Make Lemons Useful.

If the complexion is not [illegible], squeeze a lemon in a glass of [illegible] and rub the face with night and morning.

A wash for whitening the hands is made of glycerine and lemon juice in equal parts. Use it at night, wear gloves and rub the hands with clear lemon juice, in the morning.

A headache may be relieved by rubbing a slice of lemon along the temples.

A few drops of lemon juice will mitigate the pain of the sting of a bee.

Squeeze a little lemon juice in a cup of hot water and drink before breakfast, thus curing dyspepsia.

A corn or bunion may be relieved thus: After bathing the afflicted foot in hot water a few drops of lemon juice on the toe will be found very soothing.

Ink stains may be removed from white goods by rubbing promptly with a slice of lemon.

A hot lemonade with a little whisky is efficacious in breaking up a severe cold.

Curious Origin of Fire.

The other day a heavy delivery wagon backed up in the front of an Eighth Avenue furniture store. The smoothness and slant of the asphalt gave greater momentum than was expected, and the hind wheels struck the curb with a crash. The contact of stone and iron drew out sparks. Some of these flew into a wisp of packing hay and soon bore forth smoke and flame. A bucket of water subdued the blaze, as a fireman remarked, it was an interesting object lesson on one of the mysterious ways in which fires sometimes start.—[illegible]

[illegible]ding on Chamois.

[illegible]ing on chamois leather is a style of decoration which is still used for dress trimmings, and for various household ornamentations. The natural ecru color of the leather is sometimes preserved, though quite often the leather is dyed to a different color. A deep dark yellow, shading into the natural color of the chamois, is [illegible] as effective as anything. Small pieces of this work [illegible] time, but [illegible] made [illegible] difficult to say what [illegible] long, han[illegible] this wa[illegible]

[illegible] you weep alone,
[illegible] earth must borrow [illegible],
[illegible] trouble enough of its own.

[illegible] and the hills will answer;
[illegible]gh, it is lost on the air.
The echoes bound to a joyful sound,
But shrink from a voicing care.

[illegible] joice, and men will seek you;
Grieve, and they turn and go,
They want full measure of your pleasure,
But they do not heed your woe.

Be glad, and your friends are many;
Be sad, and you lose them all,
There are none to decline your doctored wine,
But alone you must drink life's gall.

Feast, and your halls are crowded;
Fast, and the world goes by,
Success and give and it helps you live,
But no man can help you die.

There is room in the halls of pleasure
For a large and a lordly train.
But one by one we must all file on
Through the narrow aisles of pain.

The Value of Coins.

The value of gold coin is in its weight; the value of silver coin is the government stamp on it. The value of Simmons Liver Regulator is the relief it gives from Biliousness and Sick Headache. A 25c. cents package of powder has permanently cured many a one.

Elizabethan Love Song.

As mirrored in the tranquil lake
The bending lily's cup appears,
Is echoing from surrounding hills
The singing swain his music hears;
[illegible] every glance and every tone
[illegible] heart doth answer to thine own:

Do Not be Critical.

Whatever you do, never set up for a critic. I do not mean a newspaper one but in private life, in the domestic circle. If you don't like any one else's nose or object to any one's manners, don't put your feelings into words. If any one's manners don't please you, remember your own. People are not all made to suit one taste—recollect that. Take things as you find them unless you can alter them for the better. Continual fault finding, continual criticism of the conduct of this one, and the speech of that one, and the dress of the other will make home the unhappiest place under the sun. Always tugging and working at the chain that galls only makes it dig deeper.

NOW TRY THIS.

WHAT THE Electropoise (TRADE MARK) IS

"Cures when all else fails."

CONVENIENT, because you can carry it in your pocket.
SIMPLE, because it is a home remedy.
SURE, because it aids nature to cure.
SAFE, because it leaves no bad effects.
EASY, because you take no medicine.

WHAT IT DOES: It causes the body to absorb ATMOSPHERIC OXYGEN, and draws from nature's laboratory the agent of its curative effects.

Governor THOS. M. HOLT says: "I always got good results from the Electropoise."

The reader of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
