CHERRYVILLE CHAT.

Correspondence of The Daily Gazette.

CHERRYVILLE, Feb. 2—Mr. and Mrs. D. A. Rudisill, of Edgefield, S. C., are spending several days in Cherryville.

Mr. and Mrs. D. W. Aderholdt, of Henry River, have been visiting relatives here.

Mrs. David D. Dellinger and daughter, Miss Blanche Dellinger, spent the week end in Forest City.

Master Elmer Rankin is confined to his home with measles. There are no other cases in town and it is thought he contracted the disease while at Rutledge College several weeks ago, or on the train coming home. He is getting along nicely and hopes to be out again soon.

The Cherryville school is again in the school building. The high school department was moved from the First National Bank building last Monday. The work on the building is not yet completed. It is hoped that the seats for the auditorium will soon be here. The teaching force has been greatly handicapped by the unfavorable surroundings but the work has gone forward with very little, if any, friction, and splendid work has been done.

Winter weather has visited Cherryville its grip. Before last week's snow was gone another light snow fell, we heard and last night, and the streets are very muddy, most of them having been torn up last fall for the laying of sewer pipes. If the groundhog story holds good, we may expect bad weather still, for the sunshine has been bright today and he could surely see his shadow.

At a meeting of the stockholders of the Mauney Steel Company Tuesday afternoon the following officers were elected: Mr. Phil S. Steel, of Philadelphia, manager of business of Philadelphia; Mr. D. H. Mauney, of Lincolnton, president; Mr. D. A. Rudisill, of Cherryville, secretary; Mr. J. S. P. Carpenter, of Philadelphia, treasurer. The members of the board of directors are: Dr. O. G. Falls, Kings Mountain; Mr. D. W. Aderholdt, Henry River; Mr. B. M. Spratt, Jr., Machen; Mr. Phil S. Steel, Philadelphia; Mr. J. J. George, Mr. M. L. Mauney, Mr. D. A. Rudisill and Mr. F. C. Stanley, Cherryville; Mr. D. H. Mauney, Lincolnton; Mr. J. S. P. Carpenter and Mr. F. W. Fellsburg, Philadelphia. The business of the company was found to be in a flourishing condition, 1920 having been a very successful year.

Mr. and Mrs. J. S. Mauney, Miss Bonnie Mauney, Messrs. W. A., W. K., S. A. and Doras Mauney, and Dr. Falls, of Kings Mountain, were in Cherryville for the meeting of the Mauney Steel Company.

Miss Alice Ward, county nurse, of Gastonia, was in Cherryville Tuesday and Wednesday. While here Miss Ward gave demonstrations and lectures on "The Care of the Sick."

LEADING COTTON GROWER WANTS CONFERENCE TO DISCUSS REDUCED ACREAGE

MANCHESTER, ENG., Jan. 29. A leading cotton grower has sent a message to Sir Charles Macara urging that a world cotton conference be called without delay. It is felt that the situation arising from the decline in the price of fibre and the threatened 50 per cent reduction in acreage under cotton, says The Manchester Guardian. In the course of an interview, Sir Charles, who is one of the largest cotton manufacturers in Great Britain, said:

"Cotton has fallen a long way below the cost of production, and the inevitable result will be that a great curtailment in the acreage devoted to cotton will follow. I have contended for many years that cotton is a commodity which, if properly packed and stored, can be kept for years without deterioration.

"A recommendation such as I made at the outbreak of war, that the surplus cotton should be taken over by the government interested, should be adopted now. This would save the situation. If action is not taken here a repetition of what occurred in the early days of the war, when American cotton fell from 7 1-2 pence to 4 pence a pound, including all concerned in heavy losses, and consequently rose to 15 pence, increasing the price of the world's cotton crop by hundreds of millions of pounds and raising the price of clothing enormously.

"We are undoubtedly suffering from the press campaign of 'doom', the restriction of credit to bring about forced sales, and the government excess profits duty, which, instead of encouraging industry, has had the effect of strangling it.

"These are the factors mainly responsible for the period depth of business, from which, however, there is bound to be a quick reaction. But 'doom' and 'gloom' are equally groundless. What is needed is a sense of proportion of values."

HOUSEBOAT IS DELAYED BY CHANNEL OBSTRUCTIONS

(By The Associated Press.)

FORT LAUDERDALE, Fla., Feb. 2.—Delayed by channel obstructions, President-elect Harding's houseboat Victoria pushed her way slowly northward in the Indian river today on the second leg of her cruise back to St. Augustine. Her captain expected to reach Palm Beach by late afternoon.

At Palm Beach Mr. Harding probably will play a game of golf and have dinner ashore at a private home.

Hope For Spinsters.

"Since Miss Peavy Potter has her six-cylinder roadster she speeds so that she keeps all the motor cops busy."

"How ridiculous! Why does she do it?"

"She says it's so exciting to be chased by a man."

LINWOOD COLLEGE

Correspondence of The Daily Gazette.

LINWOOD COLLEGE, Feb. 3.—Miss Autha Black spent the week end at her home. She had as her guest Misses Amy Robinson and Mary E. Funderburk.

Miss Eva Lee Beard visited her uncle, Rev. J. B. Hoke, the past week end.

Misses Pauline Cameron, Lona McCain and Minnie Lucy Watkins visited friends in Gastonia and Bessemer City Sunday and Monday.

Miss Josie Lowe, of Lowell, visited home folks the week end.

Misses Marie Roberts and Fay Perry spent Sunday afternoon in Gastonia.
