has supplanted every Smut Machine yet offered in the State, more or less of which have been taken down to make room for it. The public need fear no imposition, as there are now some 280 Machines running in North Carolina: and I wish to offer no other references than the gentlemen who are using them, whose expectations have been more than realized in their performance. It not only thoroughly cleanses the Wheat of Smut, but also purifies it of all other substances, almost to perfection. It takes up but 4 feet square in the mill and requires but little power. It is warranted for five years against breaking or wearing out, and also to retain its cleansing qualities for that time.
There are a number of these Machines through which 100,000 bushels of Wheat have been cleansed and they have never been out of order one day.
There was awarded to it the Premium of the Maryland State Fair, and a Premium with a silver medal, at the Fair of the Maryland Institute, at Baltimore, last Fall.

A Line to Our Friends.
THE undersigned take occasion to return their most sincere thanks to their friends and customers for the liberal patronage they have received; and they would say to their friends that they are now better prepared than heretofore to execute all work in their line. They can now furnish the best and most fashionable CARRIAGES, from the lightest to the heaviest, and all other kinds of vehicles, such as Rockaways, Barouches, Buggies, &c.
They would say to their friends at a distance, who do not find it convenient to call and see their work, that by dropping us a line and describing what they want, they can have it sent to them.—We feel a desire to accommodate all who may favor us with their patronage. All work made and sent to order, and if we do not comply with the order we do not ask the work to be taken, nor will we think hard of those ordering for not taking if the order is not complied with, for we flatter ourselves with the belief that we can give satisfaction. All we ask is a trial. We have on hand a large and well selected stock of materials, and we have also the best set of hands that can be brought to this country; and we shall spare neither time nor expense in accomodating our friends.
In addition to the above we have made arrangements to repair all kinds of Harness at low prices. Repairing done at the shortest notice.
