## MISCELLANEOUS.

### THE BRIEFLESS BARRISTER.

BY JOHN G. SAXE.

An attorney was taking a turn,
In shabby habiliments dress;
His coat it was shockingly worn,
And the vest had invested his vest.

His breeches had suffered a beach,
His linen and worsted were wore;
He had scarce a whole crown in his hat,
And not half a crown in his purse.

And thus as he wandered along,
A cheerless and comfortless elf,
He sought for relief in a song,
Or complainingly talked to himself.

"Unfortunate man that I am!
I've never a client but grief;
The case is, I've no case at all,
And in brief, I have never had a brief!

"I've waited and waited in vain,
Expecting an opening to find,
Where an honest young lawyer might gain
Some reward for the toil of his mind.

"'Tis not that I'm wanting in law,
Or lack an intelligent face,
That others have cases to plead,
While I have to plead for a case.

"O, how can a modest young man
E'er hope for the smallest progression—
The profession's already so full
Of lawyers so full of profession?"

While he was strolling around,
His eye accidentally fell
On a very deep hole in the ground,
And he sighed to himself "It is well!"

To curb his emotions he sat
On the curb-stone the space of a minute,
Then cried, "here's an opening at last!"
And in less than a jiffy was in it!

Next morning twelve citizens came,
(Twas the coroner made them attend)
To the end that it might be determined
How the man had determined his end!

"The man was a lawyer, I hear,
Quoth the foreman who sat on the crew.
"A lawyer?" Alas!" said another,
"He undoubtedly died of remorse!"

A third said, "He knew the deceased
An attorney well versed in the laws,
And as to the cause of his death—
'Twas no doubt from the want of a cause."

The jury decided at length,
After solemnly weighing the matter,
That the lawyer "was drowned because
He couldn't keep his head above water!"

### Intelligencer Newspaper.

NOTICE.—In consequence of the absence of several persons who were expected to be present at the sale on yesterday, the subscriber concluded that he would not offer the INTELLIGENCER for sale at auction. He now offers the INTELLIGENCER OFFICE, including PRESSES, TYPES, and other material heretofore enumerated, together with the "good will" of the paper, (the value of which may be accurately ascertained by reference to the books,) at the minimum price of $11,000, payable in 9, 12, 18 and 24 months for approved, endorsed negotiable notes. The books will show that the net cash income of the paper (excluding all emoluments to editors) has been over $4,000 per annum for the last seven years, and that in some years it has reached $6,000.

To the purchaser of the Newspaper, the BUILDING, in which it is conducted and built expressly for the purpose, on Bank street, adjacent to the Exchange Bank, will first be offered at a fair valuation, and should he decline to purchase, it will be sold at auction.

As the subscriber will return to Raleigh in a few days, and as it is best that the negotiation for the purchase of the paper should be conducted in Petersburg, he prefers all persons desiring to purchase to Messrs PANNILL & SON, who have full power to act for him in the premises.

N. B.—Until the sale of the Newspaper Office, the paper will be continued as usual

### Trustee's Sale.

WAKE COUNTY, N. C.—By virtue of a deed of trust to me executed by William J. Clarke, dated 27th of December, 1855, registered in Book XX, pp. 791, 792, records of Wake County, and for the purposes therein specified, I hereby offer for sale ONE LOT, on Newbern St., in the City of Raleigh, purchased by the said Clarke of the Clerk and Master in Equity for Wake County, at a sale under a decree of the Court of Equity, for partition, between the heirs of John C. Stedman, deceased: together with the buildings and appurtenances thereunto belonging.—the same being formerly the residence of the said William J. Clarke The lot contains an acre, in high cultivation, is free from nut grass, contains many bearing fruit trees, and is situated directly opposite the Bank of the State and the Episcopal Church in said City, and is about one hundred yards east of the east gate of the Capitol Square. Repairs to the amount of $1000 have been recently put upon the buildings, four in number, including a dwelling house, with six rooms, an office, two kitchens, etc.

Also, by virtue of the same deed, and for the benefit of all concerned, I offer for sale a valuable tract of land, thirty two acres, upon Neuse river, in the county of Wake, with the buildings thereon, known as the NEUSE RIVER OIL MILLS. Price $4,000. The mill seat sold fifteen years ago to Clarke and Jeffreys for $2,000. Since that time, an entirely new Saw and Oil Mill, with press-hullers, heaters, flattening mill, and jompers, and a new dam, have been erected and added thereto. This property was lately appraised at $5,000

The object of these sales being mainly a change of investment, I am authorized, upon the money being safely secured, to let it go upon a liberal credit. To any one disposed to locate in Wake, and engage in a lucrative business, the present is a rare opportunity for securing a town residence and a business stand in a populous country neighborhood. They will be sold together or separately, and the title warranted.

EDWARD CANTWELL,
Trustee.

DEBURG'S NO. 1, AMONIATED SUPER PHOSPHATE OF LIME.—The attention of Farmers and Planters is respectfully called to the above invaluable compound for their approaching spring planting.

The Manufacturer begs to assure his friends and patrons that they may always depend upon being supplied with a GENUINE AND UNIFORM ARTICLE, for he constantly superintends in person, the entire process of manufacturing and putting up for sale.

This article has now been before the community for the period of five years, during which time it has been analysed by a large number of the most reputed Chemists in different places, and has been tried by various Farmers in nearly every State in the Union with almost unvarying success. Perhaps one of the best proofs of its value is the greatly increased demand, unprecedented in the history of Artificial Fertilizers, and not equaled by Peruvian Guano itself; over which it possesses much advantage, from the fact of the ammonia, so volatile a matter in Guano, in this preparation being a chemically fixed agent, only dissipating itself progressively. When incorporated with the soil, this available salt or sulphate, amalgamated with soluble phosphate, becomes fitted food for plants of all descriptions, and is by them readily taken up. It will be found quite as active in inducing early maturity as Guano, and much more durable and fortifying to the soil and less volatile.

As there are a large number of Super Phosphates in market for the value of which I would not like to be responsible, I earnestly request all purchasing to be careful to obtain the GENUINE ARTICLE, which will be warranted by my accredited agent, all of whom are of acknowledged respectability for the good character of my Super Phosphate. All packages will be distinctly branded. Consumers and dealers will be enabled to make arrangements for their supply on as equitable terms with my agents as with myself.

MESSRS. H. C. HARDY & CO., are my accredited and sole Agents for the city of Petersburg. C. B. DEBURG,

*Agricultural Chemist and sole Proprietor, Williamsburgh, L. I.*
