An Opportunity.

A cash prize of one thousand dollars has been offered for the best short story or novel having the Grandfather Mountain and the beautiful scenery of that locality woven into the plot.

This mountain, situated as it is in the most picturesque part of Western North Carolina, furnishes an attractive setting for an interesting story.

The selection will be made by a committee of competent reviewers, and the story must not be less than 10 nor exceed 50 pages.

Detailed information may be obtained of the Linville Improvement Company, of Linville, North Carolina.

EVER CHANGING.

OUR STOCK OF

GROCERIES

IS LIKE A RUNNING STREAM.

Hundreds Take From It,

Yet it is never diminished.

This of course, is because there is a never failing spring of supply that feeds the stream. Sluggish streams stagnate, so do sluggish groceries. They become musty, sour and stale and unfit for use. The movement here is quick; new things coming and going. We use modern methods and buy what we can sell before getting stale and pride ourselves in having a fresh stock to select from at all times.

HOW TO MAKE MONEY.

The way to make money is to save it. And the way to save it is to have your prescriptions filled at Carmichael's drug store, and you will find by doing so you will save from 25 to 30 per cent. on every prescription. We do not take goods that the people know the price and mark down to cost, and then charge two prices for a prescription to make up the loss. You know clerk hire and house rent must be paid and the profits must be averaged some way. A hint to the wise is sufficient. A full line of DeVault Flavoring Extracts in stock Mr. J. Taylor Amiss and Mr. Chas. W. Devault are with me and will be pleased to meet their friends and customers. Don't forget the place. Carmichael's drug-store, No. 20 South Main street, Asheville, N. C.

AS TO THE WATER SUPPLY.

THE ENTIRE LINE EXAMINED DAILY.

There are No Breaks in the Pipes, Only at the Joints, and they are Being Permanently Repaired as they Give Out—A Telephone Badly Needed.

As nearly as THE CITIZEN can ascertain—it seems a hard matter to be exactly correct about—the present water supply and equipment are respectively ample and of sufficient strength. None of the feed pipes have given away, but some of the joints have done so. These have been repaired as occasion demanded and the repairs have stood the strain and will probably do so in the future. As fast as the packing at the joints—hitherto, and in part, now the weak links—have given away it has been renewed. Where leaks have made this renewal necessary at one point after another throughout the whole length of the conduit there should be no more breaks for a time at least.

The main trouble in the past has been that when a break occurred the superintendent could not know it quickly enough to make the necessary repairs before the water supply became low and finally had to be shut off altogether. With a telephone line between the city and the pumping station there will be fewer stoppages, perhaps none at all.

The matter of providing such communication comes before the aldermen Friday and it is probable that it will be furnished. At all events the entire line of supply pipe is examined daily now and the city is probably assured against any serious failure of the water supply.

A GREAT TRIP.

Capt C. C. McCarty Returns From a Three Weeks' Jaunt.

Capt. C. C. McCarty returned to Asheville this morning from a trip to New York, Boston, Philadelphia, and other cities, and points of interest in the north and east.

Captain McCarty left Asheville with his family three weeks ago. They went solely for a pleasure trip. And Capt. McCarty says they had it. The greater portion of the time was spent at Branford, Conn., on the sound, where there was nothing to do but go fishing, sailing, enjoy the bathing and test the lobsters, crabs and oysters. The Captain tells a wonderful story of a catch of pickerel, which fish, he says, takes hold of bait faster than it can be thrown into the water.

While away Capt. McCarty gained ten pounds in flesh and would have gained more but for the mosquitoes, which bite unusually hard in that locality. He also has a very interesting mosquito story, which he will tell only to his friends. Capt. McCarty also took in Coney Island, where he saw 100,000 people congregated, although the day was not especially good for crowds.

The captain said his trip was thoroughly enjoyable, but he saw nothing while away that changed his opinion that Asheville is the greatest town in America.

Mrs. McCarty and children are still at Branford and will return to Asheville two or three weeks hence.

BASEBALL SATURDAY.

The Asheville and Cooper Nines to Play on the Dummy Line.

Is Asheville a baseball town?

