DR. TAYLOR'S
Balsam of Liverwort.
HOMŒPATHY AND ALLOPATHY HAPPILY COMBINED.
Consumption can be cured, are words that for years have solely been applied to *Dr. Taylor's Genuine Balsam of Liverwort, from 375 Bowery*, to which invaluable medicine they are peculiarly applicable, but have been copied and used by others.
Dr. Taylor's Balsam of Liverwort has cured and relieved over 40,000 persons of Consumption, Liver Complaint, Coughs, Spitting of Blood, Colds, Dyspepsia, Pleurisy, Palpitation, Bronchitis, for which complaints, when taken in time, this medicine has for years proved a specific.
We believe that no one should die of these diseases, and if those who think their lives worth preserving, would, at once, use this remedy according to directions, the report of deaths from these diseases would rapidly be diminished.—Of the truth of this position, we are ready and willing to satisfy any inquirer, by the most conclusive certificates, and by numerous living witnesses in every town, who prefer recommending the medicine by word of mouth, to having their names published. One of our patients recently cured, took *Our Dozen Bottles to Louisville.* Surely, all comment is here unnecessary, with reference to its perfect efficacy.
My brethren of the profession use it in their practice, because its wonderful cures are the effects of pure Homœopathic principles, with which the Quack or Charlatan has nothing to do. They may copy, imitate, counterfeit, &c., but it is all the same to me, and are never troubled, as they are only catchpennies and may seriously impair the *Constitution.*
Dr. Taylor's Balsam of Liverwort is the happy combination of Homœopathy and Allopathy. It is entirely a vegetable extract, and so combined, that only the most minute doses are taken, of its *concentrated* active principles, whose action is unlike all other remedies of the kind, and are so combined, that this Balsam affects simultaneously the circulatory, respiratory and secretory organs and increases the temperature and action of the remote vessels, while it acts in the diseased vessels and organs of the chest and throat, thus giving them an opportunity to heal by aiding nature in her efforts to throw off disease. In fine, this remedy is the only one that can with any certainty be relied on for cure. There are always two Physicians in attendance at the old Office, 375 Bowery, to visit and give advice. The Poor attended gratis. Buy only as above, and be careful to avoid counterfeits and imitations of all kinds, and see Dr. Leeds' signature to the steel plate label on each bottle. Leeds & Hazzard, Druggists, 177 Water-street, and Mrs. Hays, 139 Fulton-street Brooklyn, Agents.
The above medicine is for sale by E. Bevan, Whiteville, Columbus county; Briggs & Mason, Smithville, Brunswick county, and W. WARE, Wilmington.
and may be found at one store in every village in the United States.

