PASTOR'S COLUMN

Carlton F. Hirschi

National Family Week

National Family Week May 3-10 this year gives us another opportunity to stress the importance of Christian Living in the home. National Family Week is observed by many of our Protestant Denominations. Likewise the Roman Catholics and Jews have their observances the same week.

The slogan is certainly true, "The family that prays together is the family that stays together." We need more families that find a prayer life and a life of fellowship together. Is your family a united family? Is there cooperation between each member of your family? Is there harmonious relationship between each member of your family? Is each member of your family growing in love together and above all with God? Is God the head of your family? Let each family seek to realize the importance of the family and to do their best to improve their family relationship in their home.
