GREENSBOROUGH

Mutual Insurance Company.

THE cost of Insurance on the mutual plan is but a small sum, compared with a joint stock Company. This Company being located in the Western part of the State, consequently much the larger portion of the risks are in the West, very many of which are in the country.

The Company is entirely free from debt; have made no assessments, and have a very large amount in cash and good bonds, and is therefore confidently recommended to the public.

At the last Annual Meeting the following Officers were elected for the ensuing year:

GREENSBOROUGH

MUTUAL LIFE INSURANCE & TRUST COMPANY.

THIS Company, as its name indicates, is upon the mutual principle, and embraces two distinct departments, to wit: Life Insurance and Trust departments. This attractive combination offers to Policy holders double the ordinary security, without destroying their right to a full participation in the entire profits of the Company. Premiums will be received, in cash, either annually, semi-annually, or quarterly, as may be agreed upon at the time the Policy is issued.

In the TRUST DEPARTMENT, or Deposit System, the payments made to the Company are entirely optional with the Depositor, as regards the amount and the time at which they are made. A party may pay in as much or as little, (not less than one dollar,) and as often, as may be convenient for him, without any obligation upon him to continue his payments,—and may withdraw them at his pleasure.

So that, on the plan of this Company, there is created at one and the same time an assurance *payable at death—fund available in sickness—and a provision for old age.*
