Hints for the Fall Cleaning

A little kerosene put on the dust-cloth will brighten furniture, and keep the dust from flying from one piece to another.

Leather-seats may be freshened and revived by rubbing them with the whites of eggs. Leather book-bindings respond to similar treatment.

Add a little turpentine to the water with which the floor is scrubbed. It will take away the close smell and make the room delightfully fresh.

To refresh the carpet: Add a very few drops of ammonia to a bucket of tepid, soapy water, and rub into the carpet with a woolen rag. (Any other material causes the lint to rise.)

If brass or copper, after cleaning, is rubbed with soft newspapers, it will look much brighter and keep so much longer.

To cleanse unpainted wicker furniture, or the seats of rush or cane-bottomed chairs: Dust thoroughly. Dissolve a tablespoonful of washing soda in a quart of lukewarm water. Apply briskly with a scrubbing-brush. Put the article where it will dry as quickly as possible.

For cleansing silver easily and effectively, dissolve a tablespoonful of prepared chalk or whiting in a pint bottle of ammonia. Shake well and apply with a rag or sponge. Let the solution dry upon the silver, then remove with a chamoise-skin. Use a soft brush to dislodge the powder from the crevices.

Gum camphor kept in the case or closet with new silverware will tend to prevent tarnishing.

Boiling pots in soda will destoy impurities and make "shine." A little sand and soap will remove the "hard spots" thoroughly.

Equal parts of milk and water, applied with a small sponge, will make the leaves of a palm or rubber plant look like wax, and prevent their turning brown.

Kerosene in the boiling whitens clothes safely, especially such as are yellow from being stored away.

Clear boiling water will remove tea stains. Pour the water through the stain, thus prevent its spreading over the fabric.

For coffee stains pour boiling water through the soiled spot, then dip in strong ammonia water, rinse in cold water, and put in the sun to bleach.

Iron rust can be removed from fine linen (unless the stains have been of long standing) as follows: Soak the spot well. Pass a hot iron over a wet cloth, and when the latter steams put it under the stained article. Then on the upper side of the goods, rub a little oxalic acid where the spots show. When the rust disappears, wash the whole piece with soap.

Appropriate Sauces.

From the scrap-book of a Southern woman, famed for her taste in arranging dinners, we were allowed to copy the following list of sauces that appropriately accompany the different kinds of meat and fish enumerated:

Roast Beef—Grated horseradish.
Roast Mutton—Currant jelly.
Boiled Mutton—Caper sauce.
Roast Pork—Apple sauce.
Roast Lamb—Mint sauce.
Wild Duck or Game—Black currant jelly.
Roast Goose—Apple sauce.
Roast Turkey—Oyster sauce or cranberry jelly.
Roast Chicken—Bread sauce, onion sauce or white cream sauce.
Compote of Pigeon — Mushroom sauce.
Broiled Fresh Mackerel—Sauce of stewed gooseberries.
Broiled Blue Fish—White cream sauce.
Broiled Shad—Rice sauce.
Fresh Salmon—Green peas with cream sauce.

A DELICIOUS DISH.

Barley and Prunes a la Dalberg. Boil half a pound of barley in salt water for one hour. Then add half a pound of stoned prunes, a teaspoonful of good butter, sugar to taste, two teaspoonfuls of lemon juice, and a stick of cinnamon, broken. Let all boil over a slow fire for about half an hour. This will be found a delicious dish, and sure to be liked by all who try it.

GENERAL NEWS.

Bryan Outlines Issues.

Lincoln, Neb., Sept. 12.—In a letter to George W. Harris, the Bryan Travelling Men's Club of St. Louis, made public today, W. J. Bryan outlines what he believes will be the leading issues of 1904. Mr. Bryan believes that the silver question is not settled; that the fight against trusts must continue together with opposition to Government by injunction and finally, that the Kansas City platform bids fair to be as sound a declaration of Democratic principles three years hence as at the time it was adopted.

St. Louis, Sept. 12.—A mob of negroes this morning seized three negroes in jail at Cairo, Illinois, for the murder of Wash Thomas, and lynched them at Wickliffe, Ky. The particulars are meagre and little can thus far be learned.

RELIEF IN SIX HOURS.

Distressing Kidney and Bladder Disease relieved in six hours by "New Great South American Kidey Cure." It is a great surprise on account of its exceeding promptness in relieving pain in bladder, kidneys and back, in male or female. Relieves retention of water almost immediately. If you want quick relief and cure this is the remedy. Sold by Henry T. Hicks, druggist, Raleigh, N. C.

MOSQUITO NOT THE CAUSE.!

Of the Dying Off of Many Horses in Hyde County.

"The fatal epidemic among horses in the extreme eastern counties has abated and about disappeared," said Congressman John H. Small, who was here yesterday on his way to Asheville.

