Library Notes

MARGARET JOHNSTON
County Librarian

First Aid To Program Builders

Most of your program chairmen a lot of elimination to make the year's study. Being a program chairman myself I know how hard it is to get programs of interest for everyone in your group.

I know too that each program takes weeks of study on the part of the person in charge of it, if it is to be effective. It takes a lot of outside reading, a lot of facts, a lot of elimination to make the final half an hour talk including the essential points.

Your various clubs or your church groups in Haywood county want to see what material the library has. Here's our offer—in the office there is a huge table and room for your committee to work. If you phone us at 547 and tell us the day you would like to use this facility we'll save it for you.

Also if you are interested we'll have books displayed there for your use. Your county librarian is glad to assist you in any way possible and if desired she will set in on meetings to suggest material available.

Drying Dresses

Placing dresses just washed on hangers keeps them in shape, but be sure the hangers are not rusty, or cover them carefully with plenty of cloths.