It is doubtful. At the beginning of the baseball season THE CITIZEN took up the baseball matter, and urged the formation of a permanent club. There is the greatest abundance of good material here, and no trouble would be experienced in getting up a first class team.

If the people would show any interest in the national game.

There is a nine here composed of good material, but on account of the little interest taken in the game, the team does not practice as it should or would if encouraged by a good attendance at the games.

The Asheville nine is to cross bats with the Cooper team in this city next Saturday. The game is to take place out on the dummy line, near the spot where the A. L. I. moonlight drill was given some time ago.

The grounds are being put in good shape by President Gwyn, of the Asheville and Craggy Mountain line. Game is to be called at 2 p. m.

This will no doubt be an interesting game, and a good crowd should go out on that day, not only to encourage the players, but to see a good game between amateurs.

Remember, the day is Saturday and the hour 2 p. m.

WANTS THE NAMES.

But This is Not a Personal Fight at All.

EDITOR THE CITIZEN:—Will THE CITIZEN please give us the names of the street car company. The public want to know who they are so that when we meet them on the street cars we will know who to hold in universal and perpetual contempt for the extortion practiced on a generous public and the base ingratitude they have shown the people of Asheville for their courtesy in allowing them the free use of our streets upon which to operate their monopoly. *G. W. Peigler.*

[Wishing to return to no man evil for evil and hoping before these men are held up for public criticism, they will see the error of their way, THE CITIZEN declines to furnish the names asked for.—ED. CITIZEN.]

Columbus, Ga., Public Building.

WASHINGTON, D. C., Aug. 19.—Assistant Secretary Crouce today selected as the site for the public building to be erected at Columbus, Ga., the property at the south east corner of 1st avenue and 12th street, owned by the Graffenreid estate and offered for $14,000.

ALL FOR BLAINE.

His Name Cheered by a Pennsylvania Convention.

HARRISBURG, Aug. 19.—The republican state convention was called to order at 10:40 this morning. A portion of the speech of the temporary chairman, Hall, referring to Jas. G. Blaine as "that republican of republicans, that leader of leaders," was vociferously cheered.

After the selection of committees the convention took a recess until 2 o'clock.

HARRISON AT BENNINGTON

TAKING PART IN THE CELEBRATION THERE.

A Big Show and a Big Crowd—The Soldiers Out in Force to Help Celebrate at The Monument Grounds.

BEMINGTON, Vt., Aug. 19.—Bemington's great day dawned clear and beautiful and at an early hour all was bustle and stir with the arriving of many thousands of visitors to join thousands already here. It seemed as though the surrounding country for miles had emptied its entire population into this historic town. The decorations, so elaborate and beautiful, were the admiration and wonder of every rural eye.

Col. W. Seward Webb, accompanied by a mounted grand army post, escorted President Harrison from Gen. McCullough's house to the soldiers' home, where Gov. Page and all the living governors of the state were waiting to greet him. The president alighted from his carriage and was escorted into the house where he remained a short time while he was introduced to distinguished guests. He then resumed his place in the carriage, which with other vehicles took their places in line.

It was 1:30 o'clock before the procession moved with the Putnam Phalanx of Hartford in the position of honor as an escort to the president in the van with a score of carriages following containing distinguished guests. The camp grounds where the soldiers' home is situated and where the Vermont national grounds has been in camp for several days was filled with people when the procession moved. The president doffed his hat in salute to every manifestation of applause. The procession as it passed through the streets to the monument grounds was viewed by thousands of people, the president and many features of the pageant receiving generous applause.

NO LICENSE.

This is the Decision of Anson's Commissioners.

WADESBORO, N. C., August 18.—There has perhaps never been a case before the commissioners of Anson county which created more interest than that of Joseph Wheeler, of Wadesboro, applying for license to retail liquor in Wadesboro. This case was continued from August 3 to the 14 in order to give those who were opposed to license a chance to get legal counsel and all evidence which might be in their favor.

Early yesterday morning people began pouring in from all parts of the county. Court opened at 10 o'clock and it was only a few moments before the court house was crowded.