Sands' Sarsaparilla,
For the removal and permanent cure of all diseases arising from an impure state of the blood or habits of the system, viz:
Scrofula or King's Evil, Rheumatism, Obstinate Cutaneous Eruptions, Pimples or Pustules on the Face, Blotches, Boils, Chronic Sore Eyes, Ring Worm or Tetter, Scald Head, Enlargement and Pain of the Bones and Joints, Shiblom Ulcers, Syphilitic Symptoms, Sciatica or Lumbago, and Diseases arising from an injudicious use of Mercury, Ascites or Dropsy, Excessive or Imprudence in Life. Also, Chronic Constitutional Disorders.
THE VALUE of this preparation is now widely known, and every day the field of its usefulness is extending. It is approved and highly recommended by Physicians, and is admitted to be the most powerful and searching preparation from the root that has ever been employed in medical practice. It is not local in its operation, but general, extending through the whole system.—It neutralizes the poisonous elements in the blood, and restores a healthy tone to the organs which generate that fluid. In scrofulous and all external disorders, the result is a rapid healing of the sores and pustules; in rheumatism and other painful affections of the muscular fibre, a speedy removal of the pain, and in all cases a renewal of strength, keeping pace with the retreat of the disease from the system. It is put up in a highly concentrated form for convenience and portability, and when diluted according to the directions, each bottle will make six times the quantity, equal to one quart, and is then superior for medicinal value to the various preparations bearing the name. The proprietors are almost daily receiving testimonials of the most respectable character, testifying to its great value as an active and curative medicine.
The following interesting case is presented, and the reader invited to its careful perusal. Comment on such evidence is unnecessary.
NEWARK, N. J., March 12th, 1846.
Messrs A. B. & D. Sands—Mr. Oliver's child, of this place, was attacked with scrofula when two years old, which soon reduced her to a mere skeleton. The disease pervaded the whole system and manifested itself in malignant sores on the head, body and limbs. Different physicians in Newark, Belleville and New-York, prescribed for her at various times, but finally gave up the case as perfectly hopeless. At last Mr. Oliver was induced to try your Sarsaparilla, and accordingly procured four bottles, which was sparingly administered, with many interruptions, yet with the most decided benefit. About two months ago I became acquainted with the circumstances of the case.—The child, who is now aged four years, was one complete mass of disease, and incapable of using any of her limbs. Her body was swollen to nearly twice its natural size, the head, limbs and body were almost entirely covered with large sores. She was unable to move, and would take no notice of anything, only to shrink from being touched even by her mother. The disease, at the same time, was equally severe inwardly, attended with bloody evacuations every few hours. They procured some more of the Sarsaparilla, and before she had taken one bottle she could slip down from the chair and creep across the room. She has now just finished taking the second bottle, and the sores are nearly all healed, the limbs are restored to their natural use, she is quite cheerful, and is fast improving in health.
Yours very respectfully, C. J. WARNER,
Sec. of Youth's State Tem. Soc.
The following is an extract from a letter received from Mrs. Bevan, who had been afflicted for several years with Scrofulous Ulcers, Dyspepsia, &c., and recently with an affection of the Throat and Chest:
BAILEY'S ROAD, Va., Dec. 13th, 1845.
Messrs. A. B. & D. Sands—Before I commenced using your Sarsaparilla my sufferings were almost past expression, my throat was completely ulcerated, I had a dreadful cough, and these were frequently weeks together that I could not speak above a whisper; and, besides, the inflammation from my throat extended to my head, so that my hearing was very much impaired. After taking the Sarsaparilla a short time my health improved, and my throat is now well; I am as free from cough and tightness of the chest as ever I was, and can hear quite distinctly. My throat has been well about three months, the cure of which has been effected entirely by the use of your Sarsaparilla. Your friend,
LOUISA R. BEVAN.
PORTSMOUTH, N. H., March 5, 1845.
This is to certify that I have been afflicted with rheumatic pains in both my legs for more than two years, which at times was very painful, and having tried various kinds of medicines, but did not find any that gave me relief. Having heard of the good effects of Sands' Sarsaparilla, I purchased of Mr. B. Hutchins, the agent at Portsmouth, three bottles, which I used with the most favorable results, as I am now entirely free from pain, and have been well for more than three months, which I attribute, under the blessing of Providence, entirely to the use of Sands' Sarsaparilla. HENRY BECKER.
☞ For further particulars and conclusive evidence of its superior virtue and efficacy, see pamphlets, which may be obtained of Agents gratis.
Prepared and sold, wholesale and retail, by A. B. & D. SANDS, Wholesale Druggists, 100 Fulton-st., corner of William, New York. Sold also by WM. SHAW, Wilmington; E. J. Hale, Fayetteville; J. Price $1 per bottle, six bottles for $5.
☞ The public are respectfully requested to remember that it is Sands' Sarsaparilla that has been and is constantly achieving such remarkable cures of the most difficult class of diseases to which the human frame is subject; therefore ask for Sands' Sarsaparilla, and take no other.

To the Friends of Humanity.

THE PHILANTHROPIST,
The title of a semi-monthly sheet, proposed to be issued in Wilmington, N. C., at the low price of ONE DOLLAR a year, payable on the receipt of the first number.
INTEMPERANCE, the great enemy to prosperity and happiness, is exerting a wide influence throughout the country. It is a GROWING evil, and is daily destroying the LIVES, to say nothing of the COMFORTS of thousands of the human family, notwithstanding the efforts that have been made, and are still being made, towards its suppression. One principle reason why this great evil is still permitted to exist to an alarming extent, is, that the exertions of the friends of the Temperance cause have been confined principally to cities and towns, while villages and the country at large are almost entirely neglected. A cheap temperance newspaper, could not, it is presumed, fail of success, in the way of patronage; and if extensively circulated, would doubtless prove a barrier, in no small degree, to the progress of inebriation; thus carrying out successfully, the praiseworthy intentions of the friends of Temperance, which could not be accomplished in any other way. This publication, besides proving

A Foe to the Grogseller,

and the disgraceful habits of drunkenness, will, at the same time, afford a variety of other matter of an important nature.
In North Carolina, no paper of this description at present exists, (although proposals have been recently issued for the purpose,) owing, no doubt, to the fact that the influence necessary to promote the success of a work of this kind, has been omitted. An anxious appeal is made to the friends of the cause generally, to use their utmost endeavors to give encouragement to this publication. The first number of the PHILANTHROPIST will make its appearance as soon as 400 subscribers can be obtained, which can be done if every influential person would feel a sufficient interest in the cause of Temperance to exert himself. The PHILANTHROPIST will be printed on a Medium sheet, IN NEWSPAPER FORM, so as to afford a privilege to ADVERTISERS.
Persons disposed to patronize this work, are requested to forward their names to Wilmington, by mail or otherwise, by the first of August next, addressed to the "*Editor of the Philanthropist.*"
Editors of Newspapers throughout the State, will please give the above a few insertions, with some few additional remarks of their own, by way of recommendation.
Wilmington, May, 1846.
