REFUGEES FROM AMERICA.

The Cork *Constitution* of the 28th ult., states that the number of passengers coming from America by the return steamers touching at that point has latterly been much increasing. The *Etna* which arrived on the 20th, brought 561, of whom 255 landed there. A great majority of those coming are young, able-bodied men. It is a strange circumstance that the greater proportion of those who arrived by the *Etna*, although from Northern States, are, thoroughly Southern in their feelings, and they dwell with pride on the fact that the Northerners have been beaten in every stand up battle.

A PROCLAMATION

By Z. B. VANCE, Governor of North Carolina.

WHEREAS, information has reached me that certain persons, unmindful of the calls of patriotism, and forgetful of the duties of good citizens, are using their influence to prevent obedience to the law of Congress known as the Conscript Law, and that others are attempting to organize an open resistance to its execution; and whereas, such conduct being not only in direct violation of law, but also detrimental, in the highest degree, to the cause of our country, it becomes my sacred duty to prevent and repress the same by all the means in my power;

Now, therefore, I, ZEBULON B. VANCE, Governor of North Carolina, do issue this my proclamation, warning all such persons to desist from such unpatriotic and criminal conduct; earnestly hoping that all who are disinclined to defend their homes themselves, either by reason of age, infirmity or cowardice, will cease to dissuade those who are willing; and notifying positively all persons contemplating an armed resistance to the law, if there really be any such misguided and evil disposed persons in our midst, that they will commit the crime of treason, according to the Constitution, and must not expect to escape its penalties. Whilst thousands upon thousands of our best and bravest have cheerfully obeyed the law, and by their patriotic valor have driven the enemy back to the Potomac, it would be an intolerable outrage upon them to permit others to evade the law, or worse still, to resist it by open violence. Let no one therefore, be deceived: the law will be enforced, and I appeal to all loyal and patriotic citizens to sustain those who are charged with its execution.

Given under my hand, and attested by the Great Seal of the State. Done at the City of Raleigh, the 18th day of September, 1862.

ZEBULON B. VANCE.

By the Governor:
R. H. BATTLE, Jr., Private Secretary.
