Sentinels of Health
Don't Neglect Them!
Nature designed thick discs to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living, over-work, or substandard [illegible] may mean the difference between a healthy or unhealthy blood. If good health is to endure, [illegible] must remove from the blood if good health is to endure.
When the kidneys fail to function as Nature intended, there is retained in the blood that may cause body aches and pains. You may suffer a variety of backaches, persistent headaches, attacks of dizziness, getting up nights, nervousness, leg pains, swelling, puffiness under the eyes. Self-diagnosis is risky and worse.
Frequent, scanty or burning urinations are some of the further evidences that kidneys or bladder are disturbed.
This is a good time to try Doan's Pills. Doan's stimulate the kidneys to help them get rid of excess poisonous matter in the blood. They have been used the world over for more than forty years. Ask your neighbor! Endorsed everywhere! Insist on Doan's. Ask for Doan's Pills.
