Today's Birthday (March 23)

The pressure's on this year. If you're up to the challenge, security is your reward. Put old fears to rest in March. Fight for what's coming to you in May, but also pay what you owe. Boldly express your love around August, and you could make a solid connection. Be prepared for a major expenditure around November. Travel back to a familiar place in December, and a secret is revealed about an old love. Friends inspire your creativity in February.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

Aries (March 21-April 19)

— Today is a 6 — You're still pushing hard, and that's normal. Don't start worrying, that won't help. Instead, make a budget and a long-term plan. When you start looking at the big picture, it'll be easier to see what you should be doing now.

Taurus (April 20-May 20)

— Today is a 7 — There might be a conflict today. You have strong ideas, but hold off. You may not know everything yet. Instead of doing what you've already decided, shop around a little more. Something new could be a better deal.

Gemini (May 21-June 21)

— Today is a 5 — Don't believe everything you're told, even if it comes from an expert. Somebody you've hired could make a mistake. If your reputation is involved, don't rely on others blindly. Know what they're supposed to do, and whether or not they've done it.

Cancer (June 22-July 22)

— Today is a 7 — Your intuition is on target again. Trust it, rather than information you get from a co-worker. If the news flash doesn't sound right, it probably isn't. That's especially true if the gossip is negative. Believe your gut feeling first.

Leo (July 23-Aug. 22)

— Today is a 5 — Although you probably feel fine, a yellow flag is on the track. You may think you're almost in the winner's circle, but you should be cautious. That's especially true if other people's money is involved. Don't take a risk, play it safe.

Virgo (Aug. 23-Sept. 22)

— Today is a 7 — Do some long-range planning. Pretend you're a chess player. If you move over here, what's likely to happen over there? If you can plan three or four moves, your chances of winning are excellent. It's worth the time and effort.

Libra (Sept. 23-Oct. 23)

— Today is a 6 — The work you're doing now may not bring in as much money as you'd hoped. Go over it two or three times before you hand it in. A silly error could make a big difference. Make sure you get reimbursements in writing.

Scorpio (Oct. 24-Nov. 21)

— Today is a 7 — Don't squander resources to prove your love. Don't spend too much on a toy for a child, either. Encourage the kid to get a job. He or she will appreciate the toy more if effort was necessary to get it. The same might go for romance, by the way.

Sagittarius (Nov. 22-Dec. 21)

— Today is a 6 — You have a passion for revealing the truth. Today, you could make an upsetting discovery. If anybody in your family has a problem that's hidden, it's likely to come out into the open. The good news is you'll have a chance to handle it.

Capricorn (Dec. 22-Jan. 19)

— Today is a 7 — Something you thought was finished could come undone. A form could be returned because you didn't fill it out completely. Check everything over to prevent errors. If you find any, fix them quickly so you can get on with your life.

Aquarius (Jan. 20-Feb. 18)

— Today is a 5 — Take care in situations that involve friends or a group of people and your money. Don't sign up for a tour or loan money to a friend. Later, you could discover something than makes the deal less-attractive. Hold off for now to be on the safe side.

Pisces (Feb. 19-March 20)

— Today is a 7 — You could experience a setback regarding your career or another objective. You may have thought things would turn out better, or at least different. Don't fret; this may not be a big deal. Don't bet too much on your fantasies, though.
