BOTANIC BLOOD BALM

A F Britton, Jackson, Tenn., writes: I contracted malaria in the swamps of Lewis and while working in the telegraph company and used every kind of medicine I could hear of without relief. At last my health in breaking the fever took hold and for over $100 and then my system was poisoned and saturated with poison and I became almost helpless. I finally came home, my mouth so filled with sores I could scarcely eat and my tongue raw and filled with little knots. Various prescriptions were prescribed without effect. I bought two bottles of B. B. B. and it has cured and strengthened me. All sores of my mouth are healed and my tongue is free of knots and soreness, and I feel like a new man.

R R Saulter, Athens, Ga., writes: I have been afflicted with catarrh for many years, although all sorts of medicine and many doctors did their best to cure me. My blood was very impure, and nothing ever had any effect upon the disease until I used that great Blood Remedy known as B. B. B. A few bottles of which effected a complete cure. I recommend it to all who have catarrh. I refer to any merchant or bank in Athens, Ga., and will reply to any inquiries. Book on skin and blood diseases sent free on application. Ty B B B Co., Atlanta, Ga.

Central Park

Is another candidate for the consideration of those seeking desirable homes near the prosperous growing city of Charlotte.

CENTRALLY

Located between Charlotte and Sharon, Dilworth and Highlands, it is universally recognized as appropriate

BEAUTIFUL

Undulating fields and lawns interspersed with magnificent groves of oaks, hickories, etc., and the natural beauties of the situation increased by the aid of man, is Central Park.

AT CENTRAL PARK

You can select 4 to 8 acres for a model country home; 10, 20 to 40 acres for a model truck farm; 10, 20 to 40 acres for a model grass farm; 20, 40 to 80 acres for a model dairy.

IF YOU WISH

To buy a general purpose farm, or a large or small tract of land near Charlotte I will make you a reasonable offer and sell on accommodating terms. J. S. MYERS,
July21—tf Charlotte, N.C

DR. GEO. W. GRAHAM.

Practice limited to diseases of
THE EYE, EAR AND THROA

News Briefly Noted.

Yesterday 28,000 acres of timber lands in California were sold to firms in Green Bay, Wis., and San Francisco.

The second annual convention of the Southern Lumber Association met in New Orleans yesterday.

Railway traffic in France and Germany has been brought to a stand still by snow storms. In Switzerland traffic is suspended.

The officers of the Russian consul general at New York have been overrun for some days by Hebrews asking to be returned to Russia.

The supreme court of New Jersey has refused to grant a new trial to the negro, Francis Lingo, convicted of murdering Mrs. Annie Miller.

Ex Commissioner of the Trunk Lines Albert Fink has been offered the Presidency of the Richmond Terminal system after its reorganization.

John Hyer, who was supposed to have escaped to Australia, surrendered himself at Jersey City, where he is charged with embezzling $7,000.

The United Brotherhood of Carpenters throughout the country will, on May 1, strike unless their demand that eight hours constitute a day's work be granted.

The divorce case of Charlotte Minton vs. John Mckim Minton, editor of the New York Illustrated American is on trial in the circuit court at Parkersburg, W. Va.

The famine relief committee in Russia, of which the Czarewitch is president, has already distributed 1,250,000 rubles and 800,000 poods 2,800,000 English pounds of grain among the sufferers in the famine districts.

The American Newspaper Publisher' Association, now in convention in New York, devoted yesterday mornings to the discussion of type setting and type setting machines. A banquet was given last night at the Holland House.

Meteorological Summary for the State of North Carolina, January, 1892.

Temperature. The monthly mean temperature for the State for January 1892 was 48 degrees, which is 3 degrees below the normal. The highest monthly mean was 60 at Hatteras, the lowest was 32.1 at Linville. Highest temperature observed 76 on the 14th at Norfolk, lowest 6 on the 8th at Linville. The warmest January previously recorded occurred in 1880, mean for the State 51.6. The coldest in 1886, mean was 34.6 degrees.

Rain fall. Average 5.06 inches, which is 1.25 inches above the normal. Greatest amount 11.50 inches at Concord, least amount 1.80 inches at Linville. The wettest January previously recorded was in 1887, average for the State 7.82 inches. The driest in 1880, average 1.41 inches.

Wind. Prevailing direction northwest; average hourly velocity 10 miles.

Miscellaneous. Thunder storms occurred at Asheville on the 2nd, and at Hendersonville on the 4th. Snow occurred at many places in the central and northern parts of the State mostly, the largest amount recorded being 8 inches.

General remarks. An unusual number of cold waves occurred during the month, some quite severe. The idea that our winters are getting warmer is probably a mistake.

Negro Politicians Protest.

BIRMINGHAM, Ala., Feb. 18.—At a conference of 100 leading negro politicians now in session here, at a late hour tonight, after a long discussion, resolutions indorsing the administration of President Harrison were defeated.

The argument prevailed that all the office-holders in Alabama are white men. The conference will organize a fight for control of the party organization and a negro delegation to Minneapolis.

"Jeff. Davis" County to Be Formed.

JACKSON, Miss., Feb. 18.—By a vote of 8 to 6 the legislature passed a bill today creating "Jeff. Davis" county, made up by chipping large from two fertile delta counties—Bolivar and Sunflower, and named in honor of the late Jefferson Davis. The senate is yet to vote on the bill, but it is more than probable that it will pass. A powerful lobby is here working up the sentiment.

