ODD ITEMS.

At Hong Kong thieves steal the telephone wires.

Huge plates of glass are now cut by electricity.

An ink spring has been discovered in Michigan.

The largest organ in the world is now being built in London for Sydney. It will cost about $75,000.

Miss Addie Herndon, of Erin, Penn., dreamed recently of digging up $560 in gold, and the next day she went to the place visited in the dream and did it in fact.

Salvation oil routs and banishes all bodily pain instantly, and costs only twenty-five cents a bottle.

"A bull in a china shop" is out of place, but a bottle of Doctor Bull's Cough Syrup in the china closet is in place. For croup, bronchitis, sore chests and colds it is a prompt and efficacious remeny.

Fifty-five ladies of Utica, N. Y., have signed an agreement not to let a man crowd past them when in the theatre unless he is going out on some other business than to guzzle lager.

A recent English testator bequeathed his wife one farthing, which he directed the executrix to forward to her by post unpaid, because in his lifetime she was in the habit of addressing him as "Old Pig."

While a colored laborer was upheaving the soil in the lot of J. R. Broadstreet, of Talladega, Ala., he unearthed a silver spoon having on it the initials W. M. C., and the date, July, 1860. The spoon had laid there over 25 years and was in good condition.

Worth Knowing.

Mr. W. H. Morgan, merchant, Lake City, Fla., was taken with a severe cold, attended with a distressing cough and running into Consumption in its first stages. He tried many so-called popular cough remedies and steadily grew worse. Was reduced in flesh, had difficulty in breathing and was unable to sleep. Finally tried Dr. King's New Discovery for Consumption and found immediate relief, and after using about a half dozen bottles found himself well and has had no return of the disease. No other remedy can show so grand a record of cures as Dr. King's New Discovery for Consumption. Guaranteed to do just what is claimed for it. Trial bottle free at Dr. W. M. Fowlkes & Co.'s Drug Store.

SIMMONS LIVER REGULATOR

TORPID LIVER

Is known by these marked peculiarities:

1. A feeling of weariness and pains in the limbs.
2. Bad breath, bad taste in the mouth, and furred tongue.
3. Constipation, with occasional attacks of diarrhœa.
4. Headache, in the front of the head; nausea, dizziness, and yellowness of skin.
5. Heartburn, loss of appetite.
6. Distention of the stomach and bowels by wind.
7. Depression of spirits, and great melancholy, with lassitude and a disposition to leave everything for to-morrow.

A natural flow of Bile from the Liver is essential to good health. When this is obstructed it results in

BILIOUSNESS,

which, if neglected, soon leads to serious diseases. Simmons Liver Regulator exerts a most beneficious influence over every kind of biliousness. It restores the Liver to proper working order, regulates the secretion of bile and puts the digestive organs in such condition that they can do their best work. After taking this medicine no one will say, "I am bilious."

"I have been subject to severe spells of Congestion of the Liver, and have been in the habit of taking from 15 to 20 grains of calomel which generally laid me up for three or four days. Lately I have been taking Simmons Liver Regulator, which gave me relief without any interruption to business."—J. HUGG, Middleport, Ohio.

The Color Line at the North.

Evidence is daily accumulating that the color line is more systematically drawn at the North than in the South. We do not allude to the fact that negroes in that section cannot find accommodations at the hotels, nor to the fact that Ohio Republicans will not permit negro children to attend white schools. These things touch the social relations of which every community must be its own judge and regulate to suit itself.

But we are told that in New York city the negroes refuse to attend the white churches, preferring their own. One negro preacher, at the recent conference at Chickering Hall, said: "Our churches have reached the limit of their capacity. We need more room to keep our members together."

A white preacher, Arch-deacon Smith, said: "We do not need more churches, but more men and women in the existing churches." Here was an invitation to the negroes to attend the white churches, but they will not accept it. In their life, especially in New York, their churches take the place of organized society, and they cannot be induced to attend the white churches. They would rather be crowded in their own. In this instance, it is the negroes themselves drawing the color line, and it is the result of the racial instinct that exists in the blacks as well as the whites.

On the other hand the white people of New York city, as we stated the other day, are drawing the color line in a much more substantial manner. They no longer tolerate negro house servants or negro coachmen. The restaurants and hotels do not employ negro waiters. Even the negro whitewasher is out of date, and the negro washerwomen have been supplanted by the cheaper and more expert Chinaman.

There are 300,000 negroes in New York city, and these changes are a serious matter to them.—Atlanta Constitution.

Public squares are a great blessing to the community. We can say the same for Dr. Bull's Baby Syrup; it is the best remedy for the cure of all diseases babyhood has to encounter. Price only 25 cents.

If your bowels are costive take a dose of Laxador, we know of no better medicine. Price 25 cents.

Death on a Burning Steamer.

NEW ORLEANS, Dec. 25.—A special dispatch from Plaquemine says: The burning of the steamer John H. Hanna last night near this place was one of the most terrible river disasters that has ever happened in Southern waters. About thirty persons perished in the flames, and a large number jumped overboard and were drowned. Among the lost are Capt. Holmes and first clerk Samuel Powell. Their bodies have been recovered. Capt. Holmes' body was terribly burned. Bob Smith, the pilot of the J. L. White at the time she was burned, was a passenger on the John H. Hanna and was burned to death; his body has also been recovered. One of the deck hands who escaped says there were about one hundred persons on board, and that only about a dozen can now be found alive. The engineer and pilot were saved. All were burned more or less, some of them severely.

A Sound Legal Opinion.

E. Bainbridge Munday, Esq., County Atty., Clay Co., Tex, says: "Have used Electric Bitters with most happy results. My brother also was very low with Malarial Fever and Jaundice, but was cured by timely use of this medicine. Am satisfied Electric Bitters saved his life."
