PETERSON'S

Philadelphia Counterfeit Detector

AND

BANK NOTE LIST.

IT is published monthly, in a large quarto form, 32 pages in each number, on the first of each month, the first number being dated January 1st, 1858, and published on Saturday December the 26th.

Drexel & Co. Bankers, will correct it.

The corrections in the Bank Note List as relates to the Discount on Notes, Lists of Counterfeits, &c., will be made by the well known Banking House of DREXEL & CO. 34 South Third Street, who will purchase all Bank Bills at the quotations made therein. This Detector will be found to be reliable and true.

The Publishers have for a long time seen the necessity and want of an entirely correct, intelligent and reliable Counterfeit Detector and Bank Note List, to be entirely uncontrolled by any one to suit private ends and purposes; and are confident that from the means and sources of information which the Editors of this detector have at their command, it will be found to be the most reliable Detector ever published in this country.

New Counterfeits and Broken Banks.

Each number of the Detector will contain, on the first page, a complete list of all the various failures of Banks and Banking Institutions, and of the various new Counterfeits since the publication of the prior month's Detector, and in each and every number of the Detector will be contained a complete, full and entire list of all the Broken, Failed, Closed Fraudulent and Worthless Banks in the Country. These will be kept entirely separate and distinct from the Good Banks.

Stock List.

Each number will contain a full and complete Stock List, (corrected by J. W. Clarke & Co., up to the hour of going to press,) of Loans, Banks, Insurance, Canals and Railroad Stocks, showing the par value of each stock as well at the prices offered, and price asked for each; also, when the dividends on each are due and payable.

Wholesale Price Current.

The Wholesale Price Current will also be found to be full, complete and reliable, of the latest operations, up to the moment of going to press.

Every storekeeper should have it.

The Publishers intend making this Detector indispensable to every person doing business, so that no one will be able to do without it, as the well known standing and reputation of Drexel & Co., Bankers and Brokers, will be sufficient to guarantee its correctness.

WAVERLY

MAGAZINE.

FOR

Family Amusement and Instruction

Edited by Moses A. Dow.

THIS paper is the largest Weekly ever published in this country. Its contents are such as will be approved in the most fastidious circles—nothing immoral being admitted into its pages. It will furnish as much reading matter as almost any one can find time to peruse, consisting of

Tales, History, Biography, Music

AND POETRY.

The paper contains no ultra sentiments, and meddles neither with politics nor religion, but is characterized by a moral tone. It circulates all over the country, from Maine to California. The terms by mail are very low, as will be seen by the following

TERMS:

The Waverly Magazine is published weekly by Moses A. Dow, No. 5 Lindall Street, Boston, Mass.

Two editions are printed, one on thick paper for Periodical Dealers, at 6 cents a copy, and an edition for mail subscribers, (on a little thinner paper, so as to come within the low postage law,) at $2 a year, or $1 for six months, always in advance.

Clubs by mail, six papers six months, $5. Paper stopped when the last number paid for is sent.

A new volume commences every July and January. But if a person commences at any particular number in this volume, and pays for six months, he will have a volume complete with a title-page, as every paper is complete in itself.

☞ When a subscriber orders a renewal of his subscription he should tell us what was the last number he received, then we shall know what number to renew with without hunting over our books. Otherwise we shall begin when the money is received.

Persons writing for the paper must write their name, post-office, county and State very distinctly. Those who wish their papers changed should tell where it has previously been sent.

Postage on this paper is twenty-six cents a year, payable in advance at the office where taken out.

Clubbing.

Clubs must always be sent at one time to receive premium. We cannot send them at the club price unless received all together, as it is too much trouble to look over our books or keep an account with each one getting them up.

☞ Any one sending us $4, can have one copy of the "Waverly Magazine," and either of the following works for one year by mail: "Graham's Magazine," "Godey's Lady's Book," "Ladies' Gazette of Fashion," "Putnam's Magazine," "Ballou's Pictorial."

☞ Any one sending us $3 25 in advance, can have a copy of the "Waverly Magazine," and either of the following papers for one year by mail: "True Flag," "American Union," "Olive Branch," "Yankee Privateer."

All letters and communications concerning the paper should be addressed to the publisher.

THE WAY TO SUBSCRIBE.

The proper mode to subscribe for a paper is to lose the money in a letter, and address the publisher direct, giving individual name with the post office, county and State *very plainly written*, as post marks are often illegible.

STEDMAN'S

Salem Magazine

IS TO BE THE TITLE OF A

LITRRY PERIODICAL.

TO BE PUBLISHED

MONTHLY

IN THE

TOWN OF SALEM

BY

ANDREW J. STEDMAN.

A MEMBER OF THE

North Carolina Bar.

IN offering to the public my Magazine, I claim for the Editorial Chair no superiority over that department of other like periodicals, but I do claim for the talent of North Carolina and the South generally that will be brought to its support, Southern patronage.—And I also, as a Southern man and the Editor of a Southern Magazine claim at the hands of the Southern country, and especially of North Carolina, that aid and support that will here, at home, establish upon a firm basis, a fountain of Literature and exclusively a Home Literary Magazine.

Many are the Magazines now published in the Northern States that are flooding the whole Southern country. There is not (it is probable) a country in any Southern State that is not visited by "Harper," "Graham," "Peterson" or "Godey," while here, in North Carolina and the South where genius unsurpassed and unequaled reigns the literary talent that is brought into exercise is dedicated to the support of Northern Magazines, while Southern enterprize, taste and talent bow in humble submission to such sinecural policy of Southern contributors.

