IF YOU OWN YOUR FARM USE PRINTED STATIONRY

Every farmer who owns a hundred acres of land or more ought to have printed stationery with his name and the name of his farm and his postoffice address properly given. The printed heading should also give the names of whatever crops he specializes on, and of whatever varieties of seed or whatever breed of hogs, cattle or poultry he keeps. Printed stationery gives you standing with whatever person or firm you are writing to and gives you a new dignity besides insuring that your name and address will always will be given properly and in full.

Moreover, such printed stationery increases your credit. A prominent advertiser wrote one of our readers saying: "We usually require cash with order for all our goods but we have found that it pays to trust a man who uses printed stationery so are shipping your order at once."

If you want to write to your Congressman or member of the Legislature; or if you have a request to make of your County Superintendent of Schools; or if you wish to get information from any business house, in any case your letter will have increased weight and get prompter attention if you use printed stationery.

Even if you use postal cards, buy 200 to 500 at the time and have your name and address printed in the corner.

Get the habit of using printed stationery. The next time you go to town, why not drop into the job printing office and give an order for 1,000 sheets of printed note paper and 1,000 envelopes to match it will be one of the best investments you have ever made in your life.—Progressive Farmer.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

THE MEN WHO SUCCEED as heads of large enterprises are men of great energy. Success today, demands health. To ail is to fail. It's utter folly for a man to endure a weak, run-down, half alive condition when Electric Bitters will put him right on his feet in short order. "Four bottles did me more real good than any other medicine I ever took," writes Chas. B. Allen, Sylvania, Ga. "After years of suffering with rheumatism, liver trouble, stomach disorders, and deranged kidneys, I am again, thanks to Electric Bitters, sound and well." Try them. Only 50 cents at The Sylva Pharmacy.
