U. S. LAND AND PENSION AGENCY.

TO all those for whom I have collected Land Warrants, less than 160 acres, I have the number and particulars of said warrant, and, by calling on or writing to me, I can get each one an increase of pay; and to all the Soldiers who rendered 14 days' service in any of the wars since 1790, they, or their widows, or minor child or children, are entitled to land. They will do well to call at this Agency. I have the rolls for the State of North Carolina.

Also, all Widows of the Revolutionary War are entitled to land. Wagon Masters and Teamsters are embraced among the numerous Laws; and all those who think they have a claim are respectfully invited to call and have their claims investigated.

My terms are no charge, unless I succeed.—After 15 years' experience, I flatter myself that I understand my business, and all the numerous laws in such cases. Give me a call, and have your claims investigated before it will be forever too late.

Enlisted Soldiers, having located lands in Illinois and Missouri, I will pay the highest cash prices for them. I have the number, Township and locations of several hundred in whose name they appear of record.

GREAT BARGAINS IN MERCHANDIZE.

IN consequence of the death of Mr. JOSIAH B. G. HOUSLAC, it becomes necessary to close his mercantile business in this city as soon as it can be.

In order to effect speedy sales, the friends of the deceased, and the public, are informed, that the store will be kept open at his late stand, and that prices will be put down, for cash, to about costs and charges, upon an average.

The stock, it is generally known, is excellent in quality and was laid in on fair terms,—embracing Fancy Dry Goods, Ladies' Articles, Mourning Goods, Carpets, Hardware, and the best Family Groceries.

The business will be conducted by Mr. Albert B. Simmons, and, as much as possible, will be attended to, on behalf of the family, by the subscriber.

Rocky Mount Mills for Sale.

TO CAPITALISTS, OR TO ENTERPRISING Business men, with a limited capital, the rarest opportunity for a fine purchase is now offered.

This property lies on both sides of Tar River in the counties of Nash and Edgecombe, one mile from Rocky Mount Depot on the W. and W. R. R., and embraces the whole water power of the river at this point. The power is made available by a solid dam of granite, laid in Hydraulic Cement, and completed within the last twelve months at an expense of near ten thousand dollars. It is probably the best dam in North Carolina.

The other improvements consist of, 1st: The Cotton Factory—a most substantial granite building, 70x38 feet, two stories high besides the basement, used for Turning shop, &c., and a commodious attic, where the reeling and packing are done. The Machinery—1716 spindles, with all the necessary machinery to run them, besides two extra frames with 132 spindles—is in fine order and turning off daily twelve hundred pounds (1200 lbs.) yarn.

For manufacturing Cotton this location is unsurpassed in the United States. The water-power is splendid and sufficient to run thousands of spindles—help to be had 25 to 50 per cent. cheaper than in the Northern States, and the raw material at the Mill, where a good buyer can buy in his stock 1 to 2 cts. per lb., below the N. Y. market.

2d. The Grist Mill, an excellent frame building 40 feet square on walls of stone (laid in Cement) that will stand forever. There are five pairs of stone in the Mill—two pr. Singer's Sewing Machines.

ALL Persons who desire to obtain full and reliable information respecting SINGER'S SEWING MACHINES—their price, capabilities, advantages, sizes, improvements, method of working, means of procuring them, and all other particulars—can do so by applying at our office

No. 323 BROADWAY, NEW YORK,

by letter, or in person for

L. M. SINGER & CO'S GAZETTE.

This paper is devoted entirely to the Sewing Machine interest. Copies will be supplied gratis to all interested.

N. B.—The unparalleled success of our Sewing Machines has induced several fraudulent imitations of them, besides numerous infringements of our patents—of which we own sixteen. Suits for the infringement of our patents have recently been decided in our favor in the U. S. Circuit Courts in New York and New Jersey.—

In these suits the great principle of *Holding down the fabric to be sewed to the surface of the Machine, by a yielding pressure,* which is used in all Sewing Machines—has been fully established. The Wheeler & Wilson, and the Grover & Baker Sewing Machines, as we allege, each infringe three distinct patents, owned by us. We have suits against them in several of the U. S. Courts, which will soon be tried. We hereby caution the public not to buy any infringing Machines, as they can be compelled by law to stop using them, and to pay costs and damages.

Local Agents wanted to make sales of our Improved Sewing Machines. To persons properly qualified for the business, a rare opportunity for profitable and pleasant employment is offered.

New and improved Machines exchanged on liberal terms for old Machines of every kind.
