And, faith, he'll prent it."

Any subscriber who fails to receive the REPORTER AND POST every week is requested to report the failure. We want to see where the fault is.

New Moon Saturday.

Sun rises 6 44, sets 5:16.

Court at Winston this week.

Length of to-day 10 hrs. 32 min.

Tuesday next will be Valentine's day.

Go to Pepper & Sons' for your garden seeds.

The Register of Deeds has issued 3 licenses to marry since our last issue.

There are three prisoners in jail, two for trial and one for costs, all colored.

Brown's Drug Store, Winston, N. C., is Headquarters for drugs, medicines &c.

Dr. Alonze Pringle is preparing to put up a saw mill on Dr. Frank Pringle's pond.

The C. F. & Y. V. Railway is fast approaching Shoals Falls—eight miles from Mt. Airy.

At Brown's Drug Store, Winston, N. C., you can get special prices in oils, varnishes, paints &c.

"Trusses" "Trusses" "Trusses," every one guaranteed to fit or no sale at Brown's Drug Store, Winston.

A large lot of fresh garden seeds just received from D. Landreth & Sons at Ashcraft & Owens, Winston, N. C.

Peerless Harness oil and imported Castor oil for carriages, buggies &c. at Ashcraft & Owens, Druggists, Winston, N. C.

If you want your weights and measures sealed take them to Pepper & Sons' store and get a certificate that they are right.

A man's character is like a fence—it cannot be strengthened by whitewash, but he can strengthen his voice by using Dr. Bull's Cough Syrup.

If once you bust a dollar,
Like ice it mel's away;
A quarter in Bull's Cough Syrup,
Will keep for many a day.

On dit a certain young man of our town contemplates making a trip to the *Moon* in the near future; we have seen no balloon so it may be he expects to go by rail.

A useful invention is anything that will make the lot of mankind easier. Dr. Flint's Cough Syrup yearly saves thousands of dollars in Doctor's Bills, beside saving much suffering.

A large quantity of tobacco is being sent to Greensboro by the C. F. & Y. V. Railway; we do not whether the farmers take this course to avoid hauling through the mud, or whether they obtain better prices at Greensboro.

We are frequently asked for information regarding the whereabouts of Ex-Representative James W. Reid—all we know is what we note in a floating item from which it seems that he is living in Gardner, Idaho, and has formed a partnership for the practice of law with Patrick Hx Winston.

The One Price House of Greensboro, Sample S. Brown's, is enjoying a fine run of trade, especially in clothing, shoes and hats. The corkscrew diagonal suits in cutaways and sacks which this house is selling at fifteen dollars equal a great many that are sold elsewhere for eighteen or twenty dollars, and they also have a complete line of the cheaper corkscrew suits at $12.00, $10.00 and $7.50.

COL. COVINGTON DEAD.

James Madison Covington died at his residence, in this county, on Friday night, 3rd inst., aged about seventy-nine years. No one in this county need be told who was Col. Covington, for he was as well known to its citizens as any one within its lines. He took a lively interest in politics till his death, and was elected to the State Assembly before the war. He possessed a very social nature and mild temperament, and dispensed hospitality freely. His knowledge of the antecedents of the citizens of the county extended almost to every family, his memory being very retentive as to names and dates. During the last year he became a member of the Episcopal Church, having been confirmed a few months ago. His death was not unexpected to us for he had been suffering from an affection of the heart at intervals for several years, and we were not ignorant of the frailty of the cord that bound him to life. With these few words we very imperfectly characterize the life of one of our oldest and best citizens. We need not say more, we could not say less.

"Seed" "Seed" "Seed." A fresh lot at Brown's Drug Store, Winston.

A man may go to heaven and have feathers on his wings, but none of us seem too anxious to get there early. The timely use of Dr. Flint's Cough Syrup will frequently detain us on earthly shores. Sold by Ashcraft & Owens, Winston, N. C.

THE FIRST DAY OF LENT.

Wednesday next will be Ash Wednesday, the first day of the forty days of Lent which is a fast generally regarded as a preparation for Easter or the Resurrection of Christ, and a time especially set apart for repentance over the sins of the past year; while the number of forty days devoted to it has reference to the Savior's forty days fast in the wilderness, to the forty days of the deluge, the forty years wanderings of the Jews, the forty days granted to the Ninevites for repentance, or the time spent in fastings by Moses and Elias. Easter comes on the fortieth day after Ash Wednesday the intervening Sundays not being counted as part of Lent nor observed as fast days. Easter comes on April 1st this year.

COLD WEATHER BENEVOLENCE.

Why is cold productive of benevolence? It makes people put their hands in their pockets. It also produces coughs, colds and croup. Take Taylor's Cherokee Remedy of Sweet Gum and Mullein.

MARRIAGE LICENSES.

The following marriage licenses were returned to the Register of Deeds during the month of January: W. A. Bryant to Amelia Moore, col'd.; Charles F. Mills to Lockey Joyce; John Sands to Selina Young; Jas. M. Fagg to Martha A. Flinchum; T. M. Martin to Cornelia Martin; Henry M. Leach to Mary E. Hooker; Perryman E. Hooker to Harriet E. Smith; Jas R. S. Rodgers to Laura Stevens; Zebulon V. Martin to Laura E Hawkins; Watt A. Strupe to Mary Shepherd, col'd.; John W. Flippin to Laura S. Collins; Wm. R. King to Mary Smith, col'd.; Joe Martin to Fanny Chandler, col'd.; Geo. H. Watkins to Lula Brown; William T. Neal to Bula Carter; William R. Beasley to Anna V. Spencer; John R. Johnson to Lulu M. Joyce; R William East to Nina Ward.

There is no monopoly in this great country, nor we believe in the civilized world, that equals the tobacco monopoly, brought about by the Internal Revenue tax, and the oppressive manner in which it is collected. It has driven nearly every manufacture out of the country into towns where they can huddle together, and by foul or fair means, keep out of the clutches of unprincipled revenue officers, and the poor oppressed farmer, is now compelled to haul his tobacco in many cases, twenty, thirty, or even fifty miles through the mud to market; and after he gets it there in many, yes we say in very many cases, does not get enough for it to pay for the hauling and selling, nor for his hard work in producing, and getting it ready for market. Yet our free trade politicians say keep it up. It is not quite so bad with the brandy men; there are always so many fellows who never saw any bad, ("it is all good and better,") that the distiller can generally realize enough to pay the tax, provided he can block enough to pay for his fruit.

NOTHING MORE DANGEROUS

"Than a neglected cough" is what Dr. J. F. Hammond, professor in the Electric Medical College, says "and as a preventative remedy and a curative agent. I cheerfully recommend Taylor's Cherokee Remedy of Sweet Gum and Mullein.
