PARKS AND SQUARES.

Let the People Rally to the Support of the News

AND HAVE A RESORT

Away from the Scorching Rays of the Mid-Summer Sun—Read and Reflect.

THE NEWS has worked vigorously for a city park, or a square, where the little ones can find a shady retreat, during the summer solstace to aid in warding off or lessening the violsnce of that infantile destroyer—cholera infantum. The sum so far contributed is possibly $500. This amount will not accomplish the purpose but the desired end can be attained by the property holders in the immediate vicinity joining issues thereby making an immediate success of the valuable suggestion. Property adjacent will be greatly benefitted and in consequence the neighborhood in which it is proposed to make the NEWS' park should aid that paper in a substantial way. It will take at least $5,000 to beautify the spot selected by the NEWS, but that amount will be but a drop when compared to the good accruing to the surrounding property. At this time, the conversion of the lot in question into a neat little "park" would be a fitting associate of private enterprise akin to the great benefits now being bestowed on Charlotte by the Four C's company. The latter has asked no aid from the people, but it is spending thousands of dollars in building throughout the broad land Charlotte and her advantages.

C 4's EXCURSION RATES Tickets Good for Five Days.

KEEP YOUR EYE ON

DILWORTH,

"THE CITY OF AVENUES."

A Suburban Town Site of 450 Acres, forming the Southern Corporate Limits OF

CHARLOTTE, N. C.

The Queen City of the State. A Boulevard 100 feet wide, goes a 3 mile drive around DILWORTH and its avenues, running at right angles are 60 feet wide, constructed with a view to sanitary and sewerage purposes, with water facilities. One hundred thousand dollars has already been spent on this property and no money more. Thousands will be expended in the near future. The property contains the beautiful LATTA Park of 80 acres, a lovely feature of which is Forsyth lake nearly 1200 feet long. Taken altogether, this is the prettiest resort of its character in the "Dixie" country. At LATTA Park there are now in course of construction, and will be completed by August 1, 1891, a pavilion designed by the celebrated Norman, "the architect of beautiful designs," together with a keepers lodge, unique in character and a conservatory after the English pattern, at a cost for the buildings and furnishings of over $13,000, together with other attractive features, now being arranged for by the

Charlotte Consolidated Cons. Co.

The company will offer at public sale on the premises on

MAY 20, 21, 22, 1891,

a number of valuable building lots, in the immediate vicinity of the picturesque places above described. Terms of sale: One-fourth cash, balance in 1, 2, and 3 years. The visitor to Charlotte on that day, will be present also at the regular annual celebration of

Mecklenburg Declaration of Independence.

This great day is a feature of North Carolina's Queen City and is well worth the trip from the remotest section of our surrounding country. The purchaser of a lot, or lots, will be rewarded with the return of the cost of his fare to the sale, irrespective of business, the pleasures of the day will amply repay all for the outlay. Celebrated music will be on hand to enliven the party. Ample accommodations for visitors, through fare to be had at a large number of boarding houses. A finely equipped electric city railway to carry passengers over Charlotte and her environs, now decorated in their beautiful Spring attire.

Take a note of it, to visit DILWORTH and CHARLOTTE, May 20, 21 and 22, 1891. CJC