Referring to the fatal disease among horses in Hyde, Dare and other eastern counties Mr. Small said the news was very gratifying. The disease has about disappeared. The congressman said he learned that 320 horses died in Hyde county and about 40 in Beaufort.

"The State Commissioner of Agriculture, Mr. Patterson, and the veterinarian, Dr. Butler, were in Washington Tuesday on their way to Hyde county," Mr. Small said. "Dr. R. W. Hickman, of the bureau of animal industry in the department of agriculture has been in the eastern counties making an examination of the disease. I made the trip with him through Hyde county. He failed to find a case in the acute stage. Dr. Hickman would not express an opinion, but he thought that the disease was cerebro spinal meningitis. He does not believe that it was propagated by the mosquito."—Raleigh Post.

Senator Wellington Disgraced.

Baltimore, Sept. 11.—By a unanimous vote the Union League of Maryland at the meeting tonight expelled Senator Wellington from that organization. President McDonald presided. The resolution of expulsion recites the attempt on the president's life, deplores Wellington's countenancing the act and says the conduct of Wellington demonstrates his unfitness to associate with loyal citizens and it is therefore "resolved that he is hereby expelled from the membership or the Union League of Maryland."

Speaking on the resolution two members denounced Wellington. A copy of the resolution was sent to Wellington tonight. Congressman Jackson of the First district said that if he were guilty of uttering such language as Wellington is charged with using he should be requested to resign from the Senate.

Ten Great Cities.

The populations of the largest cities in the world, according to the latest figures, are as follows:

London	1901	4,536,034
New York	1900	3,437,202
Paris	1896	2,536,834
Berlin	1901	1,884,151
Chicago	1900	1,699,575
Canton, China	——	1,600,000
Tokio	1898	1,452,564
Vienna	1891	1,364,548
Philadelphia	1900	1,293,697
St. Petersburg	1897	1,227,023

It will thus be seen that of the ten leading cities the United States have three, while no other country has more than one.

New York is increasing in population faster than any other city in the world, and in a few years will head the list.

Don't think less of your system than you do of your house. Give it a thorough cleansing, too. Take Hood's Sarsaparilla.

Styles for the Winter.

The easiest and simplest way we can suggest for our readers to get a good idea of the styles that will be popular this winter is to buy a copy of the October Delineator, just on sale at every news stand. The Delineator for October foreshadows, by means of its New York, Paris and London connections, those tendencies of fashion which will certainly prevail.

In addition to the fashion features and practical dressmaking advice that has made The Delineator famous, the October number is full of good general reading, most tastefully illustrated under the immediate direction of the well-known artist, William Martin Johnson. Mr. Johnson's work is known to lovers of the beautiful, by reason of the Garfield edition of Ben Hur, as well as some other books of large sale. Mr. Johnson believes in illustrations that illustrate, rather than in pictures that only ornament a page. The whole October number of The Delineator is full of interest to men as well as women.

Poison Oak Poison Ivy

are among the best known of the many dangerous wild plants and shrubs. To touch or handle them quickly produces swelling and inflammation with intense itching and burning of the skin. The eruption soon disappears, the sufferer hopes forever; but almost as soon as the little blisters and pustules appeared the poison had reached the blood, and will break out at regular intervals and each time in a more aggravated form. This poison will loiter in the system for years, and every atom of it must be forced out of the blood before you can expect a perfect, permanent cure.

SSS Nature's Antidote FOR Nature's Poisons, is the only cure for Poison Oak, Poison Ivy, and all noxious plants. It is composed exclusively of roots and herbs. Now is the time to get the poison out of your system, as delay makes your condition worse. Don't experiment longer with salves, washes and soaps—they never cure.

Mr. S. M. Marshall, bookkeeper of the Atlanta (Ga.) Gas Light Co., was poisoned with Poison Oak. He took Sulphur, Arsenic and various other drugs, and applied externally numerous lotions and salves with no benefit. At times the swelling and inflammation was so severe he was almost blind. For eight years the poison would break out every season. His condition was much improved after taking one bottle of S. S. S., and a few bottles cleared his blood of the poison, and all evidences of the disease disappeared.

People are often poisoned without knowing when or how. Explain your case fully to our physicians, and they will cheerfully give such information and advice as you require, without charge, and we will send at the same time an interesting book on Blood and Skin Diseases.

A PRETTY OFFER.

Something That Will Please the Ladies of The Household.

There is something pleasant and cheery in the words "Good Times," no matter whether they are applied to existing conditions, to some period in the future, or as a name to a book or paper or anything. There's never any disadvantage in hearing the words

A very attractive and interesting magazine—one that will especially interest the lady members of a household is named "Good Times." It is published monthly and is remarkable for the number of timely and good things it contains. There is an announcement of this magazine in this issue, and we will keep it before the public for the next month.

There is a way for any one to get this publication six months free of charge. The CAUCASIAN will send it six months free to any old subscriber who will renew, and to any new one who will subscribe during the months of Aug. and Sept.

