DIABETES.

From late figures the hope of recovery under the new emollient treatment seems tobe about as follows:

In people of sixty and over results are quite uniform, probably nine-tenths recovering. While at fifty and over a large majority of all cases yield to the treatment, below fifty and approaching forty the precentage is not high—probably not much over half yielding.

Under thirty the percentage is less and in children recoveries have been very few and most of these were obtained with the aid of skilled physicians forcing nutrition and alkaline treatment to prevent formation of acetones.

The new emollient treatment is known as Bloodine Blood and Kidney Tablets. They can be had in Washington at Dr. Ira M. Hardy's.

We desire every patient to write us who is not noting the usual improvement by the third week. Always state age. Literature mailed free, and mail orders filled by the Bloodine Corporation, Boston, Mass.

WOMEN ARE INTERESTED IN ESTABLISHING LOWER DEATH RATE AMONG THEIR SEX.

It has recently been discovered that many women who believe they are suffering with diseases peculiar to their sex, have nothing else but kidney trouble or the results of kidney and bladder diseases. Thousands of women suffer from kidney trouble and never know it. When the kidneys are not in a healthy condition, they often cause the other organs to become diseased, and you become nervous, irritable, and often despondent.

When in ill health you may suffer with bearing down feelings, backache and loss of ambition. Many thousands of nervous, irritable and broken down women have restored their health and strength with Bloodine Blood and Kidney Tablets; they make sick kidneys well. Free sample and booklet will be sent by the Bloodine Corporation, Boston, Mass. Enclose stamp to pay postage. Dr. Ira M. Hardy, Special Agent.

WHY SALVES FAIL TO CURE ECZEMA.

Scientists are now agreed that the eczema germs are lodged not in the outer skin or epidermis, but in the inner skin. Hence a penetrating liquid is required, not an outward salve that clogs the pores.

We recommend to all eczema patients the standard prescription Oil of Wintergreen as compounded in liquid form known as D. D. D. Prescription. A trial bottle of the D. D. D. Prescription, at only 25 cents will instantly relieve the itch. We have sold and recommended this remedy for years, and know of wonderful cures from its use. We recommend it to our patrons.
