THE CROPS OF 1898.

Each year teaches the practical farmer something in regard to what is best for him to do in the year to come, as to the kind and quantity of crops he can raise to his advantage and profit.

The farmers of this section will most likely in 1898 raise the same crops they did in 1897, but undoubtedly the acreage of these crops will be materially changed.

The truck crop will of course be the first crop of interest and importance, and the conditions affecting it, weather and price, cannot in any manner be estimated at present, while the truckers at present are doing everything to insure a good crop.

In the regular home food crops, the farmers are going to provide for their own wants on a more liberal scale than ever, and in securing his own food supplies, the Eastern North Carolina farmer is going to more careful than ever before, in this year of 1898.

However the low price of cotton has affected the cotton grower in this section, there will be some cotton planted and raised, but no doubt this acreage will be less than last year.

The principal crop, one which is going to excite greater interest than any other in this section during 1898, is the tobacco crop.

The comparatively newness of this crop to this section, combined with its successful cultivation last year and the aid given to its cultivation by the New Berne Tobacco Warehouse Company, is going to make tobacco raising one of special importance this year.

That it is a money crop, one of more certainty than cotton, was proven last year, so that the farmers are going to rely upon it more and more as their money crop.

In this connection the farmers cannot but feel that New Berne has proven most truly their friend, as it has shown them the way to tobacco culture, provided free seed for them, and will give them a convenient and first class market where their crop can be sold at prices equalling those of the best tobacco markets of the country.

That the crops of 1898 are going to be important factors in New Berne's prosperity cannot be questioned, and that the merchants of New Berne are extending their assistance to the farmers in the cultivation of tobacco, shows that the best of feeling prevails between town and country, and thereby all interests will be benefitted by this co-operation.

In the crop outlook for 1898, both the farmers of this section and New Berne have most favorable prospects of this being a good year for both city and country.

BELLAIR LETTER.

January, 19th.

The beautiful weather since the freeze has enabled the farmers to start off nicely with their work preparing for truck, etc.

Misses Henry Metts and Alberta Snelling are visiting at Bellair.

The Beech Grove Sunday School was more fully attended last Sunday than for a long time before, 95 per cent of its members were present. Missionary society starts off well, some accessions and none withdrawn except some removals. We hope to make constant progress in Sunday School and Missionary work.

Claud Lane has at length returned from his visit to Swan Quarter.

Don't Change New York Address.

WASHINGTON, Jan. 9.—The Postoffice Department has found it necessary to issue a notice that the recent consolidation of the cities and towns, comprising Greater New York, did not change the postal arrangements affecting the several localities. This notice was found necessary because of the many mistakes made by persons addressing mail matter to friends in various parts of the metropolis and designating the city location simply as "Greater New York." There are said to be over 320 streets and avenues in Brooklyn similar in name to those in New York city proper, so that mail containing the names of any of them as the street address for delivery would not be definitely enough indicated to insure its delivery unless the city as formerly known were indicated.

Blood Poison Cured.

There is no doubt, according to the many remarkable cures performed by Botanic Blood Balm (B. B. B.") that it is far the best Tonic and Blood Purifier ever manufactured. All others pale into insignificance, when compared with it. It cures pimples, ulcers, skin diseases, and all manner of blood and skin ailments. Buy the best, and don't throw your money away on substitutes. Try the long tested and old reliable B. B. B. $1.00 per large bottle. For sale by Druggists.

A BAD CASE CURED.

Three years ago I contracted a blood poison. I applied to a physician at once, and his treatment came near killing me. I employed an old physician and then went to Kentucky. I then went to Hot Springs and remained two months. Nothing seemed to cure me permanently, although temporary relief was given me. I returned home a ruined man physically, with but little prospect of ever getting well. I was persuaded to try Botanic Blood Balm (B. B. B.,) and to my utter astonishment it quickly healed my ulcer. Z. T. HALLERTON, Macon, Ga.

A Natural Query.

"I am getting up a little article about men of wealth," explained the reporter, as he entered the great merchant's office, "as a sort of lesson for the young men of today. Would you mind telling me how you got your first real start in life?"

"Not at all, not at all," replied the old man pleasantly. "Do you want the truth, or the regulation biographical romance that is ordinarily used? It's immaterial to me."—Chicago Post.

The Meanest Man.

"About the meanest man I ever knew," said the steady liar, "was a fellow over in Indiana. His little boy got a leg cut off in a sawmill, and the old villain had a wooden leg made for the kid of green willow, in the hope that it might grow as the boy did and save him the expense of getting a new one so often."—Cincinnati Enquirer.

Sweden and Norway find the United States a good customer of cod liver oil and matches, those articles being the principal items of export to this country.

Gypsies are supposed to have come originally from India, and not from Egypt, as their name implies.

The Discovery of the Day.

Aug. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F. Campbell, merchant of Safford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails, and is a sure cure for Consumption, Coughs and Colds. I cannot say enough for its merits." Dr. King's New Discovery for Consumption, Coughs and Colds is not an experiment. It has been tried for a quarter of a century, and today stands at the head. It never disappoints. Free trial bottles at F. S. Duffy's Drug Store.

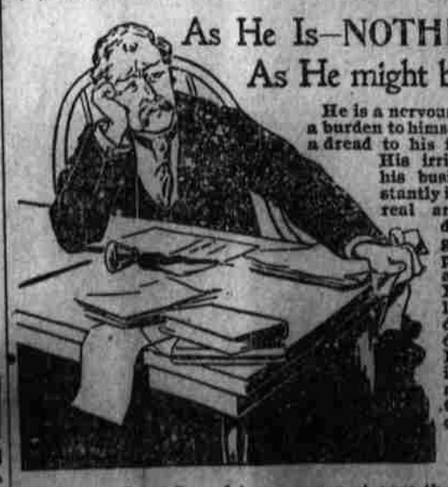
What is this Man Good For?

As He Is—NOTHING!
As He might be—MUCH!



He is a nervous wreck. His life is a burden to himself, and his presence a dread to his family and friends. His irritability is ruining his business, and his constantly increasing miseries, real and imaginary, are driving him into the grave. This unhappy man is only one of a million in America. If there were no relief for their condition they might indeed pray for death. But Nervousness and its morbid horrors are vanishing before the marvelous work of advanced science.

P. P. P.

(Lippman's Great Remedy) overcomes at once the acute symptoms of every form of Nervous Derangement, and soon makes the patient robust and ambitious. P. P. P. is the best combination of green roots and barks that was ever put together for the cure of Weakness, General Debility and Nervousness. It is a good tonic and the best Blood Purifier in the world. P. P. P. is Nature's specific for Rheumatism, Dyspepsia, Catarrh, Malaria and all forms of Blood Poison and Scrofula, whether in adults or children.

P. P. P. is sold by all druggists—$1 a bottle; six bottles, $5.