Joseph Wheeler's application was taken up. Col. R. T. Bennett acted as counsel for Wheeler and Maj. John D. Shaw and J. H. Bennett acted as counsel for the people and against license. There were about 25 of 30 witnesses who came from all parts of the county.

From 10:30 a. m. to 5 p. m. was taken up in hearing testimony, and most of the testimony too was against license. Witnesses living in town and from all parts of the county testified. The anti-license people began arguing the case, and Col. Bennett closed in behalf of license.

About 7 o'clock the case was given to the commissioners and at ten the decision "No License" was given out. No more barrooms in Anson for one year.—Charlotte Chronicle.

TO "PLAIN JIM.

A Noval Presentation at the Greensboro Depot.

GREENSBORO, N. C., Aug. 15.—When the Winston train with the editors aboard, homeward bound, reached Greensboro, the members of the North Carolina press association formed a circle, and Mr. A. Roscower, editor of the Goldsboro Headlight stepped forward and presented to Mr. Jas. P. Cook, better known as "Plain Jim Cook," editor of the Concord Standard, a baby's rattle which he was commissioned to do by the members of the association as a token of remembrance to the East Durham kid.

Plain Jim Cook, although taken by great surprise, responded very feelingly upon the deep disgrace brought on him by Col. Fairbrother and his Durham Globe. There was great excitement at the depot at the time, occasioned by that novel presentation as everybody believed that Plain Jim Cook would fight, but his heated passion soon cooled off. Upon his return home he says that he will institute an action for libel against Col. Fairbrother.—Winston Sentinel.

THE GERMAN CORN DUTIES.

The Question Likely to Split the German Cabinet.

BERLIN, August 19.—Herr Miquel, minister of finance, has sent a petition direct to the emperor asking the latter to suspend the duties on corn for three months. Herr Miquel has been compelled to take this step according to his friends by reason of the fact that Chancellor Von Caprivi has declined to enter into any further discussion of the question of suspending the duties on corn. The difference between Chancellor Von Caprivi and Herr Miquel, who is supposed to be the emperor's favorite, seem to increase day by day and have now reached such an acute stage that the end must be the fall of one or the other of them.

From Honolulu.

SAN FRANCISCO, Aug. 19.—The steam ship Zelandia arrived today, seven days from Honolulu. Queen Lilinokalani had about completed her tour of the Islands and was on her way to Honolulu when the steamer left. The Dowager Queen Kapiolani was attacked by paralysis Aug. 4, but at last accounts no alarming results had been manifested.

NOW THE MASS MEETING!

LET THE PEOPLE TURN OUT EN MASSE.

A Mass Meeting to be Held in the Court House, Next Saturday Night to Take Action in the Ten Cent Fare Matter—Jam the Court House.

The matter of the ten-cent fare is still in the minds of the people.

Citizens and visitors almost to a man are protesting against the increase in the street car rate.

And in order that all may give expression to their feelings in the matter, a mass meeting has been called to meet in the court house on next Saturday night, August 22, at 8 o'clock.

At the meeting speeches will be made by leading citizens, and every man who feels any interest in the city and in the rights of the public will be given an opportunity to make himself heard.

Let business men, laborers, visitors and all who take an interest in this matter turn out and fill the court house to overflowing. Let the people speak.

Some definite course of action will be adopted by the meeting looking to the securing of a lower fare on the street cars.

Are you interested?

Then keep it in your mind that this meeting will be held Saturday night, in the court house. Don't forget it. Come and let each man bring two or three neighbors with him.

Remember the date, Saturday night, Aug. 22.

Tariff for Revenue.

Blood Will Tell.

Of course it will—that is if it is good, healthy blood. It will glow in the cheek, and tell the story of perfect physical health. If it does not, if the complexion is devoid of color, the muscles weak and flaccid, something is wrong, and something ought to be done about it at once, for in such cases delays are dangerous. For torpid liver, "billousness," and the thousand and one ills to which these conditions of the system lead, there is no remedy in the world equal to Dr. Pierce's Golden Medical discovery. Boils, pimples, eruptions, scrofulous sores, saltrheum, and all kindred diseases are cured by it.
