Important to

MILLERS AND MILL-OWNERS!

THE Undersigned would respectfully inform those engaged in the Milling business in North Carolina, that he keeps constantly on hand, and will supply at the shortest notice, that almost invaluable article,

YOUNG'S IMPROVED PATENT SMUT AND SCREENING MACHINE

The only Machine of the kind that has stood the test and given satisfaction to the public. It has surplanted every Smut Machine yet offered in the State, more or less of which have been taken down to make room for it. The public need fear no imposition, as there are now some 200 Machines running in North Carolina; and I wish to offer as other references than the gentlemen who are using them, whose expectations have been more than realized in their performance. It not only thoroughly cleanses the Wheat of Smut, but also purifies it of all other substances, almost to perfection. It takes up but 4 feet square in the mill and requires but little power. It is warranted for five years against breaking or wearing out, and also to retain its cleansing qualities for that time.

There are a number of these Machines through which 100,000 bushels of Wheat have been cleansed and they have never been out of order one day.

There was awarded to it the Premium of the Maryland State Fair, an a Premium with a silver medal, at the Fair of the Maryland Institute, at Baltimore, last Fall.

Improved Elastic Shoulder Brace

The only Brace manufactured that does not bind or chafe under the arms, and can be worn with both ease and comfort.

Those who have worn other Braces, are requested to give these a trial, to test their superiority over all others.

Clerks, Students, Tailors, Seamstresses, Children of both Sexes, and all others, who either from habit or occupation, or from a weakly or debilitated constitution have acquired the habit of *bending forward*, (Round Shouldered) and compressing the Chest and Lungs, will find the above Brace to remedy the above defect, and ensure an erect carriage, with improved symmetry and form of body to the wearer, and also allowing a full, free and healthy action and expansion of the Lungs, by removing the Compression, and preventing thereby the Pulmonary Organs from becoming weak and diseased.

Improved Elastic Uterine Supports,

For Prolapsus Uteri, (Falling of the Womb,) &c., &c.

This instrument is light and elastic, and is made without the Steel Springs, which are objectionable, on account of their Chafing the Hips, &c. making them extremely unpleasant to be worn.

Ladies suffering from the above derangement, and Physicians particularly, are solicited to give them a trial, to prove their superiority over the Steel Spring, and other Bandages.

Several Professors of Obstetrics, &c. and also a number of Physicians in this City, and throughout the U. States, have adopted them in their practice with the most decided beneficial results, and highly recommend and approve of them. The following is from Professor Woodward, Cincinnati, Ohio.

"I have examined and used to a considerable extent, during a practice of nearly Twenty-five years a great variety of Spring and Laced Bandages, designed for the relief and cure of the several affections to which your instruments are applicable, but for mechanical execution, as well as the security adaptation of the instruments to their several designs, I have never seen any that has given me more satisfaction.

ANODYNE COUGH DROPS

All readyhas experience demonstrated the fact, that much pain and distress are prevented in the family circles by the using of a few select medicines; besides, it is the means, very frequently, of saving a Doctor's bill. Quite in advance of anything heretofore offered, has Dr. Little's Pharmaceutical Medicines succeeded in curing the diseases for which they are prescribed. For instance, his Anodyne Cough Drops have really cured more cases, and given more universal satisfaction, than any other known. For proof he has more statements of its great utility from persons of the first respectability residing in different parts of the country as designated, than he can afford to publish or even wishes to crowd into his new pamphlet, besides the many instances of its success otherwise that might be referred to. The medicine never fails to cure or benefit immediately any case of Coughs, Colds, Deep-seated Coughs, or Consumptive Diseases and Asthma, also Whooping-Cough, Croup, Colds and Inflammatory Fevers among children. This remedy is pleasant to take, and is no humbug of a balsam or foreign extract, but is an extensive compound aponiscientific principles.

DR. LITTLE—Sir, in my own case of a most violent cough of several weeks standing last winter, I was cured entirely by your Anodyne Cough Drops, in taking less than one bottle. After the first dose of two, I felt greatly relieved, and had but little more pain or trouble with it in any way. A week or two previous I took a bottle of the Balsam of Wild Cherry, without being much benefited.

Respectfully,

[Signed] W. TAYLOR.

PROSPECTUS

OF THE NORTH CAROLINA

University Magazine.

THE Students of the University of North Carolina having deliberated in a body on the expediency of establishing a literary organ, and well convinced of the mental and perhaps moral benefit which may result therefrom, have resolved to execute their design. They take this appropriate means of informing the public.

No legislative department of literature will be excluded from the Magazine, and it is presumed that none will be held objectionable, provided the articles be thoroughly winnowed of the chaff of improprieties. Every effort will be exerted to interest its readers with originality and enlighten them with valuable information.

We do not indeed expect to produce aught "which the world will not willingly let die;" but as we are sailing in the purpose which has placed our College, on this account we may justly expect encouragement. To those who take an interest in us personally, and to those who sympathize to any degree in the ends which prompt us, we appeal unreservedly, and with sure hopes of success.

The Editorial Corps will always consist of six members of the Senior Class.

The Magazine will be issued monthly (excepting January and July) from the press of W. M. D. Cooke, Raleigh, N. C. To him also all subscriptions and communications must be addressed, post paid. The first Number will be issued in February 1852. Terms of subscription $2.00 per annum, in advance. City papers will please copy till February.

Nov. 1851. 80

HAVING purchased out the entire interest of Thos. M. In fact, everything usually kept by Merchant Tailors or Clothing. I shall be assisted by Mr. Geo. L.
