PENALTIES.

Penalty for making, signing or issuing any instrument, document or paper of any kind whatsoever, or shall accept, negotiate or pay, or cause to be accepted, negotiated or paid, any bill of exchange, draft or order, or promissory note for the payment of money, without the same being duly stamped, or denoting the duty hereby imposed thereon, $50; and the instrument shall be deemed invalid and of no effect; or for counterfeiting stamps or dies, $1,000, and imprisoned to hard labor not exceeding five years. For selling proprietary cosmetics, matches, meats, fish, fruits, sauces, jellies, etc., without proper stamps $50.

OTHER PROVISIONS.

Instruments are not to be recorded unless properly stamped.

No instrument is invalid for the want of the particular kind of stamps designated, provided a legal stamp of equal amount (except proprietary stamps) is duly affixed.

All official instruments, documents, and papers issued or used by officers of the United States government, or by the officers of any State, county or other municipal corporation, are exempt.

In cases where an adhesive stamp shall be used for denoting any duty imposed by this act, the person using or affixing the same shall write thereon the initials of his name, and date upon which the same shall be attached or used, so that the same may not again be used, under a penalty of $50.

Instruments heretofore issued without stamps, not to be void where stamps are subsequently affixed. Postage stamps cannot be used as revenue stamps

Any person may present to the commissioner of internal revenue any instrument, and require his opinion whether the same is chargeable with any duty; and if the said commissioners shall be of opinion that it is not chargeable with any stamp duty, he is required to impress on it a particular stamp, with words to signify that it is not chargeable with stamp duty; and every instrument on which said stamp is impressed shall be received in evidence in all courts, notwithstanding objections on the ground of such instrument being without the proper stamp.

The party to whom a document is issued from a foreign country, or by whom it is to be issued, shall, before using the same, affix thereon the stamp or stamps indicating the duty required.

Proprietors of cosmetics, medicines, or proprietary articles, may furnish private dies, and are allowed 5 per cent. on all purchases of $500; over $500 10 per cent.

THE AUTOMATIC ORGAN.

In presenting the AUTOMATIC ORGAN, we boldly announce the greatest triumph in musical instruments of the age. During the past half century, the French and Germans have manufactured reed instruments with double bellows, and two pedals for the feet to operate; but the want of the reversed or EXHAUSTION BELLOWS, (which is the only bellows used in our instruments,) made it impossible for them to produce the mellow, rich and musical tone for which our instruments are celebrated.

Another objection to this method of blowing was, that both feet being occupied no opportunity was offered for the management of the swell. Within the past two years, instruments constructed on this European plan of "double blowers" have been manufactured in this country, and to counteract this difficulty (want of a swell) a lever has been projected from the centre of the instrument, to act upon the swell, *and operated by the knee* The inconvenience and contortion necessary to effect this object, are disagreeable enough to a gentleman, but to a lady the use of such an appendage is nearly impossible.

Our AUTOMATIC device obviates this difficulty entirely, the simple act of blowing with more or less force, giving the desired increase or decrease in the volume of the tone We predict for this invention a brilliant future.

The Melodeon and School Organ.

For seventeen years the superior excellence of our Melodeons has not been questioned, and for two years past the enormous demand has made it impossible for us to meet our orders promptly. With our increased facilities we feel warranted in assuring our patrons that their orders will be promptly met, and solicit a continuance of their patronage.

GEO. A. PRINCE & CO

Caution to Purchasers.

All of our instruments have upon the name board is in full, "GEO A. PRINCE & CO"—When a dealer represents any other instrument as "the same as ours" it is usually a mere attempt to sell an inferior instrument on which he can make a larger profit.

MANHOOD:

IN THE YOUNG AND RISING GENERATION, the vegetative powers of life are strong, but in a few years how often the pallid hue, the lack-lustre eye and emaciated form, and the impossibility of application to mental effort, show its baneful influence. It soon becomes evident to the observer that some depressing influence is checking the development of the body. Consumption is talked of, and perhaps the youth is removed from school and sent into the country This is one of the worst movements. Removed from the ordinary diversions of the ever changing scenes of the city, the powers of the body too much enfeebled to give zest to healthful and rural exercise, thoughts are turned inwards upon themselves.

If the patient be a female, the approach of the menses is looked for with anxiety, as the first symptom in which Nature is to show her saving power in diffusing the circulation, and visiting the cheek with the bloom of health. Alas! the [illegible] of appetite has grown by what it fed on, and the energies of the system are prostrated, and the whole economy is deranged. The beautiful and wonderful period in which body and mind undergo so fascinating a change from child to woman, is looked for in vain; the parent's heart bleeds in anxiety, and fancies the grave but watching for its victim.

HELMBOLD'S

FLUID EXTRACT

OF BUCHU

For Weakness arising from Excess, Early Indiscretion,

[illegible] the following symptoms [illegible] Loss of Power, [illegible] of Breathing, [illegible] Disease, [illegible] Horror, [illegible] Swelling of Feet, [illegible] Sight, Languor, [illegible] of the Muscular System, Often Enormous Appetite with Dyspeptic Symptoms, Hot Hands, Flushing of the Body, Dryness of the Skin, Pallid Countenance and Eruptions on the Face, Pain in the Back, Heaviness of the Eyelids, Frequently Black Spots flying before the Eyes, with Temporary Suffusion and Loss of Sight, Want of Attention, Great Mobility, Restlessness, with Horror of Society. Nothing is more desirable to such Patients than Solitude, and nothing they more dread for Fear of Themselves, no Repose of Manner, no Earnestness, no Speculation, but a hurried Transition from one question to another.

These symptoms, if allowed to go on—which this Medicine invariably removes—soon follow *Loss of Power, Fatuity, and Epileptic Fits*, in one of which the patient may expire

During the Superintendence of Dr. Wilson, at the Bloomingdale Asylum, this sad result occurred to two patients; reason had for a time left them, and both died of epilepsy. They were of both sexes, and about twenty years of age.

Who can say that these excesses are not frequently followed by those direful diseases *Insanity and consumption*? The records of the *Insane Asylums*, and the melancholy deaths by *Consumption*, bear ample witness to the truth of these assertions. In Lunatic Asylums the most melancholy exhibition appears. The countenance is actually sodden and quite destitute—neither Mirth or Grief ever visits it. Should a sound of the voice occur, it is rarely articulate.

"With woeful measures wan Despair
Low sullen sounds his grief beguiled."

Whilst we regret the existence of the above diseases and symptoms, we are prepared to offer an invaluable gift of chemistry for the removal of the consequences—
