Awarded DFC

STAFF SGT. WILLIAM W. STRINGFIELD, son of Dr. and Mrs. Sam Stringfield, who is now stationed at Sheppard Field, Witchita Falls, Tex., has been awarded the Distinguished Flying Cross. The citation which accompanied the cross was in part as follows:

"For extraordinary achievement while participating in serial flight against the enemy in the North African and Mediterranean theaters of operation. Throughout many long and hazardous combat missions against vital strategic targets deep in enemy occupied territory though confronted by heavy enemy opposition from highly aggressive enemy fighter and intense and accurate anti-aircraft fire, Sgt Stringfield consistently displayed outstanding courage, aggressiveness and intense devotion to duty throughout all engagements.

"With their aircraft frequently severely damaged by heavy enemy fire, these men have courageously remained at their stations, battling their way through to their targets to aid materially in the utter destruction of vitally important enemy installations and supplies. Heedless of severe and adverse weather conditions encountered over rugged mountainous terrain and surmounting any other major obstacles that faced them during these hazardous missions these men have gallantly engaged and fought and defeated the enemy with complete disregard for their personal safety and against overwhelming odds. The conspicuous and extraordinary achievement throughout these many missions against the enemy have been of inestimable value to successful combat operations and have reflected great credit upon themselves and the armed forces of the United States."

Sgt. Stringfield served as a gunner of a crew while in the European Theater and was attached to the 722nd Bomb Sq., of the 460th Bomb Gp.

Lt. Sam Stringfield Awarded Second Oak Leaf Cluster

Second Lieutenant Sam L. Stringfield, son of Dr. and Mrs. Sam L. Stringfield, has been awarded a second Bronze Oak Leaf cluster for strikes on oil-rich Balikpapen, Borneo in late 1944, according to information received from the headquarters of the Fifth Air Force in the Philippines.

Lt. Stringfield returned in the early Spring from the Pacific theatre and is now stationed in Miami Beach. He participated in history-making B-24 Liberator flights to Borneo that resulted in the destruction and damage of Jap held oil refineries, storage tanks and other installations.

General George C. Kenney's commendation of Lt. Stringfield's part as navigator in the bombing missions states in part:

"In the Balikpapen area, swarms of aggressive enemy fighters intercepted and pressed unrelenting attacks. Flying through withering anti-aircraft fire the crews of these B-24's nevertheless dropped their bombs with devastating results.

"The courage and devotion to duty displayed by Lt. Stringfield during these missions reflect great credit on the United States Army Air Forces."
