TO CORRESPONDENTS

Communications, to receive any notice must have a responsible name accompanying them; in other words, if you do the writing you must do the fighting. The publication of an article, by no means, commits us to its endorsement.

DECISION OF THE COURTS

Any person who takes a paper regularly from the Post Office, whether directed to his name or another, or whether he has subscribed or not, is responsible for the pay. If a person orders his paper discontinued he must pay all arrearages, or the publisher may continue to send it until payment is made, and collect the whole amount whether it is taken from the office or not. The courts have decided that refusing to take newspapers and periodicals from the Post Office, or removing, and leaving the uncalled for, is *prima facie* evidence of intentional fraud.

It is stated that Col. Jasper Stowe is to be the Editor of the new Grange organ soon to be started in Raleigh.

Fifteen hundred and sixty-nine babies were born in one ward of Chicago during the past year. In justice to those unfortunate little creatures it should be said that not one of them had received the least intimation that it was to be born in Chicago.

COUNTERFEIT NOTES.—Every merchant in this country no matter how small in business may be can not afford to do without Helmick's complete list of counterfeit notes and counterfeit detector. Price 25 cents. Address, F. W. Helmick, 273 W. Sixth Street, Cincinnati, Ohio.

GOOD PLOWS

Are essential to successful planting, therefore I would like to call your attention to my four sizes of THE CHAMPION PLOW.

The one-horse is susceptible of four changes, making a Turn-Plow, Shovel, Sweep and Scraper with only the cost of the extra Mouldboards the same stock answers all the different demands, for one-horse work, in the course of the year.

I only ask one fair trial

That my Plows may have the confidence of every planter in the South.

Respectfully, W. F. COOK, Charlotte, N. C.

The Singer Manufacturing Company's

Sewing Machines

Unrivaled for the Range and Excellence of their Work and Extent of their Sales

OFFICIAL REPORT.

The following is a correct report of the sales of sewing machines made by the leading companies during the past four (4) years. A careful examination of the figures will show that the sales of the "Singer" have largely increased each year, while, on the contrary, a corresponding decrease is shown in the sales reported by all the other companies. This is a highly satisfactory result to us, and is only another proof that "True merit always has its reward."