This opportunity is worth taking advantage of

Only a Mask.

Many are not being benefitted by the summer vacation as they should be. Now, notwithstanding much outdoor life, they are little if any stronger than they were. The tan on their faces is darker and makes them look healthier, but it is only a mask. They are still nervous, easily tired, upset by trifles, and they do not eat nor sleep well. What they need is what tones the nerves, perfects digestion, creates appetite, and makes sleep refreshing, and that is Hood's Sarsaparilla. Puplis and teachers generally will find the chief purpose of the vacation best subserved by this great medicine wich, as we know, "builds up the whole system."

Loss of Appetite.

A person that has lost appetite has lost something besides—vitality, vigor, tone.

The way to recover appetite and all that goes with it is to take Hood's Sarsaparilla—that strengthen the stomach, perfects digestion and makes eating a pleasure.

Thousands take it for spring loss of appetite and everybody says there's nothing else so good as Hood's.

FOR OVER FIFTY YEARS

Mrs. Winslow's Soothing Syrup has been used for children while teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. Twenty-five cents a bottle. Sold by all druggists throughout the world.

Now is the time to subscribe to the CAUCASIAN. Only $1.00 a year.

Men can be cured privately and positively at home of all weakness and disease. Write for new free book to Dr. J. N. Hathaway, 22½ S. Broad St., Atlanta, Ga. tf.

R·I·P·A·N·S

When feeling poorly—without appetite—without refreshing sleep at night—tired and irritable in the morning, don't get alarmed—commence the use of Ripans Tabules, a remedy which, according to actual testimonials received from reliable people who have taken them, never fails to cure or greatly benefit even in aggravated cases. Ripans Tabules act mildly—almostly imperceptibly—but surely and safely on the entire system as a regulator, stimulator and restorer of nerve tissue, health and strength. Ripans are a clean unobjectionable medicine for men, women and children.

There is scarcely any condition of ill-health that is not benefitted by the occasional use of a R.I.P.A.N.S Tabule, and the price, 10 for 5 cents, does not bar them from any home or justify any one in enduring ills that are easily cured. A family bottle containing 1 50 Tabules is sold for 60 cents. For sale by Druggists.

Reasons Why you Should

Insure in the The Manhattan Life

Its business is confined strictly to the most healthy portions of the United States, thus its policyholders constitute what you might call a preferred class.

It is one of the strongest companies in the World, and its assets are big enough—$16,367,636.00—all gilt edged, and are invested entirely in America, thus receiving the constant care and attention of the officers of the company.

It is an American company, amenable only to our own laws and not subject to the dictation of various foreign governments.

It is not a racer for new business, the watch words of the company being, Strength, Solidity and Security.

Its policies are simple, clean, straightforward contracts.

Its management has been practically the same for a quarter of a century.

It has paid its policyholders since organizatiod over $45,000,000.00.

We judge a company as we do a man. What are its morals? When other companies deserted the Southern Policy-holder, and used bot the money he had contributed towards their success, and their influenc to destroy him, the Manhattan stayed firm as a rock—"Justice" wa their motto. See what a distinguished Statesman of Georgia says:

STATE OF GEORGIA,

Treasury Department.

Atlanta, Ga., May 12, 1891.

Why Mr. Hardeman had a policy in the MANHATTAN LIFE.

Maj. Jos. H. Morgan, Special Agt. Atlanta.

Dear Sir:—As agent of the Manhattan Life Insurance Company of New York, it affords me pleasure to say to you that my father was insured in your company, and by reason of the late war, he was unable to reach your company and pay his premiums as they fell due; and that after the cessation of hostilities, my father having died during the war, your company have paid to my mother the amount of his policy less the amount of premium unpaid. Yours Truly,

(Signed) R. U. HARDEMAN, State Treaturer.

And this was not an isolated case by no means.

So soon as the civil war was over the Manhattan announced that the company was ready to communicate with the old policyholders, inviting them to reinstate their policies, making one condition only, that the policyholders should be in good health.

Such an act of generosity was unthought of by any other company or corporation.

Knowing that their Southern policyholders were, most of them, men who had made every sacrific possible for the land that they loved, and that had been reduced from affluence to poverty, they offered, in lieu of ready money to accept a note covering the entire premium during the time that payments had lapsed. In addition to that they placed these policies on the same footing of other policies of the same date, in regard to dividends and and annuities.

The company went even further: In cases where the insurer was unable to comply with these very liberal terms, or did not care to renew the policy during these troublesome times, the Manhattan agreed to pay the purchase value of the policy as it stood on the date of the lapse from the non-payment of premiums.

Although the Manhattan has made no boast of this act of generosity, which was not followed by other Northern Companies, "on the ground that the disloyalty of Southern policyholders vitiated their contracts," still it remains on record that the Manhattan was true and steadfast, honest and equitable, when all others forsook the old soldiers in the time of their direst necessity.