Why, I ask, cannot we—North Carolina, the South—and according to our Southern clime a Magazine acceptible for the many qualities that adorn the pages of the most chaste, elegant and polite Periodicals. It is true that the South has her Magazines but few in number are they, and as known, compared to the publications of the North which every mail brings to our homes filled with the result of hired labor and teeming with unpardonable edition.

My magazine will be of the usual size; and nothing will be admitted to its pages but such articles as will meet the approval of the most fastidious. It shall be

ILLUSTRATED

WITH ENGRAVINGS AND PLATES

of the most elegant texture, equaling in beauty and style any executed at the North.

My price of Subscription is *THREE DOLLARS* per year, which is required to be paid in advance, as the expense to be incurred, in establishing such a publication will not admit of a credit system.

☞ *The first number will be issued* 1st January 1858.

A. J. STEDMAN.

EDITOR AND PROPRIETOR.

September 1st 1857.

The editor took occasion, while traveling on the Continent, and sojourning in France, Spain, Italy and Germany, to become familiar with the most successful systems of instruction in the modern languages.

CATHARTIC PILLS

OPERATE by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action. They remove the obstructions of the stomach, bowels, liver, and other organs of the body, and, by restoring their irregular action to health, correct, wherever they exist, such derangements as are the first causes of disease. An extensive trial of their virtues, by Professors, Physicians, and Patients, has shown cures of dangerous diseases almost beyond belief, were they not substantiated by persons of such exalted position and character as to forbid the suspicion of untruth. Their certificates are published in my American Almanac, which the Agents below named are pleased to furnish free to all inquiring.

Annexed we give *Directions* for their use in the complaints which they have been found to cure.

FOR COSTIVENESS.—Take one or two Pills, or such quantity as to gently move the bowels. Costiveness is frequently the aggravating cause of PILES, and the cure of one complaint is the cure of both. No person can feel well while under a costive habit of body. Hence it should be, as it can be, promptly relieved.

FOR DYSPEPSIA, which is sometimes the cause of *Costiveness*, and always uncomfortable, take mild doses from one to four—to stimulate the stomach and liver into healthy action. They will do it, and the *heartburn, belchings*, and *sour burn* of dyspepsia will rapidly disappear. When it has gone, don't forget what cured you.

For a FOUL STOMACH, or *Morbid Inaction of the Bowels*, which produces general depression of the spirits and bad health, take from four to eight Pills at first, and smaller doses afterwards, until activity and strength is restored to the system.

FOR NERVOUSNESS, SICK HEADACHE, NAUSEA, *Pain in the Stomach, Back, or Side*, take from four to eight pills on going to bed. If they do not operate sufficiently, take more the next day until they do. These complaints will be swept out from the system. Don't wear these and their kindred disorders because your stomach is foul.

FOR SCROFULA, ERYSIPELAS, *and all Diseases of the Skin*, take the Pills freely and frequently, to keep the bowels open. The eruptions will generally soon begin to diminish and disappear. Many dreadful ulcers and sores have been healed up by the purging and purifying effect of these Pills, and some disgusting diseases which seemed to saturate the whole system have completely yielded to their influence, leaving the sufferer in perfect health. Patients! your duty to society forbids that you should parade yourself around the world covered with pimples, blotches, ulcers, sores, and all or any of the unclean diseases of the skin, because your system wants cleansing.

TO PURIFY THE BLOOD, they are the best medicine ever discovered. They should be taken freely and frequently, and the impurities which now the seeds of incurable diseases will be swept out of the system like chaff before the wind. By this property they do as much good in preventing sickness as by the remarkable cures which they are making every where.

LIVER COMPLAINT, JAUNDICE, *and all Bilious Affections*, arise from some derangement—either torpidity congestion, or obstructions of the Liver Torpidity and congestion vitiate the bile and render it unfit for digestion. This is disastrous to the health, and the constitution is frequently undermined by no other cause. Indigestion is the symptom. Obstruction of the duct which empties the bile into the stomach causes the bile to overflow into the blood. This produces Jaundice, with a long and dangerous train of evils. Costiveness, or alternately costiveness and diarrhoea, prevails. Feverish symptoms, languor, low spirits, weariness, restlessness, and melancholy, with sometimes inability to sleep, and sometimes great drowsiness; sometimes there is severe pain in the side; the skin and the white of the eyes become a greenish yellow; the stomach acid; the bowels sore to the touch, the whole system irritable, with a tendency to fever, which may turn to bilious fever, bilious colic, bilious diarrhoea, dysentery, &c. A medium dose of three or four Pills taken at night, followed by two or three in the morning, and repeated a few days, will remove the cause of all these troubles. It is wicked to suffer such pains when you can cure them for 25 cents.

RHEUMATISM, GOUT, *and all Inflammatory Fevers*, are rapidly cured by the purifying effects of these Pills upon the blood and the stimulus which they afford to the vital principal of Life. For these and all kindred complaints they should be taken in mild doses, to move the bowels gently, but freely.

As a DINNER PILL, this is both agreeable and useful. No Pill can be made more pleasant to take, and certainly none has been made more effectual to the purpose for which a dinner pill is employed.
