NEWBERN ACADEMY.

THE Trustees give notice that this Institution will again be opened on Wednesday the first day of October next. They take pleasure in recommending to the public the School now established, as they believe the Teachers fully qualified in every respect to impart to the pupils a sound education.

Newbern, Sept 22, 1851. 42 tf.

$50 REWARD

WILL be given by the subscriber for the apprehension and delivery in any jail, so that I get them, of my two negro men ABEL and CESAR. They both ranaway in October last, and were lately the property of Mr. Daniel Tolson, dec'd. of Smith's Creek, near which place or on Bay River they are probably lurking. Cesar is about 32 years old, about five feet eight inches in height, dark but not black; Abel is about 40 years old, but looks younger, very black and spare in form. They are well known in the neighborhood of Bay River as "Shinglers." I will give the above reward for the apprehension of the two or $25 for either of them.

HANNAH TOLSON.

GRAND MASTER'S OFFICE OF THE GRAND LODGE OF NORTH CAROLINA.

NEWBERN, April 19, 1852.

To the Masonic Fraternity in North Carolina:

At the last communication of the Most Worshipful Grand Lodge, it was *Resolved*, that each Mason in the State, both resident and active, be, and he is hereby most earnestly requested, by the Grand Lodge of North Carolina, to transmit as soon as possible to Brother A. T. JERKINS, of Newbern, C. W. D. HUTCHINGS, of Raleigh, WILLIAM SWAIM, of Greensboro', or E. MYERS, of Salisbury, as may be most convenient, the sum of $5, more or less, for the speedy erection of St. John's College, the receipt whereof will be weekly announced in the papers published in the aforementioned places.

Brethren, with confidence of success, I appeal to your liberality in behalf of this enterprise, the importance of which has been fully established by the Grand Lodge, and the general concurrence of the Brethren throughout the State. While enough has already been done to encourage the hope of success, and evince its entire practicability, much yet remains to be done to render this success certain, and even to prosecute unremittingly the measures already commenced. And yet it is confidently beleved that the aid which you are able to render will be amply sufficient to accomplish all this, and that speedily. Upon your action then as Masons depends the success of an enterprise which promises the richest benefits to the cause of Masonry and of humanity in general.—Some of our Lodges have contributed promptly and nobly to this work, and we only ask your careful consideration of the subject, convinced as we are that nothing more is needed to secure your cordial co-operation in a favourable and early response to this appeal. Remember that in this as in every other social movement, *harmony is its strength and support.*

I am Fraternally and Respectfully, yours,

A. T. JERKINS,
Grand Master.

Editors of Newspapers and Periodicals friendly of the cause will please copy the above.

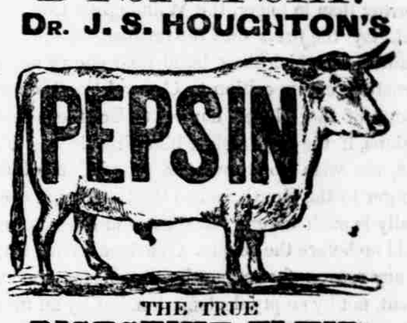
W. DUNN.

Newbern, August, 6th, 1852.

Entered according to Act of Congress, in the year 1851, by J. S. HOUGHTON, M. D., in the clerk's Office of the District Court for the Eastern District of Pennsylvania.

Another Scientific Wonder!
GREAT CURE FOR
DYSPEPSIA!
DR. J. S. HOUGHTON'S



THE TRUE
DIGESTIVE FLUID,
OR, GASTRIC JUICE.

Prepared from RENNET, or the fourth STOMACH OF THE OX, after directions of BARON LIEBIG, the great Physiological Chemist, by J. S. HOUGHTON, M. D., Philadelphia, Pa.

This is a truly wonderful remedy for *Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility*, Curing after Nature's own method, by Nature's own Agent, the Gastric Juice.

☞ Half a teaspoonful of PEPSIN, infused in water, will digest or dissolve, *Five Pounds of Roast Beef in about two hours*, out of the stomach.

PEPSIN is the chief element, or Great Digesting Principle of the Gastric Juice—the *Solvent of the Food, the Purifying, Preserving, and Stimulating* Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an *Artificial Digestive Fluid*, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a *complete* and *perfect substitute* for it. By the aid of this preparation, the pains and evils of *Indigestion* and *Dyspepsia* are removed just as they would be by a healthy Stomach. It is doing wonders for Dyspeptics, curing cases of *Debility, Emaciation, Nervous Decline*, and *Dyspeptic Consumption*, supposed to be on the verge of the grave. The Scientific Evidence upon which it is based, is in the highest degree *curious* and *remarkable.*

SCIENTIFIC EVIDENCE!

BARON LIEBIG in his celebrated work on Animal analagous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be *softened, changed, and digested, just in the same manner as they would be in the human stomach.*"

Dr. COMBE, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all-prevailing cause of Dyspepsia;" and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding everything else to fail, had recourse to the Gastric Juice, obtained from the stomachs of living animals, which *proved completely successful.*"

Dr. GRAHAM, author of the famous works on 'Vegetable Diet,' says: 'It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of *artificial digestion* of them *in no wise different from the natural digestive process.*'

☞ Call on the Agent, and get a Descriptive Circular, gratis, giving a large amount of *scientific evidence*, similar to the above, together with Reports of *remarkable cures*, from all parts of the United States

AS A DYSPEPSIA CURER,

Dr. HOUGHTON'S PEPSIN has produced the most *marvellous effects*, incuring cases of *Debility, Emaciation Nervous Decline*, and *Dyspeptic Consumption.* It is impossible to give the details of cases in the imits of this advertisement: but authenticated certificates have been given of more than *two hundred remarkable cures*, in Philadelphia, New York and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful, but permanent.

It is a great *Nervous Antidote*, and particularly useful for tendency to Bilious disorder, Liver Complaint, Fever and Ague, or badly trented Fever & Ague, and the evil effects of Quinine, Mercury, and other drugs upon the Digestive Organs, after a long sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost reconciles *Health* with *Intemperance.*

Dr. HOUGHTON'S PEPSIN, is sold by nearly all the dealers in fine drugs and Popular Medicines, throughout the United States. It is prepared in Powder and in Fluid form—and in Prescription vials for the use of Physicians.

Private Circulars for the use of Physicians, may be obtained of Dr. Houghton or his Agents, describing the whole process of preparation, and giving the authorities upon which the claims of this new remedy are based. As it is *not a secret remedy*, no objection can be raised against its use by Physician in respectable standing and regular practice. Price *ONE DOLLAR* per bottle.
