A Letter From a Big Pine Creek Boy.

Procter, N. C. Feb. 23, 1918.

Mr. Editor:—Will you allow me space in your paper for a few words, as this is the first I have ever tried to write for The News Record. I thought I would try it once as I like to read the old Madison County News and letters that Madison Boys have written to The News-Record. I am a Madison boy myself born and raised in old Madison. Born March, 21, 1890. I left Madison Nov. 20, 1911 and come to Swain County and was employed by the W. M. Ritter Lumber Co. I have made some money and saved what I could for the year 1912, I never lost any time at all I made every day in the whole year, There is lots of lumber manufactured here they cut from 60.000 to 70,000 feet per day and finish it ready for building purposes. But the shipping of lumber seems to be a little dull at present. They have on the yard now about 7,000,000 feet of lumber. This is not a very good farming section but a good place for old Madison boys to work, my rates when I came here were only 16 cents per hour, now I am making 22½. There are some Madison people here, M. L. Price left here on Friday for Spring Creek to see the last of his brother. And Mrs. Price received a telegram that Mr. Price was dead, he leaves many friends to mourn his loss There are lots of people gets hurt here. On Jan. 17, T. C. Cooper fell from the top of the conveyor. He died in a few hours he had just recovered from both arms being broken and his chest mashed. He had only been back at work about eight days. Some several have lost their arms and legs.

The weather here is beautiful looks almost like summer time, the winter having been like last winter was. We haven't had but two small snows here, winter has been almost like a Florida winter.

With best wishes to the Editor and News-Record I will close.