Some Foolish People

Allow a cough to run until it gets beyond the reach of medicine. They often say, "Oh, it will wear away," but in most cases it wears them away. Could they be induced to try the successful medicine called Kemp's Balsam, which is sold on a positive guarantee to cure, they would immediately see the excellent effect after taking the first dose. Price 50c and $1. Trial size free. At all druggists'. 2

Easy expectoration, increased power of the lungs and rest, are the rewards, upon taking Dr. Bull's Cough Syrup, to all consumptives.

That pain under the shoulder blade is dyspepsia. Take Simmons Liver Regulator.

GENUINE

Apple Cider

WE HAVE TAKEN AN AGENCY FOR THE CIDER MILLS OF

OLIVER BROS.,

Lockport, N. Y.,

and are ready to take Orders.

We will sell in barrels containing either 14 gallons, 28 gallons or 48 gallons. Cider guaranteed to keep and its quality is better than any Cider in the market.

We will also bottle the same cider in quarts and pints. Bottles nicely labled and tinfoiled.

A trial order will convince the customer of of what we claim of this Cider.

C. VALER & CO.

Florida and the Fair.

TALLAHASSEE, Fla., Feb. 18.—A conference of the county commissioners with the Florida World's Fair directory has been for two days wrestling with the question of levying one mill tax to raise one hundred thousand dollars for the Florida exhibit at Chicago. Thirty out of the forty-five counties were represented. Attorney General Lamar expressed some doubt as to the constitutionality of the contemplated tax and the commissioners refused to authorize it by a large majority. They decided, however, to request all the counties to submit the question to the people at the primary elections in March. If the people sustain the tax in any of the counties the commissioners will probably make appropriations in those counties and the State World's Fair directory will keep up its organization until after the primary elections, but will probably resign at once if the action of the people is not favorable. As the legislature made no appropriation and as every other method of raising the $100,000 has been unsuccessful, the outlook for a Florida exhibit at Chicago is not encouraging.

Twelve Thousands at a Cake Walk.

The great cake walk, for which the colored population of New York and vicinity have been talking for days past, occurred last night at Madison Square Garden, New York, in the presence of 12,000 persons. The famous Polo Jim was master of ceremonies. The walk was not only for a cake, but a grand upright piano and a gold watch to the lady and gentleman declared the winners. The walk began at 9 o'clock, thirteen couples contesting. They marched for a few moments and then retired for a rest before the final struggle. After ten minutes of marching the judges awarded prizes as follows: First prize, Mr. C. Blackburn and Miss Martha James of Jersey City, N. J., second prize, Mr. William Proctor and Miss Maud Clifford of New York, third prize, to "Dandy Jack and Miss Hoey of New York. The affair created great amusement.

Insane in the Big Tunnel.

The Knoxville Journal of this morning contains an account of a strange case of insanity. The facts were given by a Mr. Noel, of Cleveland, Tenn. Mr. Noel said that he and his cousin, Charles Gardes, a hotel man of New York, were on their way to Cleveland by the way of Asheville. Just as the train emerged from the Swannanoa tunnel, he noticed strange actions on the part of Mr. Gardes, who imagined that some one was following him. Mr. Noel then saw that his cousin was insane. He could not account for the strange and unfortunate occurrence. The insane man was taken to Cleveland and placed under the care of physicians.

That shortness of breath is dyspepsia. Take Simmons Liver Regulator.

An Attractive Combined POCKET ALMANAC and MEMORANDUM BOOK accompanies **BROWN'S IRON BITTERS**. Both a source given away at Druggists and general stores. Apply at once.

Wholesale Only.

CHARLOTTE, N. C., Aug. 1st, 1891

OPENING OF FALL SEASON, 1891

By the ever talismanic 3 P's { PUSH, PLUCK, and PERSEVERANCE,

I am enabled to lay before a kind public, which is ever ready to applaud success, a comparative statement of cases and bales of goods sold and shipped by me during the months of June and July, for the three years respectively of 1889, 1890, and 1891:

1889, June,	314 cases	and bales;	July	680.
1890 "	461 "	" "	"	1017
1891 "	519 "	" "	"	1459.

An increase in 3 years of over 100 per cent, and as these figures speak so eloquently than anything I could say, I simply point to them and say, I have are my prices. And now a word to those merchants who have not yet bought.

Do not go North to buy. The times will not warrant it—but buy nearer home and save freight. I offer you as good a selection of goods as, and warrant prices with any market.

My lines are all ready for inspection. Send for quotations, or come in person or let me send one of my salesmen to you. Respectfully,

S. Wittkowsky.

COTTON SEED MEAL.

It is conceded by experienced feeders by far the cheapest cattle food in the market, considering its MILK and FLESH PRODUCING PROPERTIES and its MANURIAL VALUE. All food taken into the stomach of an animal must go through a process analagous to cooking, and then a further process before it can be assimilated into the system. If cooking is accomplished before feeding the food is much more readily assimilated, taxing the powers of the animal less in that direction. The COTTON SEED MEAL is thoroughly cooked, thus giving it advantages over any uncooked food. Manufactured and for sale by.
