There were several of the summer visitors entertained by Mrs. Means to meet the guests of honor, a sufficient number for four tables of bridge hundred, which was played during the evening.

The annual meeting of the board of directors of the North Carolina Children's Home society was held the latter part of the week in Greensboro, and the officers for the year elected. Dr. S. Westray Battle, for some time a director of the society, was elected president at the recent meeting. Dr. Battle's election has given rise to general satisfaction and it is felt that his influence and interest will be of great benefit to the work. The vice-presidents elected were: R. F. Dixon, Dr. Francis P. Venable, and Mr. J. Van Lindley. Dr. J. S. Betts, of Greensboro, was elected secretary, and Mr. Neal Ellington treasurer. Mr. E. L. Stokes was elected financial secretary of the society. Mr. William R. Streeter the state superintendent, is not subject to the annual election, and continues his fine work in the interests of the society, with present headquarters in Asheville. The society has received during the last five years and placed in homes, 350 children. Only the destitute and homeless children of white parents are received and homes are provided for them, where they are under the constant supervision of the society until they are of age. It is the business of the superintendent to visit at frequent intervals the various institutions.

The following report is taken from The Greensboro Daily News in its initial issue:

"At the meeting of the board of directors of the North Carolina Children's Home society, held last Friday evening for the purpose of electing the officers of the corporation for the year, a strong letter from Col. W. H. Osborn, who has been the president from the beginning, was read, and he urging that a new man be elected, his request was granted, and Dr. S. Westray Battle, of Asheville, was unanimously chosen. Mr. R. D. Douglas also requested that another be elected vice president in his stead, he also having served from the beginning, and Mr. J. Van Lindley was elected. The official staff of the corporation now stands as follows: President, Dr. S. Westray Battle, Asheville; vice-presidents, Dr. R. F. Dixon, Raleigh; Dr. F. P. Venable, Chapel Hill; J. Van Lindley, Pomona; secretary, Dr. J. S. Betts, Greensboro; treasurer, Neil Ellington, Greensboro; financial secretary, E. L. Stokes, Greensboro. W. R. Streeter continues as state superintendent and has as his assistant Mrs. Streeter, and as field workers, Miss Sadie Bilyeu and Mrs. Nannie Williams, with Miss Cicil Pede in the office. Miss Belle R. Thomason is also in the field as needed. In his report for the year, the superintendent said that the society had been connected to date 785, new children during the year and had investigated the claims of each. Of these 87 had been received into legal custody, several others will become wards, but for the majority a solution of the problem of need had been found without taking actual charge of the children. 223 families asked for children and 182 of these were visited by our representatives. 237 visits were made to children already in homes. In the placing out department, 97 were handled during the year, 82 being put into good homes. At this date the society has over 250 wards that it is looking after. Of those on hand needing better home are more interesting or more to be desired by empty hearts than twin brown-eyed girls, now 15 months old. The society desires to keep them together. In his letter declining to retire as president, Colonel Osborn paid a high tribute to the noble work of the society and to the efforts of Superintendent Streeter and Mrs. Streeter. He urges all citizens to give liberally to this deserving charity.

Mrs. George Davidson will be hostess at a bridge party this afternoon given in honor of Miss Jessie Brothers of Kentucky.

Chambers.

The Colonial has been much in evidence in the social functions of the past week, the guests having enjoyed one round of pleasure after another in quick succession. One of the chief pleasures was a coaching party given by Mr. Cornelius Poyers of Charleston, S. C., in honor of his sisters, and chaperoned by Mrs. I. J. Gracy of New Orleans, La., and Mrs. H. L. Morrison of Reidsville, N. C. Among the guests were Miss Jones of Reidsville, N. C., and Mrs. Vernon and sister of Texas. The weather was entirely propitious for such a pleasure and well may Mr. Powers boast of having a charming group of fair women under his escort. He proved himself, verily, a Chesterfield in courtesy and was easily dubbed the "flower of knighthood." The week's pleasures culminated in a charming garden party on the Colonial grounds given by its hostess, Mrs. O. L. Neville, who has easy preeminence among the hostesses of which Asheville may boast. The dainty collation served during attractive music by a stringed orchestra, together with the repartee indulged in by the wit and humor with which the guests are endowed made it at once the most attractive evening of the week's pleasures, particularly so when the dancing on the lawn and later in the spacious dining room was indulged in until a later hour. The Colonial guests boast of their hostess as the most charming of the city and the compliment is well deserved and most worthily bestowed as is shown by her guests returning to her season after season.

Do You Know It Requires 4 to 6 Years

to build a Stieff or Shaw piano, from the time we place the lumber in our lumber yards until the piano is finished? We air-dry all our lumber and that is one reason why our pianos are so thoroughly good.

The Lumber

in about two-thirds of the pianos made is in virgin forests less than twelve months before they are finished ready to sell. They are made out of kiln dried lumber and this is the principal reason they will not stand and are so unsatisfactory after a few years. One piano in a lifetime is enough and if that piano is STIEFF it will.

QUEEN ZENORA

ARRIVED! ARRIVED! ARRIVED! THE PROPHETESS.

Fees very reasonable—within the reach of all.

ZENORA DOES NOT REQUIRE YOU TO WRITE YOUR QUESTIONS, NEITHER DOES SHE ASK QUESTIONS DURING THE LENGTH OF HER READINGS, BUT READS YOUR LIFE AS IF SHE PERSONALLY KNEW YOU FROM BIRTH.

Zenora is a remarkable woman. For twelve years she mystified the people of New York city (which city is her home) with some remarkable phenomena. As a clairvoyant and psychic she stands without an equal. But this is a side issue with her. Her greatest work and the kind that gives good for thought to all thinking men and women is the fact that she proves that "thoughts are things" and "what one fears generally comes to them."

Her study in occultism has proven to be a blessing to thousands of men and women. Her power in bringing satisfactory results in business transactions, love, domestic affairs, sickness and all affairs of life has caused a sensation.

How is it done? Zenora does it by the power of mind together with the hidden forces she has made a life study, of being developed to a degree not equalled by any others in this country.

Ponder on the following. Not more difficult is the causing of satisfactory husband or wife to receive the impressions in their minds of those they left behind and produce the desired results, viz: a reuniting—than it is to send a message thousands of miles without wires. This is an age of progression. Everything is possible. Zenora's clients are men and women in the best walks of life, and hundreds owe their success, prosperity and happiness to her powers.

If you are worried, depressed, melancholy or unsuccessful, call and interview this woman.
