REAL ESTATE, &C.

LAND FOR SALE.

HAVING DETERMINED TO MOVE SOUTH, I offer for sale the tract of Land on which I now live, containing 635 acres, situated in the County of Franklin, about 5 miles from Louisburg, 8 miles from Franklinton, and 8 miles from Kittrell's Springs, lying on Tar River and Lynches Creek. About 200 acres of which is rich bottom land, 100 acres of which is open and in cultivation, the balance in original growth. The upland is all open except about 75 acres, which is well timbered and very rich.

There is a large two story Dwelling House upon the land, containing six rooms, which with a little repairs, could be made very comfortable and pleasant.

There are all other necessary out-houses on the plantation, such as Barns, Negro Cabins, &c., all new and in good order.

Persons from the Eastern part of the State wishing a Summer residence to resort to during the sickly season, would find this place remarkably well adapted to that purpose—besides being convenient to three Mineral Springs—Kittrell's, Jones' and Shocco.

Any further discription is unnecessary, as those wishing to purchase will be certain to examine before purchasing.

I will take pleasure in showing the lands to any person who may wish to look at it.

Terms made resonable. N. P. WARD. july 18—2mp.

The Great Thermal Watering Place of the American Continent.

Nature's Remedy for Chronic Diseases.

THE Hotel at this place will be open for the reception of visitors on the first of June next. In the number of its MINERAL SPRINGS, the variety of their temperatures and their extraordinary remedial powers in many of the most serious, painful and dangerous CHRONIC DISEASES that afflict the human race, this watering place offers to INVALIDS suffering from the maladies in which THERMAL WATERS are indicated means, for the recovery of health which can be found at no other in the United States.

Number of the Baths--Diseases in which they are indicated--Effects of the Waters taken internally, or used as a General Bath.

The supply of Mineral Water is most abundant, and there are TEN BATHS constantly supplied with fresh water from separate springs of various temperatures, from 78° to °106 Fahrenheit. In all cases of *acute disease*, the *hot bath*s are contra-indicated, but in the *chronic forms* of

Rheumatism, Gout, Neuralgia, Paralysis, free from inflammatory action. Diseases of the Liver, Chronic Diarrhœa, Old Injuries to the Muscles, Joints and Tendons.

Spinal Irritation, and Some Diseases Peculiar to Females,

the remedial properties of the waters of the VIRGINIA HOT SPRINGS are unrivalled. Their ALTERATIVE AND CURATIVE POWERS are unsurpassed by those of any other Mineral Water on the face of the globe.

Many persons afflicted with the diseases enumerated above, in forms which had resisted the most skillful medical treatment, and had rendered the lives of the sufferers alike wretched and useless through long years of pain, have been restored to perfect health by their use. And in many of these cases not only medical science, but other Mineral Springs of the highest reputation had failed to afford relief.

Of the vast number now suffering with such maladies, there are few, indeed, who would not be either cured or greatly relieved by these waters. When drank, they are anti-acid, mildly aperient, and freely diuretic and diaphoretic. *Used as a general bath, they equalize an unbalanced circulation; and restore to the different important organs of the system, when torpid, that natural and healthy sensibility without which they cannot perform their respective functions, and the beneficial action of all remedies will be diminished or destroyed.*—They act powerfully upon the Liver, Kidneys and Skin; relax contracted tendons and rigid muscles; rouse up suppressed secretions; excite the action of the absorbent vessels; exert a salutary influence over the uterine system, and often relieve, in a short time, excruciating pain, caused by serious and long-standing disease.

Diseases of the South.

In no class of human maladies have these waters been more eminently successful than in those which prevail in the SOUTHERN and SOUTH-WESTERN STATES.

"In that state of the body termed CACHECTIC, the consequence of derangement of the Stomach, Liver and Spleen, among the residents of marshy countries, and distinguished by a pale or sallow complexion, puffy skin, swelled extremities, &c.," the bathe here often act like a charm.

In obstinate TORPOR OF THE LIVER and in the *enlarged condition* of the LIVER and SPLEEN, which so frequently follows the bilious fevers of the South, their great value is unquestionable.

In many cases, where the Secretion of Healthy Bile had been almost totally suppressed for years, a course of these waters has fully restored it. And in many other cases, where the Liver was not only *torpid and engorged*, but ENLARGED, its normal condition has been brought back, the engorgement and enlargement have disappeared, and the sufferers have been restored to perfect health here.

In Chronic Diarrhœa, depending, as that disease generally does, upon a deranged and imperfect action of the Liver and Skin, the powerful influence which these waters exert upon a both these important organs makes them a remedial agent of unequalled power.

Enlargement of the Prostate Gland.

Cases of this disease have been thoroughly cured at the Hot Springs—the powerful excitant action of the waters upon the absorbent vessels enabling them sometimes to cure enlargements of this gland, as well as those of the Liver and Spleen.

Diseases Peculiar to Females.

The suppression or painful performance of Periodical Functions Peculiar to Females is frequently relieved by the use of the waters here.

Pleasure Baths.

Besides the Hot Baths for Invalids, there are two exhilarating and delightful Pleasure Baths, for persons in good health.
