A Friend

Wishes to speak through the Register of the benefit[illegible] he has received from a regular use of Ayer's Pills. He says: "I was feeling sick and tired and my stomach soured all out of order. I tried a [illegible] remedies, but none [illegible] relief until I was induced to try one of Dr. Ayer's Pills. I have taken only one box, but I feel like a new man. I think they are the most pleasant and easy to take of anything I ever used, being so finely sugar-coated that even a child will take them. I urge upon all who are

In Need

of a laxative to try Ayer's Pills."—Boothbay (Me.), *Register*.

"Between the ages of five and fifteen, I was troubled with a kind of salt-rheum, or eruption, chiefly confined to the legs, and especially to the bend of the knee above the calf. Here, running sores formed which would scab over, but would break immediately on moving the leg. My mother tried everything she could think of, but all was without avail. Although a child, I read in the papers about the beneficial effects of Ayer's Pills, and persuaded my mother to let me try them. With no great faith in the result, she procured

Ayer's Pills

and I began to use them, and soon noticed an improvement. Encouraged by this, I kept on till I took two boxes, when the sores disappeared and have never troubled me since."—H. Chipman, Real Estate Agent, Roanoke, Va.

"I suffered for years from stomach and kidney troubles, causing very severe pains in various parts of the body. None of the remedies I tried afforded me any relief until I began taking Ayer's Pills, and was cured."—Wm. Godshard, Notary Public, Five Lakes, Mich.

Every Dose Effective

ONE WORD!

I come to you with a small affair that you may need. In England, the Continent and many foreign countries, myself and wares are well known. Many American families on their return from abroad bring my articles with them, for they know them pretty well, but you may not be one of these.

Confidence between man and man is slowly in growth, and when found, its rarity makes it valuable, I ask your confidence and make a reference to this Journal to endorse that confidence. I do not think it will be misplaced.

I make the best form of a cure—an absolute one—for billousness and headache that can be found in this year. The cure is so small in itself, and yet its comfort to you is so great—20 minutes being its limit when relief comes—that it has become the marvel of its time. One and a half grains of medicine, coated with sugar, is my remedy, in the shape of one small pill, known to commerce as DR. AYDOCK'S NEW LIVER PILL. It is old in the markets of Europe, but is new to North America. The price is as low as an honest medicine can be sold at, 25 cents. Send a postal card for a sample vial, to try them, before you purchase.

DR. HAYDOCK,
63 Fulton St., N. Y.

POLITICAL POINTS.

Cleveland is the candidate and tariff reform the issue.

Mr. Springer thinks President Harrison will prove stronger than any other man the Republicans could have nominated.

Judge Altgeld, the Democratic candidate for Governor of Illinois, makes speeches in German or English, as may suit his audience best.

General Bragg, Wisconsin, says that Cleveland will carry both Illinois and Wisconsin, being strong among the Germans of those States, and be elected without the vote of New York.

Political rumor has it that Chauncy Depew is surely slated for the Secretaryship of State, and, further, that some very extra inducement have been held out by the President to secure his acceptance.

The People's party reminds us of children who have gone off in a pout. Let them alone and let them have their pouts out. As soon as the Republican party gets through spanking them they will come back home.—Durham Sun.

The Philadelphia Ledger announces that "a tin-plate plant" is to be established near Norristown, Pa., by the owner of of tin-plate factory in Wales. But the Ledger's account shows that "the black plates will be brought to this factory from Wales and tinned here."

It was pretty generally known that the Republicans spent a big pile of money in New York in 1888, but the Albany Journal, one of leading Republican papers in that State, says it took a round $1,000,000 to carry it for Harrison. Still Mr. Harrison seemed to think that Providence had a good deal to do with his election.—Wilmington Star.

Those of the enemy who are calculating on the strength of the third party in the South in the hope that it will seriously injure the Democracy will find themselves badly mistaken. There is no white man in the South who has arrived at that stage of idiocy as not to know that a Republican victory means Force Laws and negro supremacy, and they are hardly ready yet to put the feet of the negro on their heads by abandoning the Democratic party.—Richmond Dispatch.

Tennessee is a Democratic State, the Democratic nominee will be elected Governor, and all the carping critisms and specious pleadings of our morning contemporary will be of no avail. Candidate Winstead is a clever young gentleman, and candidate East is a clever old gentleman, but neither of them will or can be elected Governor, and neither of them is polish enough to expect to be or hope to be elected. Indeed, Judge East, who is a Republican on the Prohibition ticket, remarked only a few days ago that Tennessee was hopelessly Democratic." It is even so.—Knoxville Tribune.

What May Be Expected.

Atlanta Journal.

The election of a Republican president and congress, next fall, would mean a continuation of the career of extravagance that has dissipated the large surplus in the treasury left by Democratic administration, and increased the government beyond its income.

It would mean the perpetuation of a tariff levied in the interest of favored classes, instead of one for the raising of the needed revenue—a tariff that taxes the many for the benefit of the few.

It would mean a renewed sectional agitation and excitement by the support of measures like the force bill.

It would mean an increase and prolongation of "subsidy" contracts, by which millions will be paid yearly by the people to aid the classes favored by the tariff to complete in foreign markets with the producers of other countries.

It would mean another great increase of the pension expense, making it exceed all the revenue derived from the tariff, and the cost of the great military establishments of the European powers.

[illegible] creation of [illegible] increase [illegible] government [illegible] and perpetuating the necessity for high taxes.

[illegible] bonds [illegible] and [illegible] discrimination [illegible] States and the aggrandizement [illegible] a house to and [illegible] of the affairs of the Government and the [illegible] Wanamaker [illegible] proceedings [illegible] an administration [illegible] with [illegible] and [illegible] of the people.

On steamboats, cars and stage coaches Hostetter's Stomach Bitters is carried as the most important item in the materia medica of the traveling public. It deprives vitiated brackish water of its hurtful properties and execrable flavor, counteracts the pernicious effects upon the stomach of bad indigestible food, remedies cramps, heartburn and wind upon the stomach. It is a fine defense against malarial disorders, nullifies the effects of excessive heat, cold and damp, relieves sick headaches; and is an incomparable cure for costiveness and billiousness. The fatigue of travel often tells most disastrously upon invalids and convalescents, occasionally to such an extent as to jeopardize life. Persons in feeble health, apprehensive of bad effects from travel, will, if provided with the bitters be far less likely to have their fears realized.

In our orphan asylum here there is a 15-year-old child that had been suffering for years from nervousness to such an extent that she sittimes in the night got up, and with her dressed on every footage and in a delirious condition, would seek protection among the older people from an imaginary pursuer, and could only with great difficulty be again put to bed. Last year Rev. E. Koenig, while on a visit here, happened to observe the child, and advised the use of Pastor Koenig's Nerve Tonic, and kindly furnished us several bottles of it. The first bottle showed a marked improvement, and after using the second bottle and up to the present time the child is a happy and contented being. All those suffering from nervousness should seek relief in Pastor Koenig's Nerve Tonic.

WHY IS IT THAT THE GAUZE DOOR RANGE IS THE Greatest Wonder of the age?
