FIRST CLASS PIANOS, &C.

TUNING AND REPAIRING.

A. G. KERS, lately Professor of Music in Greensboro' (N. C.) Female College, respectfully informs the citizens of Rowan and neighboring counties, that he has made arrangements which enable him to furnish Pianos of any "first-class" maker that purchasers may prefer, at "factory prices!" Those who design purchasing instruments, (whether now or at some future time,) by sending me their address in Greensboro', can have circulars forwarded to them, containing a full explanation of my method of doing business, terms, &c. No one will fail to perceive, that in view of the fatal mistakes so often made by purchasers in the selection of instruments and the imposition frequently practised on those not capable of judging of the merits of a piano, the plan I have adopted must prove highly acceptable to the musical portion of the community.

Church and Parlor Organs, Melodeons, &c., furnished on similar terms.

N. B. The same places visited regularly twice a year.

☞ Tuning, and Repairing in all its branches, executed in an unexceptional manner. Orders may be left at Robards' Hotel.

ALL persons indebted to the estate of Hugh F McKnight, dec'd, will please come forward and settle according to law. And all creditors will please present their claims duly authenticated, within the time prescribed by law, or this notice will be plead in bar of their recovery.

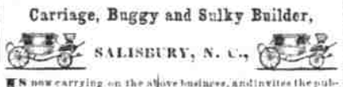
THOMAS E. BROWN,
Carriage, Buggy and Sulky Builder,



SALISBURY, N. C.,

IS now carrying on the above business, and invites the public to call and examine his work. He is manufacturing very superior vehicles, and feels confident he can give satisfaction to all who want a firstrate article. He can put up work at low prices, if it be desired, but would always recommend the better qualities as cheapest in the long run. He would advise those who wish to procure any thing in his line to call at his establishment before they purchase elsewhere.

☞ His shop is in the rear of his Livery Stable.

☞ Persons at a distance ordering work, will please accompany the order with a description of the article required—style, quality and price—and when delivered, if it does not give satisfaction they will not be required to keep it.

With the advantages of the Railroad at his door, he will take almost any kind of trade in exchange for work—such as Corn, Wheat, Flour, Oats, Bacon, Lard, Horses, Provender, Timber, &c., &c. His

LIVERY STABLE

is kept up as usual; and those who wish either to buy or to sell first rate horses or mules, are invited to call.

SECOND NOTICE.

WITH a view of enabling them to mature their plans fully, as well as to have their sessions and vacations to coincide with those of Davidson College, the Trustees of this Institution have determined to defer the opening of their College until the

15th day of September next,

when they will be prepared for the reception of pupils. They take pleasure in announcing to the public, and especially to the friends of the College, who have manifested so great interest in its establishment and success, that their new and handsome edifice is now drawing rapidly to completion, that the services of a full corpse of efficient teachers will be secured in time, and every possible provision made for the comfort of the young ladies entrusted to their care. It is their purpose now, as it has been from the beginning, to render their College interior in no respect, to similar institutions of the highest grade and best established reputation in our State. The location is favorable to health, being in an elevated region, and within a few hours ride of the mountains, while from the lower country, it is easily accessible by means of the Central Rail Road, and a tri-weekly line of stages from Salisbury, 26 miles.
