THE BOOK DEPARTMENT of The Mountaineer has indeed been fortunate in getting one of the most popular writer's newest book. It is "MOST SECRET" and was written by Nevil Shute who has "PASTORAL," "PIED PIPER" and others to his credit. This book was held up by the British Admiralty for many months for security reasons. You will understand why when you read through its 340 pages and you will lay it down with a sigh of regret that you have come to the end. Nov. 1
