A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest content of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the roots of the hair, where it sucks the vitality. This little white worm, the germ throws up a barrowing, so called dandruff. No cure, dandruff is permanently checked to stop falling hair that seems sure to be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and allows strong, healthy hair to present. Delicious. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Dept. M, Detroit. Two sizes, regular and $1.00 size. Wells Pharmacy, Sole Agent.
