It's Sales that Makes a Business Flourish

Advertising creates a demand, but it requires quality to maintain it.

Our Business Has Flourished

through several years. Is not that proof enough to you that you find quality in our goods?
Actual merit alone has increased this trade and will continue to do so.

HOW A WOMAN IN N. C. STARTED IN BUSINESS WITH ONLY ONE DOLLAR.

She is now independent and cares not how bad times are. Can be done by others.

A woman in North Carolina started in business with only 1 dollar and now has an income of more than 200 dollars a week.

One day she saw an advertisement in a monthly story paper of "WICKE'S SWISS HERB TEA" stating that it was the BEST REMEDY ON THE MARKET for all Kidney, Liver and Stomach Troubles and while she had been troubled with all these complaints for more than 7 years, she wrote to the Manufacturer for a 22 cent package, which she used careful accroding to the directions. After one weeks use she found that all her complaints had left her and she told the people, who had known her as a very sick lady, what she had used. All who saw the wonderfull change in her condition, asked her to get them a package, and she sent one dollar to the Manufacturer of the Tea and asked him to send her as many packages as he could afford for the one dollar.

She got 8 packages which she sold at 25 cents each, which gave her a profit of one dollar on her investment, and 25 sample packages, which she distributed to other people and asked them to try this wonderful Herb Tea.

A week later she went to all these people again and asked them if they had tried the Tea and what they thought of it, and to her surprise she got an order for a package from every one of these, they all said "the Tea is wo rful." She at once sent for 100 packages and kept on distributing samples and sold them all in a weeks time, and then she sent for 500 packages and now she has 50 other ladies and men working for her, selling "Wicke's Swiss Herb Tea" from house to house, and North Carolina has never been in so healthy condition as she is now; the call for a Doctor is only in rare cases or accident. A Druggist offered her the other day $10,000 for her Agency, but she declined his offer.

Anyone, who has a little push and energy can do as well as she and while there are a few Agencies still open, we advise all who wants to build up an independet business, to write to H. FELDSTEIN, 1375 Myrtle Ave., Brooklyn, N. Y., and send him a Money Order for one or more dollars to secure the Agency of their town. Write today if you want to build up your ewn business and be independent.
